## GERMANS TO FRANCE VIA SPA TO ATTEND THE PEACE CONGRESS

**At Versailles Teuton Delegates Will Be Treated Courteously But Will Be Regarded as Enemies As Long As Peace Treaty Remains Unsigned**

Paris, April 19.—The German delegates to the Peace Congress are coming to France by way of Spa, Belgium, to which point they will travel by their own conveyances, says The Petit Journal to-day. At Spa, however, a special train provided by the French authorities will await them and their journey thence will be made under military guard. At Versailles a military delegation will receive them and conduct them to their lodgings.

The German representatives, the newspaper states, will be treated courteously but will be regarded as enemies as long as the treaty remains unsigned. They will not be allowed to go about as they please, and will not be allowed to give newspaper interviews, on pain of being charged with communicating with the enemy.

### EXEMPTION CASES IN QUEBEC CITY

Quebec, April 19.—Counsel for the defence in the case of Goulet, Pion and Guay, who were found guilty of defrauding a number of persons in connection with military service exemptions, have presented a motion to arrest judgment. They claim that the jury had not been called at each session and that some persons had communicated with the jury. It is stated that the accused will offer further facts when they come up for sentence on Tuesday which may implicate other persons.

### FIVE KILLED IN RIOT IN VIENNA

Sixty Injured When Mob Tried to Storm Parliament Buildings

Copenhagen, April 19.—Five policemen were killed and forty wounded and twenty demonstrators and bystanders were injured during a disturbance in Vienna on Thursday, when a crowd of Bolshevik sympathizers attempted to storm the Austrian Parliament Building, according to Vienna advices received here.

### Agitators at Work

Vienna, April 18.—Via London, April 19.—The crowd which attempted to storm the Parliament Buildings here yesterday was made up of unemployed men urged on by Bolshevik agitators. A large number of the windows in the buildings were broken, as was the case when a similar attempt was made during the first few days after the formation of the republic last November. The demonstrators eventually were dispersed by troops and police.

### Hungarians Aided

Berlin, April 19.—Via Copenhagen.—The atmosphere in Vienna is still extremely electrical, say dispatches to the Berlin newspapers. The Vossische Zeitung's Vienna correspondent says the danger of trouble has by no means passed, as the National Guard, except for a few battalions, appears to be unreliable, while the demonstration Thursday against the Parliament Buildings gave clear evidence of co-operation by the Hungarian Communists. On Thursday night the marine section of the War Ministry was broken into and plundered.

### DAYLIGHT SAVING QUASHED IN LONDON

London, Ont., April 19.—Mr. Justice Logie has quashed the by-law which put daylight saving into effect in London.

### RAILWAY SMASH IN FRANCE THIS WEEK KILLED THIRTY-THREE

Paris, April 19.—The death list in the railroad wreck at Crise on Thursday has mounted to thirty-three, including sixteen Americans. Forty-five persons were injured in the smash of the trains, which was caused when an American train dashed into a French troop train.

### GERMAN-AUSTRIANS HAVE COUNT CZERNIN IN CUSTODY NOW

Berlin, April 19.—Via Copenhagen—Count Ottokar Czernin, former Austro-Hungarian Foreign Minister, was arrested Wednesday by the German-Austrian authorities when he attempted to cross the Swiss frontier. The arrest was made at Feldkirch, a few miles east of the frontier at Buons.

## MEN OF THE SEVENTH AND FOUR OTHER BATTALIONS RETURN TO THE DOMINION

Halifax, April 19.—The steamship Carmania landed five battalions of returning soldiers here last evening, the men belonging to the Fifth, Seventh, Tenth, Thirteenth and Fourteenth Battalions, which comprise part of the First Contingent, which sailed from Quebec in 1914.

A notable scene on the pier was the saluting of the colors, which takes place only when a unit returns intact. First a guard of thirty men came from the 13th Battalion and formed up. Then the colors were brought ashore, and saluted, the battalion band playing the National Anthem.

The first train to leave had the 13th Battalion and the second a part of the 14th. Another left later in the evening.

### Officers

The following officers were among those who landed: Lieut.-Colonel L. P. Tudor, address not stated; Major L. L. Crawford, address not stated; Major G. S. McGleashan, Vancouver; Captain A. A. Hatcher, address not stated; Captain R. G. Foulkes, address not stated; Lieut. Bebbington, address not stated; Captain R. L. Ingerford, Salmon Arm; Lieut. W. A. Squire, Vancouver; Major A. Madden, Vancouver; Lieut.-Colonel W. F. Gilson, address not stated; Major A. C. Nation, Victoria; Major D. Philpott, New Westminster; Captain A. N. Dakin, Vancouver; Captain J. V. Matthews, Victoria; Lieut. T. W. Corran, Victoria; Lieut. J. H. Blackman, Vancouver; Lieut. G. A. Jackson, address not stated; Lieut. A. L. Lewis, New Westminster; Lieut. K. J. Salmon, Sidney, B. C.; Lieut. C. J. Sears, Victoria; Lieut. C. Stronach, Victoria; Lieut. D. Capel, Chillingham; Lieut. G. P. Tinker, Prince Rupert; Lieut. D. Wilson, Los Angeles; Lieut. N. L. Yearwood, address not stated; Lieut. W. C. F. Robins, Vancouver; Captain A. H. Loughton, Kamloops; Lieut. E. E. Guille, Nelson; Captain T. A. McFar, Vancouver; Lieut. J. W. Bell, address not stated; Captain G. R. Barton, address not stated; Captain I. G. D. Knight, Vancouver; Captain E. R. G. Meredith, Vancouver.

### Col. Tudor

Lieut.-Colonel Tudor was the only original officer of the Fifth Battalion who returned on the Carmania. When the battalion left Canada he was a lieutenant and was promoted to the head of his unit last June. He received the D. S. O. after Vimy and a Bar in September of last year.

Major I. L. Crawford, D.S.O., the second in command, was twice wounded and received his decoration in January, 1918, and a Bar in August.

Sergeant R. L. Zengel, V.C., M.M., was among the Fifth Battalion men who returned. He was awarded his Cross for an attack on August on a machine gun emplacement.

### Col. Worrall

From the rank of private to that of commanding officer of his battalion is the record of Lieut.-Colonel D. Worrall, D.S.O., M.C., of the 14th Battalion. When the battalion went overseas he was a private but soon received promotion to a commission. Gradually he rose until he commanded his unit. Colonel Worrall received the D.S.O. at Amiens and a Bar in September last.

### RETURNS ON LIQUOR VOTE IN QUEBEC

Quebec, April 19.—Official returns on the beer and wine referendum held last week have been received by L. P. Geoffroy, Clerk of the Crown in Chancery, for fourteen electoral divisions, which give 31,985 yes votes and 10,266 no votes. Reports will be received until April 25.

### ABATTOIR BURNED AT LACOMBE, ALTA.

Calgary, April 19.—Andrew Gilmore's large abattoir at Lacombe was burned to the ground last evening. The loss is estimated at \$30,000, with some insurance. All the livestock was saved.

### LIST OF SAILINGS AND SOLDIER PARTIES ARRIVING

Revised to Noon, April 19.

The troop train 1386 from the steamship Carmania left Truro at 3.50 a.m. April 19, with twenty-three officers and four hundred and twenty-one other ranks. The steamship Belgic is due at Halifax April 25, with one officer and twelve other ranks for Military District No. 11.

### Another Credit of \$100,000,000 in States For Great Britain

Washington, April 19.—The United States Treasury announces the establishment of new credits as follows: Great Britain, \$100,000,000; Roumania, \$5,000,000, and Serbia, \$265,000. This raises the total credits advanced by the United States to \$9,138,829,000, of which \$4,236,000,000 has gone to Great Britain.

### BRITISH, FRENCH AND AMERICAN ALLIANCE IS BEING DISCUSSED

Paris, April 19.—The question of an alliance between Great Britain, France and the United States is still being discussed by the newspapers here. The Excelsior to-day says that the latest suggestion is for a special covenant restricted to defensive measures. This agreement could not be intended to insure the payment of financial reparation.

### A State of Siege Is Proclaimed in Offenbach, Hesse

Copenhagen, April 19.—Four persons were killed and twenty-four injured in Offenbach, in Hesse, near Frankfurt, Friday, when Government troops attempted to stop a Communist procession. Great excitement prevailed, according to advices received, and a state of siege has been proclaimed.

Offenbach is the chief manufacturing town of the former Grand Duchy of Hesse. Its population is more than 50,000.

### Big SS. Leviathan Is Bringing 10,000 Troops to States

Brest, April 19.—The United States transport Leviathan sailed yesterday with 10,000 American troops on board. William G. Sharpe, former United States Ambassador to France, is a passenger.

### SMALL COMMITTEE NOW IN MUNICH

Central Council Dissolved and Five Men Are Directing Affairs

London, April 19.—The Central Council of Munich has been dissolved and the power at present is in the hands of a committee of five men elected by the Soldiers' Council of the Bavarian capital, an Exchange Telegraph dispatch from Copenhagen says. Food ration cards have been taken away from the bourgeoisie and the gas and electric supplies to bourgeois homes will be cut off.

The Committee of Five has decided that the strike of the workmen shall continue until the Communist Government is established. The Government has decided to take over all drug stores and to transform hotels into dwellings for the proletariat.

### FRENCH ELECTORAL REFORM MEASURE

Paris, April 19.—The electoral reform bill, providing for election of members of the Chamber of Deputies by Departments, instead of by Arrondissements, passed the Chamber yesterday after an all-day debate, 287 to 138.

## PEACE MUST BE ONE OF VICTORY AND THE RHINE RIVER MUST BE BARRIER, DECLARES MARSHAL FOCH

### PROTEST AGAINST CHOICE OF GALE

Vancouver Veterans Up in Arms About Public Utilities Commissioner

### THINK GOVERNMENT SHOULD RESIGN

Vancouver, April 19.—Charges that the Provincial Government had "again broken faith" with the returned soldiers in having appointed Mayor R. H. Gale to the position of Public Utilities Commissioner of the Province were made at a mass meeting yesterday afternoon, called by the Vancouver branch of the Great War Veterans' Association to protest against the appointment. A resolution calling upon the Government to rescind the appointment and to resign from office and again go to the people was passed. It also was decided to send a delegation 100 or more strong to Victoria on Tuesday morning's boat to protest to the Cabinet against the appointment. The temper of the meeting was quite normal. The returned soldier members of the crowd joined quite heartily during an interval in singing "Pack up your troubles in your old kitbag and smile, smile, smile." At the conclusion of the conference the crowd sang "God Save the King."

M. M. Marsden, of the Army and Navy Veterans, declared there was "a limit to the endurance of the returned soldiers and of the citizens who back them up."

### Principle of Preference

T. A. Barnard, president of the New Westminster branch of the Great War Veterans' Association, who proposed the resolution calling upon the Government to resign, expressed himself as being willing to "fight to the bitter end" for the principle of preference to the returned soldier. He referred to the provincial authorities as the "Huns at Victoria." Then he made a personal attack on the Mayor, declaring that he was a "blackguard," a "plunderer," and a "five-cent piece" Mayor. "He isn't worthy of the job," he continued. "He isn't big enough for either job. He is the selection of the Manufacturers' Association and the 'Big Interests,' and those bodies were no friends of the workingman." The speaker advocated that the returned soldiers co-operate with labor, declaring it was to their mutual interest to work against the "master class." He remarked incidentally that he might be referred to as a Bolshevik for his views, but he had no objection to that.

(Concluded on page 4.)

## AEROPLANE FOR ATLANTIC FLIGHT FELL IN IRISH SEA

Limerick, April 19.—Major J. C. P. Wood, the British aviator who left Eastchurch, Eng., yesterday afternoon in his aeroplane for this city, fell into the Irish Sea last night. Major Wood and Captain C. E. Wylie, his navigator, were not injured.

The accident occurred near Holyhead, to which place Navigator Wylie went for assistance.

London, April 19.—Major Wood's aeroplane, which fell into the Irish Sea last night, has been towed into Holyhead, according to The Daily Mail. The machine was not damaged and Major Wood and his navigator are safe.

### Not Damaged

Major Wood's machine was towed into port by the destroyer Paisley.

London, April 19.—A telegram received here from Navigator Wylie of Major Wood's machine, says that the machine was not damaged when it fell into the Irish Sea.

A dispatch to The Evening News from Holyhead says that when Major Wood was off the Island of Anglesey last evening, he discovered that something for which he could not account had happened to his machine. He finally decided to come down and dropped into the sea clear of rocks. Immediately on striking the surface of the water the aeroplane began to sink nose downward. Destroyers came to the rescue and saved the aviator.

The machine has been securely anchored, the dispatch adds, and will be brought to a place of safety during the day.

### Monday Perhaps

Limerick, April 19.—Major Wood's aeroplane will be repaired at Holyhead if it is not badly damaged, it was stated this morning by W. G. Kemp, manager of the aeroplane company which constructed it. He had not yet been notified of the extent of the damage, but if it were possible the machine would be brought to Limerick at once so that Wood might start on his trans-Atlantic flight as early as Monday.

### Landed Safely

London, April 19.—It was reported in London this morning that Lancaster Parker, an aviator who flew from Eastchurch yesterday soon after Major Wood left and who had not been heard from overnight, had landed safely.

### At Newfoundland

St. John's, Nfld., April 19, 8 a.m.—The weather is improving, but it is still cloudy and wet. It is doubtful if any flights will be attempted to-day.

### Allied Commander-in-Chief Says Victorious Powers Should Not Be Misled by Appearances of Moment But Should Set Up Safeguards

London, April 19.—The correspondent of The Daily Mail in Paris sends an interview he had with Marshal Foch, in which the Marshal is quoted as declaring that "our peace must be a peace of victory, and not of a vanquished side."

"We must stay on the Rhine," Marshal Foch said. "Pray impress that on your countrymen. It is our only safety and their only safety. We must double-lock the door."

"Remember those 70,000,000 Germans will always be a menace to us. They are an envious and warlike people. Their characteristics are not changed. Fifty years hence they will be what they are to-day. Do not trust the appearances of the moment."

Marshal Foch then discussed with the correspondent the possibilities of another war. Asserting that what had saved the Allies at the beginning of this war was Russia, he asked on whose side Russia would be in the next war—"with us or with the Germans?"

The Marshal then argued that only on the Rhine would it be possible to halt the Germans in the event of another attack. He talked long and earnestly about the Rhine and said that some people would object that it would take too many troops to hold the river.

"But it will not take so many as it would to hold a political frontier, for the Rhine may be crossed only at certain points, whereas a new political frontier of France could be broken anywhere," he said.

### Must Safeguard Future

"The next time, remember, the Germans would make no mistake," continued Marshal Foch. "The would break through into Northern France and seize the Channel ports as a base of operations against Britain. They failed the last time because they did not believe Britain would come in, and (Concluded on page 4.)

### SAYS NORTHCLEIFFE IS INDIFFERENT

London Mail States He Wants No Reconciliation With Lloyd George

Toronto, April 19.—A special dispatch to The Toronto Mail and Empire from London says: "Editorial comment in The Daily Mail on Mr. Lloyd George's attack on Northcliffe and The Times in the House of Commons includes a passage in which it is 'surmised' that Lord Northcliffe will be as indifferent to Mr. Lloyd George's attack as to the more friendly visit of emissaries to Northcliffe at Fonthelm from Mr. Lloyd George making overtures between them which would be fruitless. Lord Northcliffe's brother, Lord Rothmere, came to Paris from Nice this week to intercede at the last moment on behalf of the Prime Minister, but apparently met with no success."

"The progress of this fight will be watched with interest. Without Lord Northcliffe's assistance, Mr. Lloyd George could never have become Prime Minister. It now remains to be seen whether Lord Northcliffe can unmake him."

### WELLAND CANAL OPEN.

Port Dalhousie, Ont., April 19.—The Welland Canal opened for the season to-day with the following steamers bound: Key West, Key Bell, and Key Port.

### EGYPTIAN GROUP TRAVELS TO PARIS

Marseilles, April 19.—A delegation of Egyptian Nationalists headed by Saïd Pasha Maglou, vice-president of the Egyptian Legislative Assembly; Ismail Sadek Pasha, a former Minister, and Ahmed Teli Bassil Pasha, a Deputy, of whom were interned at Malta by the British, arrived here yesterday. It is understood they will go to Paris to present their claims to the Peace Conference.

### Irish Delegates

Paris, April 19.—The three delegates sent by the Irish societies in the United States to place Ireland's case before the Peace Conference—former Governor or Edward F. Dunne, of Illinois; Frank P. Walsh and Michael J. Ryan, of Philadelphia—called upon Colonel E. M. House, of the American peace delegation, this morning. The papers relating to their requests on the Irish question, the submission of which had been set for to-day, were handed to Colonel House by his callers.

### WARNING FROM BALFOUR TO THE HUNGARIANS

London, April 18.—(Reuter's).—The press bureau announces that during the visit of General Smuts to Budapest he obtained from Bela Kun, the Soviet Foreign Minister, assurances regarding the protection of foreign interests in Hungary. Nevertheless the Hungarian Government will still be endeavoring to confiscate foreign property.

Rt. Hon. A. J. Balfour has addressed a note to Bela Kun, warning the Soviet Government it will be held responsible for the fulfillment of the undertaking.

### BELGIC BRINGING TROOPS TO HALIFAX

Ottawa, April 19.—The Militia Department has been advised that the transport Belgic, with 2,230 Canadian soldiers on board, will arrive at Halifax on or about April 25. She carries 33 officers and 3,237 men. The classification of those on board for the West by military dispersal districts is as follows: Regina, 22 N.C.O.'s and men; Saskatoon, 22 N.C.O.'s and men; Medicine Hat, 9 N.C.O.'s and men; Calgary, 41 N.C.O.'s and men; Edmonton, 1 officer and other ranks; Vancouver, 40 N.C.O.'s and men; Revelstoke, 1 Victoria, 1 officer and 12 other ranks.

## TO NORTH POLE BY SUBMARINE

Stefansson Says Idea Practicable, Also Dirigible and Aeroplane

San Francisco, Cal., April 18.—In the way of modern methods of transportation as a means of reaching the North Pole, the submarine comes first in the estimation of Vilhjalmur Stefansson, the Arctic explorer. Next comes the dirigible balloon, and finally the aeroplane.

"The submarine appears to me to be a perfectly practicable way of reaching the Pole as well as a comfortable way for one could carry all the necessary comfort," said Mr. Stefansson on his recent visit here while discussing Arctic exploration with friends. "I seldom have seen a stretch of ice extending more than thirty miles without coming to open water. Under the circumstances there never would be any difficulty in the matter of getting to the surface. Also the navigator would be assured of calm water when he came up in these ice-hemmed bits of water."

"The submarine already has been used for getting to ice-bound ports by passing under the ice. They may be provided with wheels so as to go along the channel bottom. A large submarine will only weigh about 500 pounds on the wheels when submerged in this manner. In constructing an under ice submarine the periscope and much of the above-deck construction would be done away with and in place of it would be a deck coming to a ridge similar to a roof, which would cut through thin ice when coming to the surface. Ocean ice is mushy and I have seen a whale come up through a thickness of six or seven inches of ice."

## CANADIANS HAD EASY TIME IN SIBERIA

Problems of Siberia and European Russia Vastly Different, Says Correspondent

Canadian Base Headquarters, Vladivostok, Siberia, March 24. (By mail from W. E. Playfair, Canadian Press Correspondent)—As the weeks pass, the Siberian problem becomes more and more a thing apart from the problem in European Russia. In European Russia, according to reports available here, the Bolshevik armies are growing demoralized, due to lack of supply and transport, worthless currency and the fact that such a thing as Bolshevik government cannot last forever. A Bolshevik breakdown is believed to be probable in the course of the summer. In Siberia, on the other hand, new complications arise steadily and political prophets are not needed to forebode new trouble before many days pass.

Wide Difference

There is a wide difference between the real Bolshevik and many who are called Bolsheviks nowadays. In Russia proper ideal Maximalism has been supplanted by blind savagery. In parts of Siberia any man who possesses—and admits—radical opinions is classed as a dangerous Bolshevik. On the answer to the question "What is a Bolshevik?" hinge many differences of opinion among the Allies. Four members of the local Zemstvo, who were spirited away from Vladivostok the other day by General Ikonov-Rinov, Kolchak's military chief in the Far East, were not Bolsheviks but plain radicals. It is also believed by many that the people who are causing trouble in the Amur region just now, with a force of 4,000 in the field, are not Bolsheviks, but peasants who are in revolt against the treatment accorded them by the Cossacks and others.

The Japanese, who have sustained heavy losses and are praised and unpraised by the monarchist press, while the British and Americans are reviled. The British, aiding the Kolchak government with money and arms and by training the new Russian army, are blamed by the monarchists because they will not go farther and place large forces in the field. On the other hand, they are execrated by the radicals for supporting a Government which is almost universally regarded as reactionary and tending towards monarchy. All of which shows that the Siberian situation is by no means an easy one with which to cope.

Mere Spectators

The Canadian force has so far occupied the position of mere spectators. While training has gone forward rigorously until the Canadian force is thoroughly seasoned and fit, the troops have little to do beyond the carrying out of manoeuvres among the hills that surround Gornostal barracks and performing guard duties at Egorsheld, where the ordnance and supply godowns, as well as munition magazines, are located. One company is required for guard duty, and reliefs are sent weekly. The dispatching and guarding of ammunition and supply trains for the Czech forces also falls within the province of the Canadians in many cases. So far as interference in Russian internal affairs is concerned, the Canadians have held themselves strictly aloof.

More Complicated

In the Russian Far East matters have of late become increasingly complicated through the activities of Ataman Semenov, leader of the Ussuri Cossacks and the leading Russian military power in this part of Siberia. Semenov, who is partly of Mongolian blood, is known to cherish monarchistic ambitions and is known also to have the support of one of the great Allied powers. While nominally supporting the Czech Government to the extent of sending a brigade to the Ural front, Semenov's recent visit to this city is believed to have had a deep political significance. He himself announced that "as only Ataman Semenov had any real forces in the Far East, it was necessary to discuss questions of an economic character and the measures to be taken for preserving legal order in the Far East."

At Vladivostok

At the present time regularized government has almost ceased to be in this city and district, practically everything being run by the military. Since the arrest of some of its leading members the Zemstvo has ceased to be, and raids on the Gornostal city have been quite common. The labor exchange has been closed. One typical incident, interesting as revealing the difficulties of the Allied situation here, was the arrest of the Zemstvo members. These men were arrested, taken to a train and spirited away to Nikolok. At the instance of the Americans the Allies took the matter up and a joint committee investigated the charges against the local legislators and found them quite unfounded. The men were not Bolsheviks, but were republicans and anti-Kolchak. Thereupon the Allied committee requested that they be brought back to Vladivostok and liberated. They were brought back and are now held as prisoners in the Russian officers' detention quarters.

Various other incidents that have led to and from among the democratic and peasant elements are also attributed to Cossack and monarchistic influences. The searching of the villages for sons of peasants who have not responded to the registration order is one of these, and it is charged that unnecessary cruelties have been practiced by the searchers.

While there is undoubtedly a Bolshevik element in Siberia, the leading problem at present is not Bolshevikism but the conflict between various types of reactionaries and the democratic element. There is a tendency plainly marked to stamp out all republican under the rule of Bolshevikism, and it is an unfortunate state of affairs that Britain, in her efforts to assist Russia by co-operating with the only de facto government, should seem to the democratic elements to ally herself with the monarchists, whose accessions are only less in degree to those of the Bolsheviks in European Russia. At this time the policy of the United States, which is to abstain from effort save in defense of the democrats, seems to be growing steadily in popularity.

## The Latest and Best in Garments for Women

Interpreting the Most Important Features of  
Fashion in Charming Original Ways

New assortments just arrived put a zest and keen interest into the selection of the early Summer wardrobe, which may be planned for to-day. Indeed, even if such plans have not yet been definitely formulated, this announcement should prove a spur to action, especially so when our moderate pricings are considered. In particular we refer to

### BACK AT WORK.

Winnipeg, April 19.—The sixty employees of the Canadian Express Company in Winnipeg returned to their respective duties simultaneously with the other 1,200 hands in the company's service from coast to coast yesterday. It was stated by the local officers of the union that the company had agreed to submit the claims of the men, which were for increases of approximately 20, 25 and 30 per cent. on the old rates, to Adjustment Board No. 1, which is now in session at Montreal.

Best of Trout Fishing. Boats and Canoes for hire. Rooms from \$1.00 and up. Meals a la carte. Hot and cold water in every room. Steam heated. We run a messenger service to all parts of the Lake. Local and long distance phone.

M. A. WYLDE, Manager.

### EBERT AND BANK STRIKERS OF BERLIN

Berlin, April 14—(Delayed).—Associated Press.—Reports of the conference at Weimar between President Ebert and representatives of the Berlin bank strikers say that Ebert declared the Government fully sympathized with the demands of the strikers and admitted their right to self-determination on all questions of working conditions. Differences could only arise, he said, regarding the path taken to achieve the demands. President Ebert asserted that the former lordly attitude of the capitalists must be buried.

"Conscience makes cowards of us all," observed the Sage. "Conscience is a funny name for a wife," commented the Fool.—Cincinnati Enquirer.

### AUSTRALIA AND PACIFIC ISLANDS

Misapprehension Regarding Attitude of People, Declare Newspapers

Sydney, Australia, April 19.—(Correspondence of the Associated Press).—Public opinion in Australia as expressed by some of the newspapers of Sydney and Melbourne is represented as opposing the idea that Australia wants to annex the former German islands of the South Pacific. They point out that there has been a misapprehension in Paris and elsewhere as to the attitude of Australians on this point. For example, The Melbourne Age says:

"An unhappy and untrue picture of Australia as being drawn by the Peace Conference. We are represented as demanding German territory as payment for our services in the war. A wrong impression may very well be due to misrepresentation of Australian opinion. Premier Hughes appears to have given the unfortunate impression that Australia wants to annex the Pacific Islands. The only datum he can have is the resolution passed by both Houses of Parliament in November last, declaring that the captured German colonies must be handed back to Germany, and that Australia should be consulted over their disposition. This is a very different thing from a claim for annexation. We want, in fact, to have as little responsibility for them as is consistent with our safety. It would be a calamity if they were given to Australia as a gift. Australia is not in a position to manage an empire in the Pacific. We have already far more territory than we can populate and develop."

The Sydney Daily Telegraph also disavows any desire by Australia to "start a little empire" of her own. "What would have suited us best would have been the assumption of control in the Pacific by Britain herself," says The Telegraph. "Or even America, if America had seen her way clear to stretch her idea of anti-imperial policy. Most Australians if they had been consulted would have preferred not to take them (the former German possessions near Australia) at all if security could be obtained in any other way."

The Melbourne Argus declares that, since the whole Australian people were united in the determination that the islands should not go back to Germany, Australia cannot shirk the duty of accepting a mandate from the League of Nations, but it adds that the "burden will be heavy, the responsibilities great, the cost severe and the return, except in security, problematical."

### SAFETY FIRST.

Ticket Agent—I can't give you a lower berth, sir; they are all taken. Mr. Fathead—That's all right, give me an upper. When the fellow who has the lower berth my size and weight will be glad to exchange.

### LYDD GEORGE AT WAR WITH PRESS

Northcliffe Papers Now Sharply Critical of Premier's Leadership

London, April 19.—Open warfare between David Lloyd George, the British Prime Minister and Lord Northcliffe, England's foremost publisher, to the political world is the most interesting result of the Premier's flying visit to London from the peace conference and his speech before parliament.

Lord Northcliffe and Baron Beaverbrook, who served as the official "Eye-witness" for the Canadian Government at the front in 1916 and later became Chancellor of the Duchy of Lancaster, and Minister of Information, always have been critics of the Premier's powers behind the scenes who brought about the retirement of Premier Asquith and the succession of Lloyd George to the head of the cabinet. Northcliffe gave Lloyd George general support throughout his management of the war, but when the general election followed the armistice they shifted somewhat to the attitude of friendly critics. Only during the latest development of a peace conference have they become sharply critical of Mr. Lloyd George's leadership.

The Premier in his speech in the House of Commons credited this fact to the "dissemination of vanity," and intimated that it was due to disappointment on Lord Northcliffe's part that he had not been appointed to the peace delegation. The Premier referred to the "dissemination of vanity," and intimated that it was due to disappointment on Lord Northcliffe's part that he had not been appointed to the peace delegation.

The Times replied with a slashing attack accusing Lloyd George of overlooking reports prepared by experts. "It is currently said by his colleagues in Paris," The Times declared, "that while he is able to read and write, when he is not sleeping."

After saying that the record of the Times during the war speaks for itself the newspaper apparently threatens a future attack, saying:

"Some points of his war record require to be more fully known." The Evening News, a Northcliffe publication, to-day prints a cartoon of the Premier hovering over Westminster in an aeroplane labelled "Hot Air" with bombs for the Northcliffe papers.

Mr. Lloyd George and Lord Northcliffe, probably are the two most influential, personal forces in British politics, and now that they are fiercely and publicly joined in battle, the effect upon Mr. Lloyd George's political fortunes and the test of the influence of the Northcliffe press which is expected to follow will mark the beginning of a new political chapter, the developments of which are being discussed with the liveliest interest. Each man is an eager fighter, and the battle between the little "Welsh giant" and the newspaper Napoleon is not likely to be a tame one.

### WOOL GROWERS OF COWICHAN AND NEW MARKETING SYSTEM

Duncan, April 19.—George Hay, District Representative of Kamloops and British Columbia director of the Canadian Co-operative Wool Growers, Ltd., whose headquarters are at Toronto, and Live Stock Commissioner MacDonald were in Duncan last week, and met several of the largest wool growers of the district. The object was to get as much wool as possible sold through the co-operative concern.

A big fight is going on. The situation briefly has been that in former years the manufacturers and wool dealers every spring got an embargo placed upon the export of wool. They then bought up all the Canadian wool at a lower price than would be paid in the United States, which should be to a large extent the logical market. Of the wool thus bought forty per cent supplies all their needs. In past falls the manufacturers and dealers have succeeded at Ottawa in having this embargo removed on the export. They then found a market in the United States for the sixty per cent surplus wool on their hands at a splendid profit.

The Canadian Wool Growers are making a kick to secure an open market, and the manufacturers and dealers are opposing the co-operative concern.

Last year for the first time on record the dealers paid the unusually high price of sixty-two and a quarter cents a pound in their endeavor to outbid the wool growers' corporation, and with the signing of the armistice wool went down and they sold at a loss. The Canadian Co-operative Growers handled 4,000,000 pounds last year very satisfactorily, and it is felt, from the farmers' point of view, that the growers must pull together and hold out in order to win out. The manufacturers and wool dealers are expected to offer a higher price for a year or two in order to take the foundation from under the Co-operative Growers, who might be tempted by a temporary gain to a permanent loss.

All present took shares in the co-operative company, and an endeavor will be made to have every wool grower on the island sell through the Canadian Co-operative Wool Growers.

Last year two carloads of wool were shipped from Duncan and sold to the manufacturers. The farmers were tempted by the high price, and this year, with a thorough understanding of the situation, it is certain that they will join in with the nation-wide co-operative concern, the only one of its kind in Canada.

### BRITISH OVERSEAS SETTLEMENT COMMITTEE

London, April 19.—To emphasize the distinction between the settlement of overseas men within the Empire and immigration to foreign countries, the Imperial Government has changed the name of the "Overseas Settlement Committee," established January last to the Overseas Settlement Committee, thus making the title distinctive of the Committee's principal work.

### HE CAN WORK HARD AS ANY MAN ON JOB, HE SAYS

Vancouver Man So Run-Down He Was About to Quit Work; Tanlac Restores Him

"I was so weak and run-down when I commenced taking Tanlac that I was just about ready to give up my work altogether," said James Connor, a well-known longshoreman who lives at 253 Union Street, Vancouver, while talking to a Tanlac representative the other day.

"Up to eight months," continued Mr. Connor, "I spent most of my time for the past two years in England working for the Canadian Government, and when I got back home I was in pretty bad shape so far as health goes. My stomach gave me a lot of trouble, and finally got in such bad condition that my food would sour soon after eating, and I would be perfectly miserable for two or three hours. My kidneys were also in bad condition, and sometimes the pain in the small of my back was so bad that I could hardly walk, and if I stooped over for anything I could hardly straighten myself up. I was badly constipated all the time, and would often have the worst headaches you ever heard of. Then, to make bad matters worse, I contracted rheumatism in my arms and legs, and I certainly had some real suffering from that time on. Finally my nerves went back on me, and I got to where I couldn't sleep very much. All my troubles just seemed to gradually grow worse all the time in spite of the fact that I was taking treatments and medicine constantly."

"It is simply wonderful the way this Tanlac has overcome all these troubles. I have only taken a few bottles so far, but I work hard every day now, and I can do as much real hard work as any man on the job. I never miss a meal, and have such a big appetite that I am actually hungry all the time. I can eat anything I want to, and my food digests perfectly, and in fact I am not bothered with any kind of stomach troubles at all. All those awful pains I used to have in my arms and legs from rheumatism have left me entirely, and my kidneys are in such good condition that I never have those terrible pains in the small of my back any more. I am completely relieved of constipation, too, and I don't know what it is to have one of those bad headaches now. I sleep like a rock every night, and my nerves seem to be in perfect condition, and the truth of the business is Tanlac has just built me up so well in every way that I feel fine all the time. I believe Tanlac is the best medicine in the world to-day, and I gladly recommend it to everybody."

Tanlac is sold in Victoria by D. E. Campbell, Druggist, corner Fort and Douglas Streets. (Advt.)

### ENORMOUS PROFITS MADE BY COLLIERIES

Financial Expert Testifies Before British Coal Mines Commission

London, April 18.—(Correspondence of The Associated Press).—Testimony concerning enormous profits made by various British collieries was given at the inquiry of the Coal Mines Commission by Albert Emil Davies, general manager of the Banking Corporation and a writer on finance and economics. He stated that £1,000 invested in 1902 in shares, then quoted a par, of a certain company would have earned dividends equal to about £3,800, and would now be saleable at £5,500.

In the case of another company he said "for the ten years ended in 1918 the dividends paid were equivalent to about 243 per cent of the increased capital, or over 300 per cent on the actual capital."

The witness said that in most cases the extent of profits in coal had been obscured by the capitalization of reserves or other readjustments of capital.

By these methods and by dividends, he testified, "the most successful companies are able to return to their shareholders every few years the whole

### Why Can't I Get to Sleep

Thousands of people all over the country ask this question, but still continue to toss night after night on a sleepless bed, and it is impossible for them to get a full night's refreshing sleep.

Some constitutional disturbance, worry or disease has so debilitated and irritated the nervous system that it cannot be quietened except by the pernicious use of opiates or narcotics. Or, again, you have heart palpitation and sensation of sinking, a feeling you are going to die, or perhaps you wake up in your sleep feeling as though you were about to choke or smother, and the only way you can get relief is to sit up in bed.

To all who suffer in this way, Milburn's Heart and Nerve Pills offer an inestimable boon. They bring back the much-needed night's rest by improving the tone of the nerves, strengthening the heart, enriching the blood and making the whole organization act in harmony—then you sleep as peacefully as a child.

Mrs. Jas. Latimer, 29 Leinster St., St. John, N.B., writes:—"At night I could not sleep. I had to sit up in bed, my heart beat so fast, and when I walked up stairs I would get all out of breath. A friend recommended Milburn's Heart and Nerve Pills and after using two boxes I can sleep all night and am not out of breath after waking."

Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

### Accessories of Dress

To Complete Your Easter Attire

The little accessories of dress are really the most important, and the part of her wardrobe which no carefully groomed woman can afford to neglect. Gloves, veils, handkerchiefs, hosiery, neckwear are all interestingly featured in our Spring displays and in varieties that represent every taste.

### Gloves of Quality

Dent's Tan Tailored Cape Kid Gloves, with one or two dome clasp; sizes 5½ to 7½, at, per pair....\$2.75

Glove Scrip makes an ideal Easter gift; redeemable in any department.

Trefousse Fine Quality French Kid Gloves, in shades of navy, grey, tan, black and white. At, per pair, \$2.75

Fine Quality French Suede Gloves, with 2-dome clasp; in shades of black, brown, mole, tan and white. At, per pair.....\$2.50

Kayser Silk Gloves, in all the wanted shades. At, per pair, 85¢, \$1.25, \$1.50

Washable White Dooskin Gloves, with black and white points, plique sewn. At, per pair.....\$2.25

Kayser Chamoisette Gloves, in shades of white, natural, mastic, grey and black. At, per pair.....\$1.25

Fine White Gloce Kid Gloves, plique sewn, with self and black points; all sizes. Very special at, per pair, \$1.75

### EASTER NECKWEAR

A most comprehensive display of new Neck Fixings, featuring the newest Vests, Collars, Ruchings and Collar and Cuff Sets; suitable for wear with the new Spring modes.

### SILK STOCKINGS FOR EASTER

Fibre Silk Boot Hose, with Hile top; black only; sizes 8½ to 10, at, pair....50¢

Fibre Silk Boot Hose, fine quality, black only, per pair.....75¢

Women's Silk Hose, in shades of champagne, brown, black and white. Special value at, per pair.....\$1.00

Extra Heavy Quality Silk Stockings, with fine Hile double garter top and mercerized top and mercerized Hile sole. An excellent wearing stocking, procurable in shades of black, white, grey, smoke, navy, cordovan, champagne and Russia calf. Splendid value at, per pair.....\$3.75

"Venus" Pure Silk Stockings, with strengthened mercerized Hile tops and reinforced Hile sole; fine quality. Shades of black, white, navy, Palm Beach, buff, Russia calf, dark grey, silver, bronze and nigger brown. Exceptional value at, per pair.....\$1.75

"Holeproof" Silk Stockings, in shades of black, white, tan, brown, navy, grey, gunmetal, field mouse, bronze and nigger brown; sizes 8½ to 10. At, per pair.....\$1.05

Fine Fibre Silk Hose, with mercerized Hile top; shades of black, white, grey, smoke, navy, cordovan, champagne, Russia calf and purple at, per pair, \$1.35

of the share capital originally subscribed by them."

Mr. Davis said that if the coal reserves of the country were pooled, the enormous profits made and partially concealed by the large companies would be available to meet part, at least, of any additional working costs that might be necessary, and that the

inventive to build up reserves for subsequent distribution, which obscured the enormous profits actually being made, would disappear.

Every man intends to have his own way after marriage, but sometimes his wife relieves him of a false impression.

### "You Will Have to be Careful, John, the Doctor Says Your Heart is Very Weak"

"I DON'T see how that is." "Well, he says that the great majority of people who had the 'flu' have suffered afterwards from weak heart action."

"I never had heart trouble."

"No, but the way the doctor explains it is that the nervous system is so weakened by the 'flu' that there is not enough nerve force left to drive the machinery of the body."

"That is about the way I feel, for I have no appetite, and do not feel able to stir."

"No, and you do not seem to digest the little food you do eat. So you cannot expect to gain strength. Why not try some of Dr. Chase's Nerve Food?"

"Oh, I do not see how that would help me."

"Now, John, I think that is exactly what you need. It always helped me when I got run down in health, and I hear so many saying the same thing that I think you

should give it a trial. You know yourself that you are not gaining any these days."

"How would that help my heart?"

"Because it enriches the blood and increases the nerve force. Anything that strengthens the nerves will naturally strengthen the action of the heart, for the heart, like the stomach and other organs, is dependent on the nervous system for operating power."

"Well, you talk as though you knew. I guess your training as a nurse is coming in useful."

"Will you try the Nerve Food, then?" "Yes, I will give it a good trial, for I want to get around, and not sit here like an invalid."

"I am so glad, for I feel sure it will soon get you feeling all right again."

You can obtain Dr. Chase's Nerve Food from all dealers, or Edmondson, Bates & Co., Ltd., Toronto, 6 boxes for \$2.75. On every box of the genuine you will find the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author.

### New Arrivals

In Home Furniture are coming to hand each day. We have just placed in stock a number of new designs in Dining Room Furniture at reasonable prices. Call and see our stock. We allow ten per cent. discount off regular prices for spot cash.

SCREEN DOORS, WINDOWS AND REFRIGERATORS

The season for these goods is here, and we have a good stock at low prices. Screen Doors complete with all hardware. \$2.80 Cash price.

WINDOW BLINDS Do You Need New Blinds Now?

Don't forget that they make the house very attractive from the outside and protect carpets from fading.

Phone 718 for Prices Come in and see the NEW FLAT RODS for Window Curtains. Something new and good.

## EASTER.

The annual festival observed by a great part of the world in commemoration of the resurrection of Christ punctuates this year the process of another great resurrection affecting the very soul of Christendom. Civilization with all that it connotes is slowly rising from the pit into which it was dragged by the mad ambition of the "perverted minds of Potsdam nearly five years ago. It has had its Gethsemane and Calvary and is laboring in the agony of a new birth. How and into what it will rise will be determined largely by what is happening in Paris, but even more by the attitude of humanity to the realities of life, and its understanding of its duties and responsibilities in the light of its past. If it takes to itself the eternal truths glorified by the Great Sacrifice it will make fully worth while its own heavy sacrifices. While the war developed much of the best that is in it, it also brought out many of its glaring defects. While it revealed supreme selfishness it disclosed also gross selfishness. While it quickened spirituality it also stimulated gross materialism. What the outcome will be will depend upon which side the margin will lie. Never has the world been so greatly in need of a beacon light which nothing can obscure, as it is to-day, and the festival of Easter this year has an application, perhaps, such as it never has had before.

## CANADIAN AVIATION.

On several occasions The Times has found fault with the Canadian authorities for not showing greater interest in the possibilities of aerial navigation and of the Canadian aviators whose achievements overseas have provided some of the most striking chapters of the war record. The indifference which permitted the Canadian Air Force to languish and finally disappear, which allows Canadian aviators to be attracted to other countries by the offers of their more enterprising Governments, is altogether deplorable. A recent issue of The Toronto Globe voices a similar criticism. Our contemporary says:

"Our Government has done nothing to reward or to encourage, or even to maintain as a body, the Canadian aviators who made an unequalled record during the war. The flight across the Atlantic which will start from Newfoundland in a few days might just as well start from Cape Breton, the site of early Canadian experiments in flying, and Canadian aviators might have taken the lead in this momentous feat if the Government were awake to its importance and the possibilities which will be opened up by it. But the Dominion authorities actually refuse the request of the Quebec Government to borrow, at its own expense, a number of airplanes now lying idle, and to use them for patrolling forests as a safeguard against fires."

If the Canadian Government had been half alive it would have put itself behind expert Canadian aviators in the trans-Atlantic flight competition.

## THE FEUD.

The feud which has broken out between Mr. Lloyd George and Lord Northcliffe ought not to surprise anybody, the British Premier least of all. That is the way alliances with this particular newspaper magnate always end, and unquestionably there was an alliance between the two, with Beaverbrook a sort of silent partner. The association, however, was bound to be short-lived in any case, and it was safe to predict that the adulation of the Premier by the Northcliffe publications a few months ago would soon be turned into vitriolic attack and abuse.

Mr. Lloyd George intimated in his speech that Northcliffe was embittered because he was not appointed to the Peace Conference. This may be the case in part, but only in part. The real fly in the Northcliffe ointment is the discovery that he cannot make the Government do his bidding, that Lloyd George does not take kindly to a dictatorship from the side lines.

This discovery is not new to his lordship. He has tried his hand on leading statesmen and others in high authority without number and failed. Asquith, Balfour, Carson, Cecil, just to mention a few, were found intractable and became the targets of a campaign of vilification by his newspapers. Kitchener would not let him run the war and was similarly plastered with mud—and there his lordship overplayed his hand. Sir William Robertson and even Sir Douglas Haig were subjected to attack, the motive of which was none the less apparent because it was more discreetly veiled.

Lord Northcliffe is a journalistic demagogue. On one of his visits to Canada a few years ago he expressed the opinion that if a man controlled enough newspapers in England he could easily make himself a dictator. He is utterly devoid of principle and capitalizes every sensation, every whim and caprice of public sentiment in his own interest. His papers opposed the Lloyd George budget of eight years ago at first, and within twenty-four hours changed in favor of it because he thought public sentiment supported it. He performed the same volte-face from tariff reform to free trade and back again. He found the public dissatisfied with the way the war was going during the earlier stages and at once made an attack upon the Government. If public sentiment had veered in the other direction the Northcliffe press would have changed its tune just as swiftly.

He claims the credit of forcing many reforms in war administration but in numerous cases, in fact in most cases, those reforms had been recommended by army chieftains and accepted before his newspapers heard of them. As soon as he learned the Government was going to do anything he thought would be popular his newspapers advo-

cated it as something brand new and when the official announcement of it followed his lordship modestly took the credit for it. This was particularly true of the appointment of Kitchener and the explosive shells matter.

The London Daily Mail, which was publicly burned in the streets of London on account of its splenetic attacks upon Kitchener, attacks prompted by the notorious lesson the late War Secretary taught the paper's owner when he tried to defy the military censorship, threatens to make certain unpleasant revelations concerning Mr. Lloyd George's connection with the war. If the paper knew anything to the Premier's discredit it should have disclosed its knowledge long ago, but as long as popular sentiment was behind the Premier Northcliffe would not dream of attacking him. His papers would not be against Mr. Lloyd George now but for the fact that the public has shown dissatisfaction over the reports of the deliberations of the Peace Conference.

The progress of the feud will be watched with intense interest. It may bring Mr. Lloyd George down in the end but it will put his lordship where he belongs. The British people have no use for would-be dictators.

## REACH OUT FOR BUSINESS.

It goes without saying that co-operative effort on the part of the lumbermen of the Province would avail the industry but little if it were not connected with competent business-getting machinery. By expanding the Trade Extension Department of the Provincial Forest Branch so that the people of the Prairie Provinces and Eastern Canada generally may know that British Columbia is out for business, the proper step has been taken.

Large contracts during the present abnormal period of demand have been snapped up by our energetic cousins to the South. Their success, moreover, is due to perfected organization which came into existence many months ago. American brokers went to Europe long before the armistice was signed and the result of their missionary work has been already reflected by large orders.

During the next two or three years there should develop a substantial European trade. It will very largely depend, of course, upon the supply of shipping and the price at which this Province can market its goods. Scandinavian competition at the moment is an important factor. The source of supply is near to the devastated areas where the bulk of the timber is required, and at the same time there is a slight advantage in price. All of this goes to show that the more permanent development of British Columbia's lumber trade must depend to a considerable extent upon the home market. For this reason it is gratifying to note that the Province intends to take the initiative. On the other hand it is to be hoped that the visit of Sir James Ball, Britain's Timber Controller, will aid European business.

In the appointment of Major Young and Major Brechin to positions as Lumber Market Commissioners the Province has secured the services of men who know their business. Their work in Canada should benefit our mills very considerably. That it was possible to select officials possessing the necessary technical knowledge and experience from British Columbia's returned men is eminently satisfactory.

## WELL-CONSIDERED PROGRAMME.

About the only time a Minister of Public Works may be expected to satisfy the electorate will be in a period when his annual appropriation exceeds the people's idea of necessary undertakings. It is not to be supposed that such a condition ever will exist; but the hypothesis stands, nevertheless.

In these days when mental juggling with millions is almost second nature, \$1,500,000 as an emergency vote for public works in British Columbia pales into insignificance. The financial limitations of the Province, however, need no emphasis here. But the fair way in which Hon. J. H. King has allocated this comparatively small sum throughout the Province calls for some comment.

The intention is to distribute the expenditure in such a way as to meet actual needs and at the same time help to deal with the unemployment problem. Noteworthy in the programme, printed on Thursday, is the attention to be given to the improvement of the trunk road system of the Province. It will be noted, too, that substantial provision has been made for the northern central section so that new agricultural activity will not be hampered by lack of proper roads.

Taken altogether, and having regard to the exceptional conditions facing the Province, this emergency fare should enable full value to be received for the statutory grant of \$1,500,000.

Why is the Canadian Government showing no interest in the development of aerial navigation in Canada? Is it because somebody is hatching a new monopoly or because the Government is waiting for public sentiment to "crystallize"?

Marshal Foch has stated in an interview that Russia saved the Allies in the early stages of the war. The reminder is timely. If it had not been for Russia's sacrifices in the fall of 1914 the Germans would have been in Paris according to schedule. Russia's casualties were about 7,000,000.

Major Wood's participation in the trans-Atlantic flight competition has not had a very auspicious preliminary. He ought to thank his lucky stars that he fell into the Irish Sea instead of the ocean.

## WHEN FREE TRADE IS TAMPERED WITH.

But the worst feature of this policy of trade restriction is the way in which the Government has manipulated the food monopoly. Mr. Walter Runciman has declared in a letter to The Times of February 12 that wheat could be landed from the Argentine at 60s per quarter, but the Government price is 94s. Maize is sold at 70s per quarter; if trade were free the price would be not more than 40s. The price of tea is 4d per lb. higher than it would be were there no artificial scarcity. The list might be indefinitely extended. In these ways the Government is imposing indirect taxation, over which there can be no check. The masses of the people are "bearing the burden" of the most vicious and irresponsible methods any bureaucracy ever invented.

## PROTEST AGAINST CHOICE OF GALE

(Continued from page 1.)

Comrade Barnes said the "bunch" at Victoria were "rotten from the bottom to the top." If the delegates were to go to Victoria should fall to get satisfaction, their tickets would be good for thirty days, and the delegates could "camp on the doorstep" and take charge of the Parliament Buildings.

Will Be Here.  
Before the meeting concluded Captain C. W. Whittaker, who acted as chairman, was asked if the Cabinet would be in Victoria when the delegates went. He assured the meeting that the Cabinet would be there.

For the purpose of securing an appointment with Premier Oliver and other members of the Provincial Cabinet, Captain Whittaker wired yesterday to Victoria stating that a delegation of returned soldiers which would go from here on Tuesday would want to meet the Ministers.

Captain Whittaker said that in coming back to the community the returned soldiers found that they were compelled to fight again for their very existence. The Government had once again failed. "It has again failed to carry out its pre-election promises. The Government is playing with the feelings of the returned soldiers," the speaker said.

Constitutional Means.  
The returned soldiers had always taken constitutional means to do things in the past, but had put up with the present condition of things long enough. In regard to many actions of the Government with which they disagreed the soldiers had suspended judgment in the past, and this action had been taken by the Government to mean weakness on the part of the soldiers. Three times the Government had put this over on the returned men. First in the case of the Civil Service Commission, again in the appointment of the manager of the Pacific Great Eastern, and this time in the appointment of the Public Utilities Commissioner.

"We are not protesting against the man in this case," declared Captain Whittaker, "but we are against the principle of the thing. We are not against a civilian because he is a civilian, but it is because the returned soldier is bigger. It is the principle that is the whole situation."

The Executive would not have dared to bring in the appointment while the Legislature was in session, said Captain Whittaker. The Cabinet had made the appointment and then got away for the Easter holidays. "But whether it was two weeks or twenty weeks when the Ministers came back the soldiers would be there. In conclusion, he said they were fighting for the principle that returned men should be given the preference."

Urges Resignation.  
Stating that the resolution he was about to offer could be summed up in one word, "resign," T. A. Barnard, of New Westminster, informed the gathering that he was in the fight to the finish.

If they would demand that the Government appeal to the country and would employ force to effect this demand, if necessary, Mr. Barnard said that he was with them. "We should not have thought so much of the appointment of a civilian if the Government had not made any promises," said the speaker.

He had been informed that there were returned men out of work in Vancouver and this was typical of the situation all over the country. The appointment of the Public Utilities Commissioner was a blot, a blot, a blot, arranged otherwise the members of the Executive responsible for the appointment would not have immediately "skipped out" afterwards.

It had taken the soldiers four years to bring Germany to time, but Mr. Barnard did not think that it would take the returned men that long to bring John Oliver and Company to time. He read a copy of the resolution passed in the Legislature on March 11, which was moved by the Premier and seconded by Hon. J. H. King, to the effect that the returned men would be given the preference. This resolution had been violated, he said.

## PEACE MUST BE ONE OF VICTORY AND THE RHINE RIVER MUST BE BARRIER, DECLARES MARSHAL FOCH

(Continued from page 1.)

when they found she was coming in it was too late to change their plans. "You think the Germans will have no arms for another attack? How do you know?" asked the Marshal. By the time you found out they had done it, it would be too late."

Adriatic Question  
Paris, April 19.—After a conference lasting more than four hours, which was attended by the Premier, Orlando and Foreign Minister Sonnino of Italy, the Council of Four to-day failed to reach an agreement on the Adriatic question. The Council adjourned to meet to-morrow morning for a continuation of the discussion.

Representatives  
Berlin, via Copenhagen, April 19.—Edmond Koerner has been appointed to represent Czechoslovakia in Berlin, according to a Prague dispatch. The Tagblatt Professor Saenger has assumed the post of Germany's representative at Prague.

## VETERANS WATCHING GERMANS IN REGINA

Regina, April 19.—Four officers, tenants of houses here which have been sold to a German, have been given notice of eviction as the property was sold, and as they have not been able to obtain other quarters are loath to leave. The members of the Great War Veterans' Association at a meeting decided that they would see the officers were given necessary time in excess of legal notice to find accommodation and would resist eviction by force if necessary.

A special secret committee has been appointed to watch the work of lawyers and real estate dealers who aid in the transfer of property to Germans and a blacklist will be made of the names of such persons.

FRENCH FINANCES.  
Paris, April 19.—The revised civil budget appropriations for 1919 were presented to the Ways and Means Committee of the Chamber of Deputies yesterday by Minister of Finance Klotz they show an increase of 1,375,827,425 francs over the original estimates, bringing the total amount to over 10,395,361,755 francs.

## AEROPLANE FOR ATLANTIC FLIGHT FELL IN IRISH SEA

(Continued from page 1.)

Washed Ashore.  
Holyhead, April 19.—The commander of the destroyer which rescued Major Wood and Captain Wylie says that the fall of the aeroplane was caused by complete engine failure. The machine was washed ashore by the tide. It is believed it will be very difficult to salvage it.

No Attempt.  
St. John's, Nfld., April 19.—Hawker and Raynham have decided to attempt no flight to-day.

U. S. Naval Attempt.  
New York, April 19.—It was reported to-day that destroyers with the United States Atlantic fleet in the Hudson River have received orders to be on station on a course between Newfoundland and the Azores by April 24. This is taken in some quarters as an indication this route may have been selected for the navy's trans-Atlantic flight.

## MEN OF THE SEVENTH AND FOUR OTHER BATTALIONS RETURN TO THE DOMINION

(Continued from page 1.)

The Military Cross was awarded after Vimy and a Bar as a result of his action at Hill 70.

Major C. B. Price, D.S.O., D.S.M., second in command of the same battalion, went overseas in the ranks and was three times wounded.

Forty of the originals returned with the 15th Battalion. None of the officers who went over with the battalion returned with it. Many of the officers who have returned rose from the ranks during the last four years. The battalion came ashore last night with its colors flying.

Col. Macdonald.  
The famous Tenth Battalion came back to Canada under the command of Lieut.-Colonel E. Macdonald, D.S.O., who was born at Margaree, C.B. Colonel Macdonald in only twenty-seven years old and is said to be the youngest lieutenant-colonel in the Canadian army. His parents, Mr. and Mrs. J. H. Macdonald, now reside in Ottawa.

Among the civilian passengers on the ship and who landed here was Lieut.-Commander Rowland Bourke, V.C., D.S.O., a young naval officer who has had a most remarkable career in the past year. He won his V.C. in the raids on Zebruggue and Ostend.

Another distinguished passenger was R. D. Blumenthal, editor of The London Daily Express, who is bound for Newfoundland for the start of the trans-Atlantic air flight. He was accompanied by Edwin Cleary, war correspondent of The Daily Express, who will report the start of the flight for his paper.

Sir Woodburn Kirbin also was a passenger.

## H. N. HIGGINBOTHAM KILLED IN NEW YORK

New York, April 19.—Harlow Niles Higginbotham, who was president of the World's Columbian Exposition in Chicago in 1893 and formerly a member of the firm of Marshall Field & Company, died last night in the Embarcadero Hotel at the Grand Central Place, where he had been taken earlier in the day after being run down by an automobile. He was eighty years old.

## CO-OPERATIVE PLAN OF MASSEY-HARRIS

Toronto, April 19.—At a banquet given last night by the directors of the Massey-Harris Company to the full staff of the factory, sales and office employees here, General Manager Findlay announced a new era of co-operative endeavor in connection with the Massey-Harris Company and all its subsidiaries in various parts of Canada.

The schemes include old age pensions and an opportunity for all employees to acquire shares in the company on easy terms. The announcement of the plan was received with much enthusiasm by the assembled employees.

## A WINNIPEG DEATH.

Winnipeg, April 19.—William Newton Fairbanks died here yesterday, aged eighty-five years. He was a native of Liverpool, N. S. One son survives.

## SYDNEY AS EASTERN CANADIAN ENTRY PORT

London, April 19.—The postal authorities in London have informed a correspondent of The Liverpool Post with regard to mail and passenger service via Sydney, C. B., which the Canadian Government is said to be considering, that tests made in 1905 and 1906 provided that mails transferred at Sydney and forwarded thence by rail-road reached their Canadian destination a day earlier than by the St. Lawrence route, while passengers for the Maritime Provinces could save forty-eight hours compared with Rimouski.

## VIOLENT DEATH.

Toronto, April 19.—Thomas Chemulowsky, a Pole, who was found lying in a pool of blood on a street in New Toronto a week ago, died in Grace Hospital here last night. Foul play is suspected.

## PLACE OF ARTILLERY IN WARFARE IS SHOWN BY FIGURES

Washington, April 18.—Further evidence of the tremendous importance of artillery in modern warfare shown by official records of the War Department was made public to-day. The average rounds fired monthly, according to these figures, increased from 3,250 in the Crimean War to 12,716,000 in 1918. In 1864 the Union forces in the American Civil War expended 1,950,000 rounds of artillery ammunition, while in 1918 the combined British, French and American batteries shot away 180,615,000 rounds. In the same period the approximate number of rounds per gun per day increased from four in the American Civil War to thirty-five in 1918.

**Many Attend Convention.**—Fully 300 visitors are attending the Standard Bible Students' Convention here. Many of the hotels are housing large parties from neighboring cities.

"He married just to get a home."  
"Well?"  
"His wife has so many relatives he thinks now he got a hotel."

## HIGH SCHOOL STRIKE

Committee Dissolves Itself; Intention is to Hold Mass Meeting Monday.

The committee of students promoting the strike among the High School students for a week's holiday at Easter has dissolved itself. It is understood, however, that a number of people outside the school who are interested in the question intend to hold a mass meeting in Beacon Hill Park on Monday, when views on the matter will be advanced. A meeting of students was held on Thursday afternoon and was addressed by Principal A. G. Smith. It is believed that, though the students'

committee managing the project has dissolved, a number of pupils intend to remain absent from their classes on Tuesday.

Father—So? Well, maybe now he'll have some object in keeping down the repair bills.

## CITY SOON TO LOSE PROMINENT LAWYER

F. A. McDiarmid Will Practice  
in Vancouver; Leaving  
Next Month

F. A. McDiarmid, former City Solicitor of Victoria, and who for some years has practiced law in this city, has secured offices in Vancouver, and will commence his practice in that city some time next month. He will permanently reside in the mainland city, and after spending the summer at their lakeside home at Shawnigan the family will join him there.

Keen regret is expressed by members of the Victoria Branch of the Navy League of Canada at Mr. McDiarmid's decision to remove from Victoria. He has spared much valuable time from his professional calling to further the organization, development and work of the Navy League.

Mr. McDiarmid was appointed to the City Solicitorship in April, 1910, coming from Lindsay, Ontario, and shortly afterward made his home here. He occupied that position until 1912, when he went into partnership with Neil McKay and, finally opened offices under his own name.

One of the most important matters, if not the most important, undertaken by Mr. McDiarmid while in this city, was the drafting of a new Municipal Act. He not only enjoyed an extended municipal practice in the Province, but through his position as solicitor to the Union of British Columbia Municipalities he has been in close touch with the Municipal leaders throughout the Province, and was selected as its representative for recommendation to the Government to revise the Municipal Act.

His interest in Navy League matters has always been very great, and he has worked indefatigably to further its aims and accomplish the formation of an organization powerful enough to carry them out. In this respect he repeatedly went on record as opposed to Victoria's seamen's institutes losing their identity by merging with the Dominion Navy League organization, and he always felt confident that Victoria would rise to the occasion and meet the needs of the local sailor establishments by contributing generously to their support.

For many years Mr. McDiarmid has been local representative of the British & Foreign Sailors' Society, in whose name the title to the Connaught Seamen's Institute and the Esquimalt Sailors' Club, Esquimalt, stands.

## A WOMAN WHO HELPS WOMEN

I know your need for sympathy and health.

And the treatment that gives me health and strength, new interest in life, I want to pass on to you, that you too, may enjoy the priceless boon of health.

I am a woman.

What I have suffered is a far better guide than any MAN'S experience gained second-hand. Are you unhappy, unfit for your duties? Write and tell me how you feel and I will send you ten days' FREE trial of a home treatment to meet your individual needs, together with references to women in Canada who have passed through your troubles and regained health; or you can secure this FREE treatment for your daughter, sister or mother.

If you suffer from pain in the head or back, obstinate constipation or piles, pain in the sides, dyspepsia, extreme nervousness, depressed spirits, melancholy, desire to cry, fear of something evil about to happen, creeping feeling up the spine, palpitation, weariness, hot flashes, shallow complexion, with dark circles under the eyes, or a general feeling that life is not worth living, I invite you to send to-day for my complete ten days' treatment entirely free and postpaid to prove to yourself that these ailments can be easily and surely overcome at your own home, without the expense of hospital treatment or the dangers of an operation.

When you have been benefited, I shall only ask you to pass the good word along to some other sufferer. My home treatment is for all, young or old.

## ORATORIO SONG BY METROPOLITAN CHOIR

Ludwig Spohr's Great Work,  
"The Last Judgment," is  
Well Executed

Ludwig Spohr's "Last Judgment" was given at the Metropolitan Methodist Church last night under the direction of Mr. Downard, the choir leader and organist. There was a very large and appreciative audience and the difficult production was handled exceedingly well. The work was very good indeed, in attack, precision and shading.

A delightful feature of the work was the organ accompaniment by Mr. Downard. The instrumentation of the piece is very fine, and Mr. Downard brought out some splendid effects. One of the most striking portions of the oratorio was that descriptive of the impending doom of the judgment, which was splendidly executed.

The solo parts were taken by the following: Sopranos, Mrs. Parsons and Mrs. Downard; contralto, Mrs. Morton; tenor, Mr. Dunford; bass, Mr. Crook. The entire performance was very pleasing, and all the artists displayed the result of careful attention to their work. There was quite a lot of difficult recitative which was very well executed.

The interest of the audience was held throughout the whole work and the fact that the words of the oratorio were printed for the benefit of those attending added greatly to the pleasure of hearing Spohr's greatest production.

## WILL HOLD CONFERENCE

Educationalists to Consider Why Students Do Not Go to B. C. University.

The reason why students from the high schools of Victoria, Esquimalt, and Oak Bay do not go in greater numbers to the University of British Columbia to continue their studies will be discussed in the near future at a conference between the principals of the local institutions and members of the University Senate. It is deeply regretted by educational authorities that large numbers of students after completing their studies at the high schools prefer to go to universities in the East or in the United States. It is hoped that as a result of the conference that some remedy will be discovered.

## CAR AND MOTOR COLLIDE

Accident Occurs on Oak Bay Avenue Late at Night; No One Injured.

Crashing into an Overland motor car, the property of G. P. Heinke, at the corner of Oak Bay Avenue and Bank Street, shortly after 11 o'clock last night, an Oak Bay street car dragged the smaller vehicle some thirty-five feet along the roadway. No one was injured in the collision, but the front wheels of the automobile were badly damaged.

It appears that the automobile was proceeding along Bank Street, and was turning north along Oak Bay Avenue when the driver saw a street car travelling at a fast pace down the Avenue. He endeavored to put on his brakes and to back up. Before he could do so the front of the car caught the machine and, turning it around, dragged it along the roadway, before the motorman could bring his car to a stop. The marks of the skidding automobile, as paced off by a Times representative, measured over thirty-five feet. The crash of the collision brought a considerable number of people to the scene of the accident, some in different stages of night attire.

**Fined For Begging.**—For begging on the streets of Victoria, Arthur Clegg was sentenced to one month's imprisonment by Magistrate Jay in the Police Court this morning. Clegg is not one of the criminals who occasionally solicit aid at different parts of the city.

**Will Have Gymnasium.**—A gymnasium is to be opened during the next two or three weeks at the Comrades of the Great War rooms. The Comrades have a room ideally constructed for a gymnasium and some of the equipment is awaiting installation. Members of the organization will use the gymnasium, although it will not be strictly for the young members.

**Lantern Service.**—The Rev. J. W. Flinton conducted a lantern service at St. Mark's Church yesterday evening, being another of the series on the "Life of Christ." An address appropriate to the day was given and pictures illustrating the story of the Cross were thrown on the screen.

## "DANDERINE" FOR FALLING HAIR

Stop dandruff and double  
beauty of your hair  
for few cents.

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug store for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff. Your hair appears soft, glossy and twice as thick and abundant. Try it!

No other remedy will so  
surely and quickly correct  
stomach ailments, regulate  
the liver and improve the  
general health as a dose of

## Beecham's Pills

Largest Sale of any Medicine in the World.  
Sold everywhere. In boxes, 25c.

## REV. ERNEST BOWDEN LEAVING VICTORIA

Pastor of First Unitarian  
Church Resigns; Here  
Until August

The Rev. Ernest Bowden, B.D., has tendered his resignation of the pastorate of the First Unitarian Church, to take effect at the end of August. Mr. Bowden has been in charge of the church for the past two years, coming to Victoria from California, and during his incumbency the congregation has materially increased, with the result

REV. E. BOWDEN, B. D.

that there is an encouraging future before it. Mr. Bowden's pastorate has been marked by the introduction of several new features. Well-known speakers have occupied the pulpit and spoken of topics dealing with everyday matters of vital interest, and these speakers have included thinking women as well as men. Mr. Bowden's notice having been tendered, the church authorities, on steps have yet been taken towards filling the vacancy which will be created by his retirement. When asked as to his future movements after leaving Victoria, Mr. Bowden stated that so far he had made no definite plans, but would probably return to California.

## POSLAM FINE FOR SORE, TIRED ITCHING FEET

To freshen, cool and comfort tired, tender, chafing feet, just spread Poslam—soothing and antiseptic—over them. Here is intense, grateful relief such as Poslam brings to any disordered condition of the skin.

When Eczema breaks out, disfiguring Pimples, Rash or any eruptions troubles, Poslam should be used to drive them away and furnish the safe, efficient treatment Poslam does so much and goes so far. Sold everywhere. For free sample write to Emergency Laboratories, 243 West 4th St., New York City.

Urge your skin to become clearer, brighter, better, through the daily use of Poslam Soap, medicated with Poslam.

**Have Billiard Tables.**—Secretary H. L. Sutherland reported at the meeting of the Comrades of the Great War held Thursday evening that the billiard tables and two pool tables ordered by the association are expected to arrive some time within the next week. It is hoped to have the tables set up ready for play within two weeks.

**Market Extension Finished.**—The extension to the Public Market, secured by the abolition of the Fire Hall machine shop, is now completed, and already stallholders are utilizing the large space thus obtained.

**Otis Skinner Coming.**—Otis Skinner, who is completing an engagement in New York in a revival of "The Honor of the Family," one of the outstanding successes of his career, will bring the play to the Pacific Coast. His tour begins this week and will "keep him on the road" until late summer. He will reach Victoria in the middle of July, and is booked at the Royal Victoria Theatre. The Charles Frohman Company has acquired a new play for Mr. Skinner's use next season. "The play is by G. I. Ivor, whose previous writing has been confined to financial and economic topics. It is said to be an unusual drama in both theme and treatment."

**Quiet Day at City Hall.**—The Mayor and several civic officials were not at their desks this morning, having observed the morning as a holiday. It is understood that one or two of these gentlemen are fishing in adjacent lakes. It is not anticipated that any sudden suspensions or dismissals will result as happened last year, for it is believed that His Worship personally sanctioned the holidays taken by the civic servants.

## HOPEFUL

"How's that new cook I saw you taking home the other night?"  
"By George! I think we're going to please her."—Boston Evening Transcript.

## BISHOP'S DIOCESAN TOUR BY AEROPLANE

Roman Catholic Prelate of  
New Zealand Inaugurates  
Novel Scheme

What is probably the first episcopal visitation by aeroplane was made recently by Bishop Cleary, the Roman Catholic Bishop of Auckland, New Zealand. The Bishop thereby put to the test of action his long standing conviction that the heavier than air machine is not alone a rapidly coming force in commerce but that religion also will be able to make a free and beneficial use of this new development of applied modern science. He also realized the extent to which the numerous deeply indented coastal waters of the Auckland province lead themselves to trips of both business and pleasure by seaplane.

The Bishop, who is fifty-seven years of age, stated that his experience left him more than ever convinced of the value of the seaplane as an aid to his work in visiting remote waterside districts, especially where the roads are mere ribbons of mud, with which, on motor trips, he felt himself less physically fit to contend than formerly. The machine, which carried the Bishop and his pilot was one of the latest hydro-aeroplanes, with a maximum speed of 75 miles and a cruising speed of 70 miles an hour and a range of 200 miles without alighting. It was one of the seaplanes of the Kohimara, ama Flying School, with a Hall-Scott engine of 125-horse power and was piloted by T. V. C. Walsh.

## FIVE DENOMINATIONS WILL CO-OPERATE

Meeting of Inter-Church Forward  
Movement Recently  
in Vancouver

The coming union of the churches was foreshadowed when about forty delegates, representing five denominations, met in Wesley Church, Vancouver, on Wednesday afternoon to hear leaders of the Inter-Church Forward Movement tell of the inception of the movement and its progress to date. The visitors from the East were Rev. Dr. Laird, of the Presbyterian Church; Rev. J. H. Arp, of the Methodist Church; and Rev. Walter Loucks, of the Anglican Church. Dr. Laird and Mr. Arp came from Toronto, Mr. Loucks joining the party at Winnipeg.

**Reconstruction Work.** Bishop de Fencier was asked to preside at the meeting, and Rev. A. E. Hetherington acted as secretary. Dr. Laird explained the origin and development of the co-operative movement. Mr. Loucks spoke of the spiritual aspect and Mr. Arp showed the possibilities from hearty and whole-hearted co-operation. The movement is intended to assist the churches to undertake their full share of the work of reconstruction after the war and the part that the church has to take was emphasized by the speakers.

The five denominations co-operating in this movement are the Anglican, Presbyterian, Methodist, Congregational and Baptist.

## To Organize

A resolution, moved by Archdeacon Heathcote, seconded by Rev. Dr. MacKay, heartily approving of the movement and deciding upon provincial organization was unanimously adopted. A nominating committee was appointed to suggest names for the provincial committee, and after the lunch hour this report was received, with the following changes as members of the executive: Anglican, Archdeacon Heathcote, Dr. MacKay, and one to be chosen from Victoria; Presbyterian, Rev. A. E. Mitchell, Rev. Mr. Munroe, G. F. Giblin; Methodist, Rev. R. J. McIntyre, W. H. Malin, Chas. Spencer and George Bell, M.L.A.; Baptist, Rev. H. R. McGill, A. J. Welch; Congregational, Rev. A. E. Cooke, William Dutton.

Archdeacon Heathcote was appointed convener of the executive, and representatives of the various churches were appointed to secure the services of a layman who would be chairman of the executive. A provincial organizer will be chosen later. A statement of the purposes and objects of the movement will be issued shortly.

## Old Folks' Coughs, Catarrh, Bronchitis Quickly Cured

This Tells of a Method That  
Cures Without Using  
Drugs

Elderly people take cold easily. Unlike young folks, they recover slowly. That is why so many people pass middle life in the grip of pneumonia. Cough Syrup seldom does much good because they upset digestion. Any doctor knows that a much more effective treatment is "CATARRHOZONE," which heals and soothes the irritated surfaces of the throat.

In using Catarrhozone you do not take medicine into the stomach—you simply breathe into the throat, nose and lungs rich piney balsamic vapor, so full of healing power that colds, catarrh and bronchitis disappear almost instantly.

The germ-killing balsamic vapor mixes with the breath, descends through the throat, down the bronchial tubes, and finally reaches the deepest air cells in the lungs. All parts are soothed with rich, pure medicinal essences, whereas with a syrup the affected parts could not be reached and harm would result through burning the stomach with drugs.

A Catarrhozone Inhaler in your pocket or purse enables you to stop a cold with the first sneeze. Large size costs \$1.00 and supplies treatment for two months, small size, 50c.; trial size, 25c.; all storekeepers and druggists, or The Catarrhozone Co., Kingston, Canada.

## SECOND IN COMMAND OF SALVATION ARMY

Commissioner Howard on  
Coast En Route to  
Australia

Commissioner T. Henry Howard, chief of staff to General Branswald, and second in command of the Salvation Army throughout the world, has arrived in Seattle en route for Australia. The Commissioner, who has occupied the position of chief of staff to General Booth since August, 1912, owing to advancing years and declining health has decided to retire from his position and is now engaged in an inspection tour of the army work in many parts of the world.

The Commissioner has already visited a number of the Eastern Canadian cities and will sail for Australia. He will reach here on Tuesday next, and conduct a tour of the coast. Commissioner Howard was born at Walsall, 1849. His first appointment was at Whitechapel in 1881, and in May of the same year he became vice-principal of the first training home. In 1882 he went to the then newly acquired training garrison at Clapton with the rank of major.

His first territorial command was Australasia, returning to Great Britain in 1890, becoming British Commissioner in 1892. After a three years' term as Commissioner for training, he was, in 1897, appointed fourth in command. In 1898 he instituted at Clapton the weekly central holiness meetings, which have attained world-wide fame and influence. He received the present appointment in 1912.

The duties of the chief of staff include, in addition to public work, oversight, under the general of the entire army and responsibility for knowing and representing its position and needs, the control of international headquarters and the appointment of the staff.

Among the members of the chief's family are Salvation Army officers; his eldest, Colonel William Howard, is in charge of Salvation Army operations in Holland. The youngest, Captain Harry, died in India, to which country he had dedicated his young life.

**For Boys Only.**—A boys' service, arranged especially for older boys of fourteen years and over of the Church of England in the city and district, will be held in Christ Church Cathedral on April 27, at four o'clock. An address will be given by the Bishop of New Westminster, who has recently returned from the front, and will be conducted by the Bishop and Chaplain to the Canadian forces overseas. While the service will be open to all boys of fourteen years and over, it is hoped that there will be a large representation of boys from every parish of the Anglican Church in the city and district.

**To Discuss Oriental Question.**—Miss E. W. Wolfe, of the Methodist Church, will discuss the Oriental question in the Auditorium of Metropolitan Methodist Church on Tuesday evening. The subject is "The Oriental Question." The speaker will discuss the various phases of the Oriental question, and also to enjoy a specially attractive musical programme. Solos will be given by Mrs. Gideon Hicks, Mrs. Downard, Mrs. Edmunds, and a duet by Mr. and Mrs. Williams. The Metropolitan choir conducted by G. A. Downard will contribute special Easter numbers. Organ Parsons will preside at the organ.

**To Direct Forward Movement.**—Rev. F. W. Kerr, of St. Andrew's Church, New Westminster, has been chosen by the Dominion committee to organize the forward movement of the Presbyterian Church throughout the Province of British Columbia. Mr. Kerr was general chairman of the recent Victory Loan campaign in his own city, and a year ago organized the Fraser Valley for the Red Triangle. He will set out at once upon his new duties.

**To Unveil Picture.**—At the morning service at the First Presbyterian Church on Sunday morning a picture of the late Alexander Wilson will be unveiled by the Rev. J. G. Inkster. The late Mr. Wilson was the founder of the First Presbyterian Church in Victoria, attending the laying of the foundation stone of the first edifice and laying the foundation stone of the new building.

**Membership Growing.**—At the meeting of the Comrades of the Great War held Thursday evening 25 new members were admitted. A steady increase in the membership of the association is reported.

## NEW RECTOR OF ST. MARY'S, KERRISDALE

Word has been received by Bishop de Fencier that Rev. B. C. McCaffin, B. A., of All Saints' Church, Collingwood, Ont., has accepted the rectorship of St. Mary's Anglican Church, Kerrisdale, in succession to the late Rev. G. P. C. Caffin, Rev. Mr. McCaffin is a graduate of Wycliffe College, Toronto, and after acting as curate of St. Paul's Church, Toronto, for two years, during the absence of the rector, Rev. C. C. Owen, overseas. From Vancouver he went to Collingwood, Ont., as rector of All Saints' Church. His wife is the daughter of Mr. and Mrs. H. J. Campbell, of Hays Street, Vancouver.

## BISHOP'S COMMENT ON A HYMN.

Preaching at Bangor Cathedral, Wales, recently, the Rev. J. Wynne Jones said he wished Bishop Fisher had not written the lines:  
"What though the spiny breezes  
How soft o'er Clapton's tale,  
Though every prospect pleases,  
It was not right, said the preacher,  
To say that man was vile. The lines had one virtue, however—they taught us how to pronounce Clapton properly."

## ANGELICAN

**ST. PAUL'S NAVAL, BAYVIEW AND GARRISON CHURCHES.**—Kerrisdale, B. C. Rev. W. H. D. Allen, chaplain, Sunday service, 10.30 a. m.; choral service, 7 p. m.; choral celebration every first Sunday in the month at 10.30 a. m.

## TO CHOOSE CHAIRMAN OF VICTORIA BRANCH

Navy League Receives With Regret Resignation of F. A. McDiarmid

At a meeting of the executive of the Victoria branch of the Navy League a letter was received from F. A. McDiarmid tendering his resignation as chairman, owing to his approaching departure for Vancouver.

It was with extreme regret that Mr. McDiarmid's resignation was accepted and the executive desired to take this opportunity of publicly stating their deep appreciation of the unfailing energy, untiring devotion and enthusiasm which have marked his association with the branch.

An extraordinary general meeting of members will be held on Wednesday, April 30 at 8 p.m. at Belmont Building, to elect a successor and to consider the best means to meet the financial needs of the branch.

Double Event.—The home of Mr. and Mrs. John Holland, Albert Street, Nanaimo, was the scene of a double social event, the wedding of their son, George Arthur, to Miss Elsie Graham, and a reception in honor of the marriage of their daughter Lillian to Robert W. Booth on April 10. Mr. and Mrs. Booth returning home from a week's visit to Victoria and Vancouver and other points on the Mainland.

Will Speak to Board of Trade Members.—An opportunity will be afforded the Salvation Army to explain through a financial officer the Red Shield fund to the Board of Trade members on Tuesday afternoon, according to a statement made to-day by Army officers.

## A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

Look, Mother! Is Tongue Coated, Breath Feverish and Stomach Sour?

"California Syrup of Figs" Can't Harm Tender Stomach, Liver, Bowels

A laxative to-day saves a sick child to-morrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of California Syrup of Figs, then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is often the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

## FOR EASTER

A Charming Selection of Blouses and Gloves

An unrivalled selection to choose from. Call and inspect them. White Cotton Voile Waists, \$1.75 to \$3.50. White Silk Waists, \$3.25 to \$3.50. Queen Quality Silk Gloves, a complete selection, 85¢ to \$1.50.

G. A. Richardson & Co. Victoria House, 636 Yates St. Agents for the New Idea Patterns.

## Ladies Perfume Your Skin With Cuticura Talcum

Antiseptic, prophylactic, deodorizing, fragrant and refreshing, Cuticura Talcum is an ideal face, skin, baby and dusting powder. Convenient and economical, takes the place of other perfumes for the person. A few grains sufficient. One of the indispensable Cuticura Toilet Tides for keeping the skin pure and sweet.

Cuticura Soap 25c, Ointment 50c and 10c, Talcum 10c, plus Canadian duties. Sold everywhere. For full particulars see advertisement. Cuticura, Dept. B, Boston, U. S. A.

FLIGHT-LIEUT. BILLY HUXTABLE who arrived back in Victoria on Wednesday, Lieutenant Huxtable, who has been serving in France with the Royal Air Force, won many prizes on the track before he left Canada. He is also at home in a basketball, Rugby or lacrosse uniform, and played in football games held in France.

## MILITARY NOTES

Pte. C. S. M. Mattershead, D.C.M., one of the Imperial Reservists to return on Wednesday, is a Victoria man, a member of the Imperial army, and was in the service ever since, but was one of the lucky ones, getting off practically without a scratch, although he was buried by a shell explosion and received a slight injury to one eye. He was in the army twelve years before war broke out and a resident of Canada for three years.

Pte. M. K. Jamieson is another Victoria man. He went over with the 48th Battalion in June, 1915, and was transferred to the 10th Battalion. He was at Passchendaele, Hill 70, Arras and Cambrai, besides numbers of lesser engagements, and was seriously wounded at "Bouquet." He is using crutches as a result, but hopes that he will be able to discard them.

The following were admitted to the membership of the British Campaigners on Thursday night: Lieut.-Col. G. Chalmers Johnston, D.S.O. and bar, M.C., French Croix de Guerre; Capt. A. H. Rowberry, M.C., late 2nd C.M.R.; M. A. Granger, who served with Robert's Horse, South Africa, and has the Queen's Medal and six bars; Clark W. Gamble, R.C.R., who served through both the South African War and the Great War, and has the Queen's Medal and three bars for service in the former; Capt. Robert Matheson, M.C., who served in the late war with the Scottish Imperial Yeomanry, although going overseas with the 192nd Comox Battalion, and who also served in South Africa and has the King's and Queen's medals; F. Dawson, D.C.M., 7th Battalion, C.E.F.; Arthur Gothard, M.C., of Bella Coola, late 102nd Battalion; Spr. Singer, 1st Canadian Pioneer; Sergt. William Shaw, Imperial Light Horse, South African and West African Campaigns, and service in the Great War; and Pte. Thomas Boose, 26th Winnipeg Rifles, Red Rebellion. The Campaigners determined to secure a bronze cast of the laurel wreath which was placed on the colors of the 2nd C.M.R., which Lieut.-Col. Johnston commanded.

It was announced at the meeting that the Campaigners would move to new quarters in the Union Bank Building in the near future.

## Express Appreciation

A letter will be written to Charles Williams, late Secretary of the Victoria Branch of the Red Cross Society, expressing the appreciation of the Campaigners for his splendid work on behalf of the soldiers.

A reception for the local men of the 7th Battalion is being planned. They are expected here in the near future. A meeting to consider the project was held on Thursday night. Sea-brook Young, President of the Welcoming Club, has offered the club's services in assisting in the arrangements. Special privileges have been asked of Major-General R. G. E. Leckie, the G. O. C., to enable men of the 7th Battalion who have returned and are in hospital to assemble at the reunion, and all discharged men to wear their uniforms.

The 8th Fusiliers it is expected will provide a guard of honor to meet the returning 7th on their arrival. It is understood that of the detachment of men belonging to the 7th Battalion who are now on their way westward over 100 are coming to Vancouver Island.

## PRINCESS

Every time R. N. Hincks has produced one of his deservedly popular comedies it has been hailed as far surpassing any that preceded it. "What Happened to Jones" which will commence an extended run at the Princess Theatre to-night, is not likely to prove any exception to this rule.

That all the characters have been carefully trained in their parts was evidenced when the dress rehearsal was held on Thursday night. Each actor portrayed his or her role with that professional swing and finesse which has always characterized the productions of the Red Cross Stock Company.

In the part of Jones, Mr. Hincks is at his best, which will be sufficient recommendation to his host of admirers. Mr. D'Oyly Rochfort will certainly score another big triumph, while many new artists and old favorites, all selected by Mr. Hincks, will appear in the play. Indeed, the following cast is perhaps the strongest that has ever played under his direction: Mrs. W. Taylor, Mrs. Andrew Melillo, Miss Stevens, Lieut. R. W. Webb, R. Ward, W. Taylor, T. E. Clark, Mrs. F. Bellby, Miss Dorothy Stuart-Robertson, Stewart Clark and A. M. D. Fairbairn.

Accidental Death.—A coroner's jury giving this morning pronounced that Winnifred Mabel Wakeham, who died from the effects of a street car accident, came to her death accidentally. Her leg was amputated and later she died in hospital. The funeral took place this afternoon.

## FROM MINNEDOSA

Party Will Arrive Here Latter Part of Next Week.

The Returned Soldiers' Commission, Parliament Buildings, is in receipt of the following wire from the officer in command, Clearing Depot, St. John's, N.B.:

"The following men with dependents disembarked from the Minnedosa and will proceed to their homes about 10.30.

For Victoria—J. Waterson, care of J. A. Dewar, Jasmine Avenue, Marigold; F. A. Stuart, care of Mrs. W. Youldes, 329 Pandora Avenue; J. W. Lewis, care of Mrs. Lewis, 1137 Pandora Street; C. Hartley, care of G. Smith, 11 Medina Street; G. F. Burdell, care of Mrs. A. J. Burnell, 914 Yates Street; R. S. Blaney, care of Mrs. M. Blaney, 1918 Macleure Street; S. H. Alcorn, care of J. H. Gurn, 1732 Second Street, and J. Fisher. "For Nanaimo—C. E. J. Williams, Westworth Street, Nanaimo; W. M. Waugh, care of Wm. Waugh, Five Acres, South Nanaimo."

## Wash Away Skin Sores

D. D. D., the liquid wash, has become a household word. ## D. D. D.

Foundation Organization Dance at Foundation Clubhouse to-night, 8.30 o'clock, by Foundation Swimming Club. Admission, 50c.

At Salvation Army To-morrow.—Easter will be fittingly celebrated as a season of rejoicing by the local Salvation Army Corps. Commissioner Sowton, the Territorial Commander for Western Canada, will conduct the services at the Citadel, assisted by Brigadier McLean, Divisional Commander for B. C. and a staff of officers. The celebration will commence with a public meeting at 8 o'clock this evening. Sunday will be a full day, commencing with a parade through the main streets, accompanied by the band at 6.15 o'clock in the morning, which will be followed by a short service at the Citadel. At 11 o'clock the Commissioner will speak on "Holiness of Heart and Life" and an afternoon praise meeting will be held at 3 o'clock. The evening meeting at 7.15 o'clock Commissioner Sowton and visiting officers will give addresses on gospel topics suitable to the occasion.

## A SICKLY WIFE NO FIT MATE FOR ANY MAN

GIRLS AND WOMEN SHOULD LOOK WELL TO THEIR HEALTH AND STRENGTH.

Never before was physical health and vigor so highly esteemed and so eagerly sought for as to-day.

No man finds happiness in a sickly wife, and the woman who wishes to enjoy the pleasures of life should spare no effort to maintain perfect health.

Is your daughter growing up strong and ruddy? Has she strength to drink in greedily all the pleasures that youth so zealously seeks—or is she compelled to use the street car instead of enjoying the delightful exercise of walking—does she after the ball arise refreshed and vigorous, or is she exhausted, indifferent, and perhaps irritable?

When strength and vigor can be so easily maintained by Ferrozone, when the glow of health is so quickly brought to the cheeks and elasticity to the step, it is plainly a mother's duty to see that Ferrozone is on hand to assist her daughter back to health.

Upon the wake of Ferrozone quickly follows a stream of rich, nourishing blood which imparts that power and surplus energy so earnestly desired by those in ill-health.

Stop and think what this means for your daughter—certainly a great deal, and it can be accomplished by Ferrozone.

Every growing girl and young woman derives enormous benefit in many ways from this nutritive, vitalizing tonic.

It is specially suited for young women and is a guarantee of health and regularity as long as it is used. Ferrozone is free from alcohol and perfectly safe to use. Prepared in the form of a chocolate-coated tablet and sold in 50c boxes or six for \$2.50, at all dealers, or direct from The Catarthzone Co., Kingston, Ont.

## The Music of Easter

AWAY back before the resurrection of Christ gave Christianity its Easter, mythology told of the Goddess of Spring, Eostre. As the world turned green beneath the warming suns of Spring the ancients held festivals of joy and song. As Christianity came into the world it adopted many of the old familiar customs to its own celebrations. Easter, the greatest of all, symbolizing new life and joy, naturally connected with the well-known pagan festival of Spring, the name still reminding us of the early custom. As Christmas gives us the music of joy, so Easter gives us the music of triumph. Nowhere else does music reach such heights or inspiration achieve greater glories than the music of Easter.

In our Columbia Record Department you may listen to all of the most popular and musically beautiful Easter numbers.

## DROVE MOTOR CARS IN LIBYAN DESERT

New Studebaker Salesman  
Served With British Forces  
in Egypt

Ben Grossman, motor car salesman for the Studebakers in Victoria before the war, has just taken hold of sales again for Jameson, Rolfe & Willis. Mr. Grossman left Victoria in 1915 and was on active service in Egypt for over three years. He returned to the city last November and has since occupied the position of chief mechanic of the motor car department of the Victoria Fire Brigade.

Mr. Grossman is an old timer in Victoria, and his many friends are welcoming him back into motor car circles. Altogether he has put in twelve years in the business, and he says that experience has taught him the value of the Studebaker car from the standpoint of service, economy and general satisfaction to the owner. In handling Studebaker and Gray Dori sales Mr. Grossman feels that he can conscientiously do business, as the cars will win out on their merits. His mechanical experience stood Mr.

BEN GROSSMAN

Grossman in good stead in Egypt and the accompanying illustration shows him driving a car in the Libyan Desert at Mers Matruh, the base of the British patrol, which is, by road, 200 miles west of Alexandria. The view was taken in front of the camp just before going out into the depths of the desert, where the supplies were unloaded and buried.

The supplies carried on these cars consisted of rifles, ammunition and food, chiefly bully beef, biscuits, bacon and condensed milk. The transportation of water was the biggest problem and of course petrol had to be placed in depots for the use of the motor cars.

It is claimed for the Studebaker that behind it success lies all the resources, financial and industrial, all the skill and experience of one of the world's most famed engineering organizations. "The Studebaker policy right from the start was to produce from the best material, with the best skill, the best tools and in the most efficiently equipped factories, a car planned upon the most efficient engineering principles. That this policy appealed to the motoring world is testified by the gigantic output of Studebaker cars and the big demand for these favorites on the local market as well as every other market in the world," said Mr. Jameson, head of the firm of local distributors.

## SOMETHING OF VALUE UNDERNEATH PAINT

W. D. Cartier Takes Care to  
See That Car's Machinery  
is in Good Shape

A visit to the automobile establishment of W. D. Cartier in the old church building at the corner of Courtney and Gordon Streets this morning disclosed a busy state of affairs.

In the painting and finishing department, which has been fitted up so as to be absolutely dustproof and the temperature regulated, no less than eight cars were in various stages of assuming their new spring attire of paint and varnish. Mr. Cartier's staff has now increased to eight, and he reports that they are kept busy all the time.

"W. D." is also an expert on auto top work and he is doing a good deal of this at the present time. "Owners are beginning to realize that it pays to keep up the appearance of their cars," said Mr. Cartier, "and it certainly pays in the long run. A few dollars annually for upkeep saves a much heavier expenditure when a machine gets so run down that it practically means making it over," he said. Mr. Cartier's repair and sales departments are also kept busy these days, the demand for used cars being exceptionally good owing to the general demand for cars of all classes both new and second hand. He explains that in buying cars he always examines the mechanism carefully, and if everything is in good shape he has no hesitation in purchasing and placing it in stock for overhauling and sale. "If your machinery is good it is an easy matter to renew the body and top and the purchaser of a used car has something of value underneath the point," said Mr. Cartier.

## FORMATION OF AN AUTOMOBILE CLUB IN VICTORIA URGED

Thomas Plimley Suggests  
Scheme for Benefit of  
Local Motorists

### BRITISH CLUB OFFERS MANY ATTRACTIONS

Thomas Plimley, head of the big automobile establishment on Broughton Street, suggests that Victoria should organize an Automobile Club in order to promote interest in tours of the Vancouver Island highways. It would form a medium for an interchange of ideas, and would aid motorists in many ways to work for the bettering of conditions, claims Mr. Plimley.

their home, or, alternatively, to tow the disabled car home.

"Arrangements are being made whereby the 'get you home' coupon will be recognized by the great majority of repairers, whether or not they hold the official appointment of the R.A.C.

### Valuable Advice.

"Then there is the free legal defence scheme, under which associate members summoned for any offence connected with the ownership or driving of a private motor car are defended free of charge in any police court in the United Kingdom. This is no small advantage, particularly when it is remembered that the R.A.C. solicitor is also prepared to advise free of charge on any legal matter relating to motoring. In cases of dispute, the club may grant financial assistance in legal proceedings.

"Of the advantages accruing to the associate member from the R. A. C. Touring Department very much might be written, but we must content ourselves by stating that the department is available for advice and help on all matters relating to routes, foreign tours, and the formalities to be complied with in connection with them, and touring at home in all its branches. A special car insurance policy has been drafted by the R.A.C. in the interests of associate members.

### On Car Buying.

"As regards the purchase or sale of a car, the associate member can obtain expert advice from the club engineer. Estimates or accounts for work to be done can be submitted to the R.A.C. engineer, a small charge being made for his services.

"Associate members are entitled to take part in automobile meetings promoted from time to time by the R.A.C., and they can also secure membership of the Brooklands Automobile Racing Club at a reduced fee. Associate members may make use of the R.A.C.'s register of motor servants, all of whom either hold the club's certificate for driving and mechanical proficiency, or have been strongly recommended by previous employers. Finally, the associate member is entitled to carry on his car the R.A.C. associate's badge, which forms an attractive addition to either the radiator cap or the dashboard.

### Value For Money.

"Though this review of the advan-

## REPUBLIC Motor Trucks

## BEGG MOTOR COMPANY, Ltd.

VICTORIA AND VANCOUVER

937 View St.

Phone 2058

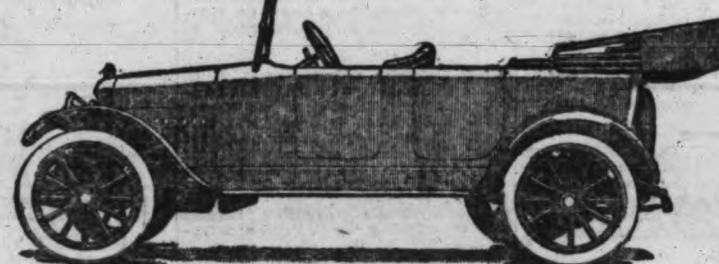

ages offered to associate members by the R.A.C. is necessarily brief, we think that sufficient will have been said to show that very good value for money is given for a subscription of one guinea per year."

### OLDFIELD MAY RETURN.

The Contest Board of the American Automobile Association has reconsidered the suspension of Barney Oldfield for non-sanctioned driving, and

has substituted a fine of \$1,000. So Barney can "come back" again if he wants to. The lure of the \$50,000 cash prizes and the excitement of the 500-mile Liberty Sweepstakes may again be too strong for the veteran to overcome, and the fans, it is thought, may witness his come-back on May 31 at Indianapolis.

Don't work yourself and others with what can't be remedied.

## Each New Day Brings a Better Maxwell

**M**OST anyone would think that after building 50,000 motor cars on one chassis plan that close on to perfection would be reached.

That is true in a large measure; but it happens to be only the point at which the Maxwell executives began.

They decided to keep on building Maxwells better and better as each new day went by.

The locomotive engineer drives his engine better every day. The banker who loans money does so with more and more judgment. The man at the forge—likewise.

This is the principle on which the Maxwell is built. It is not new in the business world. But it is sound.

And to-day, with 300,000 Maxwells built on this plan, anyone will readily understand—

Why a Maxwell runs on and on and never quits with age;

Why a Maxwell seldom turns in at a repair shop;

Why a Maxwell is so eagerly sought for in the second-hand market.

One of the last of more than 1000 improvements made since the first Maxwell was built is the appearance.

Let your eyes glance over this present day Maxwell and you'll think the price \$200 more than we ask for it.

### MOTOR NOTES.

A carload of Hupmobile five-passenger cars has just been received from the factories by R. E. McMorran, local distributor and according to prospects they will all be sold out in a few days. Mr. McMorran also handles the Briscoe, three of which have been sold this week.

The Revercomb Motor Company is having great success with the Federal truck, the agency for which they secured recently and it is understood that a large number of these machines will be seen on the streets of Victoria shortly, the inquiry being very brisk.

The Shell Garage, local agents for the Nash and Reo trucks and cars, have very glowing reports to make regarding business developments. The

demand for these cars is very great and like all other dealers in town, the Shell Garage finds itself at present almost unable to meet the orders for delivery. Auto repairs and sales in used cars are also reported brisk.

Gale & Willoughby, proprietors of the Oak Bay Garage, though only recently established in business, have secured a large number of contracts for auto painting and finishing. They are Old Country experts in this line and the class of work they are turning out has created a good deal of favorable comment among local motorists.

F. G. Wood, Douglas Street dealer in automobile supplies, is doing a big business in wire wheels and non-skid tires. Mr. Wood carries a complete line of accessories and motor supplies.

### SIDE VIEW OF AVERY WORKING ON UP GRADE

### AVERY TRACTOR GIVES EXCELLENT RESULTS ON TRIAL

Witnesses of Test Are More  
Than Satisfied With  
Demonstration

The great feature about the tractor as compared with the horse for doing farm or any other class of work, is that the tractor never requires to be fed, bedded and cared for in various ways every day in the week and every week in the year, whether being used or not.

J. W. Pomeroy, now in charge of the tractor branch of Thomas Plimley's on Vancouver Island, remarked this morning that in one case he had met with recently a farmer who formerly used horses exclusively but now uses the tractor altogether, had figured it out that the advantage of the horseless machine was so great, in the way of economy and usefulness, that there was no question whatever about having to get rid of the horses.

That Feed Bill.

"For instance," said Mr. Pomeroy, "that man's feed bill for the year was almost as big as the entire cost of one of our tractors, and in this connection I am speaking of the Avery tractor, which we find is the real machine to suit the purposes of farming on the scale carried on in this

district and throughout Vancouver Island.

"The man I have mentioned was in the habit of keeping a diary of the work carried on and it showed that out of the entire year the work in which the horses were used covered a period of forty-seven days. Nevertheless he had to feed those horses every day in the year. He had to get out of bed a good deal earlier each morning to attend to the horses, and after a hard day's work was done in the field he had to drive his team to the barn and spend further time on them.

Can Stay in Bed Now.

"When that man bought his first tractor he was able to take a longer rest in bed. When he got up and had his breakfast all he had to do was to go into a small shed, not a large, expensive barn, get into a seat, drive out to his field, do his day's work and when that was done he simply drove into his shed, stopped his machine by a touch of the hand, and walked into his supper with no more cares on his head.

Saves Winter's Work.

"When fall came he hitched on to a trailer, hauled in his logs and connected up with his circular saw. In little time he had his winter's work stacked up and was busily engaged with other duties around the farm without having to look forward to the worry of 'bucking' wood in the old break-back fashion. There was hardly a thing he had to do about the place in which the assistance of the tractor was not helpful, and the best part of it was that when everything was done, Mr. Farmer simply put his tractor away and found himself free to go where he liked so far as having to care for any work animals was concerned," concluded Mr. Pomeroy.

A splendid demonstration of what the Avery tractor can do was given last week on a farm along the Helmen Road. Working in heavy ground and on a steep grade, the Avery cut a ten inch furrow eight inches deep. After the ploughing was done, the tractor drew a double cut-away disc

of four sections with seven discs to the section, making twenty-eight in all, together with a two-section spike harrow behind that.

This 5-10 horse-power machine has proved to be one of the most suitable farm equipments for local conditions and the work it has done in the district has already won sufficient fame for it to insure the ready sale of the large shipment which is now on its way to Victoria and is expected to reach here early in the week, possibly on Monday. Mr. Pomeroy states that great interest has been displayed in the machines and farmers throughout the Island are quick to observe the advantage of the Avery tractor over horses.

A few days ago one of the tractors was used to haul an ordinary dump wagon loaded with two tons of lime, while the truck itself weighed over a ton, and the hauling was done easily over soft land. Manure spreading is another phase of farm work that is done expeditiously through the use of the tractor.

The Avery's horse-power on the drawbar is five, while it develops ten horse-power on the belt. With this machine the farmer has at his service also a stationary gas engine that will do all of his work in the way of engine cutting, grinding, circular saw work and a hundred and one other useful duties about the farm.

No Land Wasted.

The Avery wastes no land in ploughing. It turns itself in a radius of slightly over ten feet and cultivates the land right up to the fence line. It burns either gas or kerosene and is sold at a figure which is almost equivalent to the cost of the feed of the horses necessary on a farm or of the cost of a ten horse-power stationary plant which has not the advantage of being serviceable for the many duties which a tractor can be called upon to perform.

Mr. Pomeroy has taken over the tractor department at Plimley's as successor to Mr. Honey, who recently transferred to the automobile sales de-

## A FEW HINTS FOR STORAGE BATTERY

Local Chevrolet Dealers Offer  
Advice on How to Get  
Good Service

## NATIONAL TRUCKS

MAKE A BIG HIT

Made-in-Canada Product Wins  
Favor With Buyers  
Everywhere

Hamilton, Canada, April 13.—Trade conditions in Canada were never better than at the present time, says J. L. Acker, sales manager of the National Steel Car Company, Limited, of this city. This encouraging report is the result of a most successful trip to the Pacific Coast. Mr. Acker returned enthusiastic with the western outlook, especially for the motor truck business. His trip lasted five weeks and he was successful in establishing National truck branches in charge of the largest automobile dealers in the principal western cities, and reports sales of over a quarter of a million dollars' worth of National trucks which will be shipped as fast as they can be built.

The western people are strong for "Made in Canada" goods, says Mr. Acker. The feeling is that, providing the Canadian article has equal merit to the imported competitive product, there is no reason why Canada should not come first.

How far they are willing to go in this direction was demonstrated by the fact that all the largest dealers in the west were anxious to handle the Canadian truck in preference to any of the American makes. Their judgment is based upon sound common sense as well as loyalty to Canada, says Mr. Acker, for the "National" is built by Canadians in a Canadian plant especially to meet Canadian conditions.

In Saskatoon the National representatives are the Smith Motor Truck Sales Company, Limited.

In Winnipeg, the Western Canada Motor Company, Limited.

In Vancouver, the Sigmor Motor Company, Limited.

The Calgary representatives will be Peacock & Leeson, and a garage and service station to take care of National trucks exclusively, costing \$40,000, is being erected in that city.

Contributor (as the editor smiles)—How does that joke look to you? Editor—It never looked better in its life.—Buffalo Express.

"The motorist who will examine a battery of his car regularly every week, and heed the following instructions will continue to receive satisfactory service from his battery day after day," says the Begg Motor Co., Ltd., local dealers in Chevrolet passenger cars and trucks.

"Don't allow your storage battery to stand in a discharged condition for any length of time. Should the battery, for any reason, become discharged, have it fully charged at once at the nearest garage or charging station. A battery, when in a discharged condition, sulphates rapidly, making charging extremely hard and in time entirely destroying the elements.

"Don't allow dirt, water or any pieces of metal to come in contact with or remain on top of your battery. Inspect regularly and keep clean.

"Don't continue to crank your engine with the starting motor if it does not start after a few revolutions. Something is wrong with your ignition system or carburetor. Locate and remedy the trouble before again cranking the engine. Just turning the engine over will not help you start, but it will exhaust your battery if continued for any length of time.

"Don't forget to turn 'on' the ignition switch before attempting to start the motor.

"Don't forget that you must restore in the battery whatever current has been withdrawn for starting. It requires about twenty times as long to restore current to the battery as it takes to remove the same amount in starting the engine.

"Don't turn on all the light of your car and leave it standing for several hours. Conserve the battery supply by using only such lamps as are absolutely needed to prevent accident.

"Don't allow the battery to become loose on the brackets."

### MOTORCYCLE RECORD.

A new world's motorcycle speed record for fifty miles on dirt track has just been established by Ray Creighton, a noted motorcycle racer, at Bakersfield, Cal. He rode an Indian machine on Goodyear tires. His time of 41 minutes and 51 seconds for the fifty miles—an average of seventy-two miles an hour—was faster than the time made by several automobile racing cars in a fifty-mile event which immediately followed. In a field of seventeen riders Creighton led the pack nearly all the way, finishing three-quarters of a mile ahead of his nearest competitor. The last half of the race he rode on the pedals in a near-standing position, his saddle having given away.

### DRI-KURE RETREADING

Have that old tire retreaded by the new "Dri-Kure" process. Come in and see samples of our work. We will be glad to show you. Our prices will save you money. "Retreading That Satisfies."

### HOLIDAY TOURING ON HIGHWAY IS POPULAR

Easter Season Will See Some  
Very Heavy Travel Over  
Scenic Route

Holiday touring over the famous Malahat Drive on the Vancouver Island Highway was heavy yesterday. The threatening weather early in the morning deterred many who had planned taking a long range tour from starting out, but on toward noon, with the assurance of more settled conditions, car after car wended its way to the scenic trunk road and started north at a good speed. The Easter holidays will see some very heavy travel over the route.

Motorists will certainly appreciate the announcement of the Provincial Government's intention to put the highway in first class condition immediately. The fact that hardly anything has been done for the past four years is fully in evidence at places. There are stretches that are rather bad on account of ruts, and the fact that Chinamen are getting out wood on this side of the Summit and hauling it down the hill on wagons with narrow wheel rims does not aid in bettering conditions during wet weather.

It is generally conceded that the Malahat has hardly passed the new road stage, and the removal of the sharp turns, widening of the roadway along the precipitous sections, and reduction of some of the grades proposed by the Government will go a very long way toward making the trip over the mountain much more popular and a great deal safer.

Some men were working on the highway near the Summit yesterday, but it is understood that not nearly the number of men required can be secured, as many do not care to take work of that sort. It is almost impossible to get the proper material for road-repairing at the higher elevations, and it is believed that the Government will have to employ tractors to haul the heavy rock up the steep grades.

Next month the highway scenery will be at its best. The trees will then be in full leaf, the dogwood will be out and the color scheme greatly enhanced. There are many spots along the route where little picnic parties may be held, and a good number of these points were made use of by tourists yesterday.

### WONDER-MIST SAVES

#### WORK AND POLISH

Canadian Fairbanks-Morse  
Co., Accepts Agency; Cleans  
Wood or Metal

The Canadian Fairbanks-Morse Company, Limited, has accepted the agency for Wonder-Mist. This nationally advertised product for cleaning and polishing cars is proving a big favorite.

"Soap and water ruin a car's finish and takes the life out of it in less than a season," says the local agent. "The Wonder-Mist way saves the trouble of washing and saves the finish of the car. It cleans and polishes in one operation. All you do is to spray it (as you spray Paris green on potato bugs)—rub it dry—and that is all. But be sure you use cheese cloth and rub it dry."

"Spray Wonder-Mist right over dust, mud, grease. It penetrates and loosens all accumulations—acts as a lubricant between dirt and finish so that all dirt can be wiped off without the slightest danger of scratching. The Wonder-Mist way reduces the hard, dirty, car-washing job of hours to minutes. It contains no acid, alkali, gum or wax—leaves no cloud or streak, and will not harm the finest finish."

"Wonder-Mist does more than clean the dirty car. It polishes the clean car as well—and all in one operation. It feeds, protects and maintains the finish, which means hundreds of dollars to car appearance and re-sale value. Prevents mud spotting and rain streaking, and should be used on every new car before it is put in service."

"Wonder-Mist cleans and polishes furniture, woodwork and hardwood floors perfectly in one operation—with little effort—little rubbing. Apply with sprayer or soft cloth—rub dry. It removes all dust and cloud—keeps the finish bright, lustrous and looking like new. Sprayed on cheese-cloth it makes a wonderful dustless dust-cloth."

**Use For Old Tubes.**—An old inner tube which has passed its usefulness as such may still be made to render some service. Silt it open around its inner side and place it over the new tube, in which location it acts as a sort of inner lining and strengthens the new tube.

## BRITISH COLUMBIA MEMBERS FIGHT FOR CANADIAN HIGHWAY

Dr. Tolmie, M. P., Tells of  
What is Doing at Do-  
minion Capital

### MUST HAVE GOOD ROADS TO OPEN UP INDUSTRIES

British Columbia's members are putting up a big fight at Ottawa for the favorable consideration of the claims of the Province with respect to the assistance to be given by the Dominion Government toward the construction of that portion of the Canadian Highway which lies within its boundaries, according to Dr. S. F. Tolmie, M. P., who has just returned to the city for the Easter holidays.

"The Dominion Government, as you know, is proposing to vote \$20,000,000 for road construction, to be divided up between the different provinces on a loan basis," said Dr. Tolmie to a Times representative.

"There seems to be considerable difference of opinion regarding this matter, but the B. C. members are unanimous in their contention that it would be unfair to divide this money on the basis of population for the reason that those sections which are most populous would get the largest share."

"It must be remembered that British Columbia is still a new country and our road problems are greater in relation to the size of our population than in any other province. Nevertheless it is absolutely necessary that we should have roads to open up our various resources."

**Favor Fraser Route.**  
"The British Columbia members have held several meetings at Ottawa to discuss highway matters and the various routes across the Province have been gone into very thoroughly, including the Hope-Princeton route and the other road up the Fraser Valley. The Fraser Canyon route was favored on account of its being open for a much longer period during the year."

"A great deal of opposition to the Canadian Highway scheme generally has been met with in some sections of the East, where they fear that the money might be used in such a way as to be useful as a political weapon at election time."

"It was pointed out by our Western members that the opening up of this highway will do a great deal toward bringing the western provinces into a closer relationship, making it possible to understand each other's needs and conditions, increase business and open up valuable mining and agricultural districts which have hitherto been idle owing to the lack of transportation facilities."

"The highway would serve to bring a larger number of people to this Province from the prairies and also permit the coast people to visit and get acquainted with Canadians east of the mountains."

**To Mines and Timber.**  
"The most important point that should by no means be overlooked is that already mentioned, namely, the valuable mining and agricultural districts that are not yet served by road communication of any kind. The building of trails into many of these sections would create immediate employment for returned soldiers, prospectors and miners, and would probably bring to light some of our richest resources and revenue producers," concluded Dr. Tolmie.

**Auto Association.**—There will be a meeting of the Board of Governors of the Island Automobile Association at the Empress Hotel on Wednesday, April 25, at 8 o'clock. General business will be transacted, and plans made for the entertainment of members. The membership is rapidly increasing owing to the attractions offered by the association. Secretary Harris is busy signing on new members.

### HORSE NOT DEAD YET

Automobiles increase, but so, by the very latest figures, does the number of horses in the United States, says the Christian Science Monitor. "One still hears, now and then, the remark that automobiles will eventually lead to the extinction of horses, and that in time children will be told of the odd old

days when men rode and drove those curious quadrupeds. The reports, however, show that there are now about 21,534,000 horses in the United States, although the nation furnished about 1,800,000 for the war. In 1900, at the beginning of the rapid increase in automobiles, the country contained some 18,267,020 horses, so that the actual increase, even with the war to lessen the total, is over 3,000,000. No wonder the horses long ago ceased to be alarmed at the sight of an automobile."

**MOTOR SCOOTER RACE**  
First Event of Kind Will Be Held in England Shortly.

The first open race for motor-scooter owners in England is being planned. The motor-scooter is becoming popular and many well-known people, including Lady Norman and Admiral Hall, are to be seen daily riding their machines in the West End.

A representative of The Daily Mail was told that the race will be held over a course of about five miles near London. "The event will prove most popular, and I have already the promise of a number of entries. Of course, no dangerous speeds will be attained and the competition will be so arranged that the winner's the most skillful driver of a reliable machine."

### CARBURETOR TROUBLE

When an owner brings a car in for the location of some trouble it is not advisable to bank too strongly on what he has to say regarding the trouble. Here is a striking case in point. An owner brought his car to a certain repairman, claiming that he had carburetor trouble. About the first thing the repairman asked him was whether he had gasoline enough. He replied most emphatically that the tank was almost full. The repairman thereupon entered the car with the owner and drove it perhaps a mile testing it, when it stalled. Investigation then showed that the tank was empty. It was necessary to summon another car from the garage with gasoline. Thus considerable time was lost.

### GRAY HAIR

Dr. Tremain's Natural Hair Restorative, used as directed, is guaranteed to restore gray hair to its natural color or money refunded. Positively not a dye and non-injurious.

For sale in Victoria by Dean & Hiscocks, Druggists, cor. Yates and Broad Streets.

## Genuine Ford Parts For Sale Here

## Now Staple Articles of Trade

THE parts of a Ford car—every part—can be bought anywhere in Canada.

They need not be "ordered from the factory."

—nor from a Ford Branch.

—nor even from one of the 750 Ford dealers.

They can be delivered "on the spot" by over 2000 garage and repair men.

Although highly specialized pieces of engineering and machining, Ford parts have become staple articles of merchandise. They are as easy to obtain as a hatchet or a saw.

This is a most unusual service to the owner of a car.

Its value is incalculable.

The Ford car need never be "tied up" while repair parts are being "brought on from the factory."

There need be no annoying delays while touring because Ford Service Stations are located everywhere.

The owner of a Ford (barring serious breakdown through accident) may enjoy uninterrupted use of his car.

### Caution to Ford Owners

Never allow "spurious" or imitation parts to be used in repairing your Ford. Your repair man—if he is earnest in his desire to serve you well—can get genuine Ford parts and sell them to you at a reasonable profit.

You need never accept "spurious" repair parts. In any locality, in any emergency, there is sure to be close at hand, a Ford Service Station.

Demand genuine Ford parts. Be firm.

Keep your Ford running at full Ford efficiency.

FORD MOTOR COMPANY OF CANADA, LIMITED, FORD, ONT.

We keep the real Olympic Oysters.  
GIVE US A TRIAL.

**Pressure For Testing.**—Only a small pressure is required for testing a radiator or a tank—just enough to blow away any dirt that happens to lodge in the leaky place. Half a pound pressure is usually sufficient and will yield a copious supply of bubbles when the radiator or tank is placed in water. When compressed air is lacking, whatever pressure can be applied by the lungs will be found sufficient in most cases.

**Stop Motor When Idle.**—It should be made an invariable rule that engines must be stopped while the truck is standing at the loading platform or making an extended stop elsewhere. Unless the drivers are watched they will keep the engines going in order to avoid the trouble of making a fresh start. This was always wasteful, but in the present condition of the fuel supply it is almost criminal.

### This Is Aeolian-Vocalion Week at Fletcher Bros.

You cannot help but be impressed with the rare musical capabilities of the

## Aeolian-Vocalion

Here, at last, is an instrument capable of reproducing music in its entirety. Hitherto only the broader, stronger elements in any tone could be recorded; but now with the introduction of the Aeolian-Vocalion and Aeolian-Vocalion Six-Minute Super Records the finer overtones are for the first time faithfully recorded and reproduced.

Due to its universal tone and the simplest and most scientific device of its kind—records of all kinds may be played on the Aeolian-Vocalion. Even the listener may shade and color the music to suit his taste—the marvelous Graduals with which every Aeolian-Vocalion is equipped makes this possible.

All this week we hold special Aeolian-Vocalion demonstrations. Come in—we cordially invite you.

## FLETCHER BROS.

1121 Government Street and 607 View Street

### "OLIVET TO CALVARY" PRODUCED YESTERDAY

Large Audience Hears Appreciation Rendering of Maunder's Cantata

A large audience gathered last evening in the First Congregational Church to hear J. H. Maunder's sacred cantata "Olivet to Calvary," given by the choir and orchestra of fifty people. The cantata recalls simply and reverently the scenes which mark the last few days of the Saviour's life on earth, and Frederic King, the choirmaster, who conducted, must be congratulated upon a very capital rendering, in keeping with the reflections suggested therein.

The soloists of the evening sang the parts allotted them with true musical fervor. Especially distinguished were the tenor roles as sustained by George Guy, who has an excellent pure tenor voice which he uses with full knowledge of his vocal abilities. The baritone, F. J. Mitchell, was unfortunately suffering from a severe cold, but quite creditably G. R. Lock, a member of the choir, at the last moment came to his rescue and sang in a most able manner.

The soprano parts were taken by the boy soloist Jack Puntin, a recent arrival here from London, Eng., and his singing of "Another Temple Waits Thee," was singularly effective. The choir was best in "Come Unto Him," and "Crucify Him," the latter proving a fine bit of choral work and musical expression, the pianissimo and forte effects being well done.

The orchestra was ably led by Mr. Hunt, and a special word of praise must be given Miss Louise A. de W. Moore, the organist of the church, who played extremely well, with the exact requirements of an accompanist.

Studied With Miss Lawson.—Referring to the report of the success of Miss Tilly, the Victoria girl who has made such a sensational debut in New York, her mother, Mrs. Tilly, writes to say that the first violin teacher her daughter had was Signor Claudio, when she was five years old. At six years of age she went to England for two years and on her return to Victoria studied with Benedict Bantley for one year and a half. Then for five six years, the most important part of her training, she studied with Miss Ethel Lawson of Vancouver, and it was during this period that she gained so much distinction with her violin. At no time at all did she study with Leo Cherniavsky, but she had three lessons only with his brother Gregor, just before leaving Victoria.

### NOTES ON CHURCH MUSIC.

A children's hymn should find place on the order of service every Sunday morning.

There is nothing that gives a stranger a better impression of the church than hearty congregational singing.

If you know of a newcomer to your church who is a good singer tell the choir leader about that person.

Choirs are in special need of men singers. Men should help in the choir if they are able even to the extent of sacrificing something else.

Some choir practices are open to criticism because they are too long, but never because they start "on the minute."

The first musical instrument mentioned in the Bible is the "Kinnor," translated harp in our version.

Don't expect your choir to provide good music Sunday after Sunday, to sing plenty of new anthems on an investment of \$25 or \$50 a year for music.

### EASTER MUSIC TO EXCEL TO-MORROW

Splendid Programmes of Sacred Selections Have Been Arranged in Churches

Easter, being of all days the great Church festival—the Christian commemoration of the Resurrection—Victoria churches will to-morrow hold special services when allusion will be made to the great spiritual lesson which lies behind the springtime revival. The churches will be decorated with Easter lilies, and other suitable flowers of spring. Music will be rendered appropriate to the season, and some of more ambitious efforts will secure the heartiest support, not only of the regular congregations, but of all musical citizens.

At the Metropolitan.  
To-morrow morning at the Metropolitan Church Mrs. Edmonds will sing, "I Know That My Redeemer Liveth," from the "Messiah." In the evening a special musical service will be held in the church, when solos will be sung by the following: Mrs. Parsons, Mrs. Morton, Mrs. Doward, Miss Barker, Mr. Dunford, Mr. Percy Edmonds and Mrs. Edward Williams.

First Presbyterian.  
Mr. Hanby's choir at the First Presbyterian Church has prepared an elaborate programme of Easter music. In the morning the choir will sing the following Easter Carols: "Welcome Happy Morn," Jackson's "Te Deum," and an anthem, "I Will Mention Thy Loving Kindness." Two young girls from the Bible Class, Miss Beatrice McDonald and Florence Laveene, will sing respectively, "Conside the Lilies of the Field," and "He Lives."

The evening service will include the carols: "Christ is Risen," and "Come, See the Place Where He Lay." Mrs. Hudson will sing, "God Shall Wipe Away All Tears." Lieut. Simpson, of Winnipeg will sing, "The Good Shepherd." The Church will be beautifully decorated.

First Congregational.  
At the First Congregational Church to-morrow evening Shelly's "Death and Life" will be rendered by the choir.

Christ Church Cathedral.  
At the 11 o'clock service at Christ Church Cathedral the choir will sing Cuthbert Harris's "Te Deum" and Dr. Varley Roberts's anthem, "Christ is Risen." In place of the usual organ recital in the evening, an orchestra will play the following selections, from 8:40 p. m.: "Largo" by Handel, and "Andante Sostenuto," by J. D. Macey. The anthem at the evening service will be "From Thy Love as a Father," from Gounod's "Redemption," accompanied by the orchestra and organ, the solo being taken by Miss Eva Hart.

At St. John's.

Special music has been arranged for both services at St. John's. The choir will sing a festival "Te Deum," composed by G. Jennings Burnett the organist, and the anthem, "Who Shall Roll Us Away the Stone," at the morning service. In the evening the service will begin at 7:30 o'clock. The Magnificat and Nunc Dimittis to be sung at this service was composed by Mr. Burnett, also the anthem, "As It Began to Dawn."

At St. James.

In the morning at St. James's the choir will sing a special Easter Anthem, Simpson's "Te Deum" will be rendered and the Kyrie by Mendelssohn, with special Easter Hymns. The Festival Evensong will begin at 7 o'clock. The Magnificat and Nunc Dimittis is by Simper. The evening anthem will

be "He is Risen." There will be a short organ recital before the service by Organist W. H. Hudson.

At St. Paul's.  
No effort has been spared to make the services at St. Paul's Garrison Church thoroughly in keeping with the Easter Festival. Woodward's setting of the Communion Service will be sung at the morning celebration at 10:30 o'clock, and in the evening there will be festival evensong, which will include Stainer's Anthem: "They Have Taken Away My Lord," and Frances Allitt's: "The Lord is My Light." H. Merry will be the soloist at the evening

### NORMAL SCHOOL

### STUDENTS' CONCERT

Will Appear Next Month on Behalf of Red Cross Society

Provincial Normal School students will hold the fourth concert in aid of the Red Cross at the auditorium on May 2, at 8:30 p. m.

Miss Ida Morris will conduct the choir. The programme follows.

- Part I.
1. Part Songs—  
"Tale Britannia".....De Arne  
"Sandman am a Comin'".....Dvorak  
The School Choir.
  2. Vocal Solo—  
"Miss Violet Paritt".....Schubert  
Miss Elizabeth Corrance.
  3. Recitation—  
"Normal Graduates".....Schubert  
Normal Graduates.
  4. Vocal Solo—  
"My Cherish'd".....Robert Hatten  
Miss Amy Johnson.
  5. Vocal Trio—  
"A Japanese Love Song".....Thomas  
Misses Paritt, Piggott and Mills.
  6. Part Songs—  
"Come, Ladies and Lads".....Arr. by Percy Fletcher  
The School Choir.
  7. Part Songs—  
"Come, Ladies and Lads".....Arr. by Percy Fletcher  
The School Choir.
  8. Pianoforte Solo—  
"Valse Brillante".....Chopin  
Miss Ida Morris.
  9. Vocal Solo—  
"Still as the Night".....Carl Bohm  
Miss Lily Christie.
  10. Part Songs—  
"Hushen".....Needham  
Woodpecker.....Nevin  
The School Choir.
  11. Vocal Solo—  
"Cradle Song".....Gretchenhew  
"The Year's at the Spring".....Mrs. Beech  
Miss Winnifred Bell.
  12. Pianoforte Solo—  
"Duet—Country Dance".....Edward German  
Misses Ross and Paritt.
  13. Vocal Solo—  
"Valse d'Artie".....Lacini  
Miss Mona Misenier.
  14. Part Songs—  
"The School Song".....Coleridge-Taylor  
The School Choir.  
God Save the King.

### VETERAN CONDUCTOR BEGAN AS CUTLER

Romantic Career of Dr. Henry Coward of Famous Sheffield Choir

Few musical conductors are so well known to the peoples of the British Empire as Dr. Henry Coward, the veteran conductor of the Sheffield Choir. He has toured the Empire as a conductor on several occasions, visiting here in 1916, and wherever he went, he was a host of friends by his genial personality.

Started as Cutler.

In a review of his book of "Reminiscences," a writer in an English paper says in part: "It was a hard fight Henry Coward had before he came into his own."

He began to earn his living before he was nine years of age as apprentice to an uncle at Sheffield in the cutlery business. At one time the wages of the two of them only reached ten shillings a week.

From nine until twenty-three he was a cutler; then he turned schoolmaster so as to be able to give more time to music. He worked hard at both, and as it does always, character triumphed over difficulties until at last he was able to make music his profession and to take his place among the foremost conductors of the day.

Believed in Best.

Character shines out from every page of the book. I like particularly such illustrations of it as Coward's resolve to take the Mus. Bac. degree at Oxford just because someone twitted him with having no musical education. I like his manly and altogether unselfish references to his religion. Such men are the salt of the earth. Without them humanity would have no savor. In his seventieth year he can say he feels not seventy years old but seventy years young.

One secret of the honor in which Dr. Coward is held is that he can truthfully say he has never "presumed upon the supposed lack of taste or ignorance of audiences." He has always thought "the very best we could give was just good enough for them—nothing less." He has had detractors, such as the wife of a rival who in a dark cab, not knowing he was there, made sarcastic remarks about his conducting, while her husband ground Dr. Coward's toes with his heel under the impression that he was conveying hints to his wife to be quiet!

But detractors do no good man harm. Dr. Coward has made good in every way, not least in the writing of his Reminiscences, which is where so many good men fail.

Do not expect the choir leader to excuse you for irregular attendance either at practice or Sunday services, because you know him pretty well. A choir cannot run on friendship.

### CHORAL SOCIETY TO

### REPEAT PROGRAMME

"Death of Minnehaha" Will Again Be Rendered

The Ladies' Musical Society whose finances have been hardly hit, through non-patronage of their recent concert, have made arrangements through the kindness of the Victoria Choral Society and their brilliant conductor to repeat their very successful concert of a couple of weeks ago, at which a fine rendering of Coleridge Taylor's "Death of Minnehaha" was given with Miss Eva Hart as the soprano soloist supported by an orchestra of twenty-five pieces, led by Victoria's most gifted musician, Mrs. J. R. Green, are under the direction of Mr. Hicks. This event will take place in the Empress ballroom on Wednesday evening next at 8 o'clock, and the Ladies' Musical Society are looking forward to packing the place to its capacity.

A full rehearsal of chorus and orchestra will be held in the ballroom of the Empress Hotel on Tuesday evening at 8 o'clock. All members of chorus and orchestra are asked to be on hand promptly at 8 o'clock.

### LADIES' MUSICAL SOCIETY.

To the Editor.—For the past nine years the Ladies' Musical Society of Victoria has been engaged in the very laudable work of creating and fostering a love for good music in Victoria. During each season between the months of September and April, monthly concerts have been given under their auspices, where young musicians and

vocalists are given an opportunity to show the results of their training, local artists are employed to assist in these musicals, during the war the proceeds of these concerts were devoted to such worthy objects as the Widows' and Orphans' Fund and similar funds of a patriotic character. Previous to the war this society devoted considerable effort to bringing great artists like Bauer, Eames, Gogorza, Hoffman, Gadski, Ysaye, more recently Lucy Gates and the famous Trio de Lutece, Casals, Cecil Fanning and Alda.

Before the war the prices charged for the special concerts ranged from \$2 to \$5. During the war in order that no one should be debarred from attending on the score of cost the prices were set on the popular plan and ranged from 75c to \$2. Unfortunately the music-loving and general public of Victoria did not appreciate the efforts of the society to give them the best artists and the best music at popular prices, with the result that, on last season's work the society is behind about \$600.

As one who has had a small part in the musical life of Victoria during the last thirty years and has watched with admiration the efforts of the Ladies' Musical Society, to provide the citizens of Victoria and the many visitors during the winter season with entertainment of the highest order, I venture to appeal to the people of Victoria to rally to the support of the Ladies' Musical Society at this time in their efforts to end the season without indebtedness.

The Victoria Choral Society has most kindly offered to help by repeating their recent concert which was such a magnificent success, under the leadership of Mr. Gideon Hicks, and this has been arranged to take place in the Empress ballroom on Wednesday evening next.

This will provide the opportunity to those who feel they ought to come to the aid of this organization by purchasing tickets for the concert, whether they can attend or not. I feel confident the Ladies' Musical Society will do their duty nobly as they always do when the facts are made clear.

J. G. BROWN.

Pantages—Vaudeville.  
Princess — "What Happened to Jones."

Royal Victoria—Charles Ray in "String Beans," and Charlie Chaplin in "Shoulder Arms."

Dominion—Anita Stewart in "Virtuous Wives," and Christie Comedy, "Don't Surprise Your Wife."

Variety—Mildred Harris in "Borrowed Clothes," and Houdini in "The Master Mystery."

Columbia — May Allison in "A Successful Adventure," and Charlie Chaplin in "Behind the Screen."

Romano—Douglas Fairbanks in "The Half Breed."

### DOMINION

Miss Stewart's first production under the management of Mr. Mayer is an adaptation of the famous novel, "Virtuous Wives," by Owen Johnson. The story is described as a truthful account of married life in New York society circles, and has been described as a super-production for married folks and those who expect to be married. It has been shown to huge audiences daily at the Dominion this week.

Supporting Miss Stewart in her role of Amy Forrester, society dilettante, are Conway Tearle, as her husband, Andrew Forrester; Mrs. DeWolfe Hopper as Mrs. Ina Delabarre, society leader; Edwin Arden as Maurice Delabarre, her husband, and William Boyd as Monte Bracken, a social pet and self-admitted waster. All of the costumes, both for these principals and for other women members of Miss Stewart's company, were designed by a famous Fifth Avenue modiste, and patterned both from the fall season's latest creations and from the most recent importations from Paris.

### ROYAL VICTORIA

Charlie Chaplin's idea of the things a doughboy should have and does not get is visualized with thorough detail in "Shoulder Arms," which will be shown for the last time to-day at the Royal Victoria. An egg beater, coffee pot, jug, mousetrap and a multitude of special pieces of equipment for his gun, a bayonet and tent pole, all find a place in his pack in the effort to make trench life comfortable for himself, to the misery of his bunk-mates. Julien Josephson, who wrote "Biting Beans," Thomas H. Ince's newest Paramount picture starring Charles Ray, is an author of many successful photoplays. With Denison Clift he wrote "The Mid-night Fete," another Ince production, and has also done other successful photoplays. He has the understanding of a man who has seen much and retained a grasp on all that has come with his notice. His stories are graphic and full of human interest.

### VARIETY

Movie fans have learned to look for uniform excellence from a Lois Weber production, and in the case of "Borrowed Clothes," the current Variety attraction, they find a full quota of high-class dramatic material, in which tears, realism and genuine heart-interest mingle in a most interesting manner. Mary Kirk is a girl living happily with her sister and parents. The sister, Louise, is a manicurist, and Mary is employed by some young florist, one of whom desires to marry her. Mary is happy with the love of George Weston until Stuart Furth crosses her path. Furth induces her to go home with him, attired in her bathing suit, during a fire in the bath house at the beach. The girl, bewildered by her situation, goes with him, and Furth loans her some finery recently left in his apartment by his discarded friend, Rita. The mere wearing of these borrowed garments wrecks Mary's contentment with her former lot, and she pines for more of Furth's society. Furth's rooms are raided by the police at the behest of Rita just in time to save Mary. Later Furth reforms and declares his desire to wed Mary just as she is about to return to Weston.

### ROMANO

Trinagle found it necessary to film a forest actually ablaze in the production of "The Half-Breed," starring Douglas Fairbanks and Alma Rubens to-day at the Romano.

This particular forest was the famed Caquinez Redwood, under the control of the Government. The authorities immediately expressed disapproval of the idea, fearing that the mimic blaze desired by the picture people might develop in an actual conflagration. A whole fire brigade with fire buckets and chemical engines was lined up by the director and taken over to the chief forester's of the observation. This concrete demonstration of Triangle efficiency and preparedness immediately won his commendation, and the forest was thoroughly soaked and sprays kept going around the scene of action. In the course of the filming Sam de Grasse and "Doug" lost their eyebrows and eyelashes from the singeing flames, and their hands were badly blistered.

### PANTAGES

Mel Klee, the black-face comedian who is featured with the current Pantages show, is a remarkable "find" of a great eastern vaudeville magnate. Before he donned the "burnt-cork" disguise Mel used to sell cigars. It has been said—and truly, too—that the average travelling man hears more original stories on any one of his trips than any five vaudeville comedians can tell in a week. He was elected as one of the entertainers at a great "stag" dinner in New York. Very nervously he mounted the platform. He told stories in seven different dialects and

The answer of most fat people is that constant dieting is hard, continual exercise is tiresome, exhaustive—then, too, it might be harmful to force the weight down. That was the old-fashioned idea. To-day in Marmol's Prescription Tablets, all these difficulties are overcome. Just a pleasant, harmless little tablet after each meal and at bedtime causes fat to vanish. This modern method is absolutely harmless, entails no dieting or exercise, and has the added advantage of cheapness. A large case of Marmol's Prescription Tablets is sold by drug stores at 50c. It is preferable, can be obtained by sending price direct to the Marmol Co., 1000 Broadway, New York, N.Y. How that you know this is true, send ten cents to Marmol Co. and you will receive a small pamphlet and a trial tablet free.

sang a few songs. The vaudeville magnate made Klee an offer, but it wasn't sufficiently large enough to tempt Mel from his business of selling cigars. The magnate raised the ante somewhat, but Mel still couldn't see it. After a little persuasion and an extra financial offer, however, the magnate succeeded in winning him over. And then Mel opened in a New York theatre—and repeated his success at the stag dinner.

### COLUMBIA

The story of "A Successful Adventure," to-day's attraction at the Columbia, with May Allison in the stellar role, centres around two brothers who for many years were estranged over their love for the same girl. Many years afterwards, her daughter, Virginia, played by Miss Allison, is left a legacy provided she effects a reconciliation between the brothers. To do this she secures a position as a maid in her rich uncle's home, and soon establishes herself as the practical ruler of the household. There is a love affair between Virginia and her uncle's adopted son, Perry, who believes that she loves an adventuress until the climax is brought about by this woman attempting to steal a secret code book. This is frustrated by Virginia, who has slipped away to and a masquerade. Perry penetrates her disguise, and follows her home, arriving in time to rescue her from the companion of the adventuress. Virginia declares her real identity, through a ruse the two brothers are brought face to face, and all ends happily. Charlie Chaplin in "Behind the Screen," a two-part comedy, guaranteed to cause the blues away, is an added attraction on the Columbia programme to-day.

### FARCE AT PRINCESS THEATRE TO-NIGHT

"What Happened to Jones" to Be Produced by R. N. Hincks

To-night at the Princess Theatre the famous farce-comedy "What Happened to Jones" will commence an extended run under the direction of Reginald N. Hincks.

Mr. Hincks will assume the role of Jones, whose adventures create the amusing situations and contretemps which form the basis of the plot. He will be ably supported by a talented cast, including Mrs. D'Oily Rochfort, who as Phyllis Davis earned for herself wide reputation as a talented comedienne; Miss Dorothy Stuart Robertson, Mrs. Bolby, Mrs. Taylor, Mrs. Andrew Mellin, Miss Stevens, Major Taylor, Lieut. Webb, Messrs. Stuart Clark, T. Edwards Clark, A. M. D. Fairbairn and R. Ward.

### SHOT AT VILLAIN IN MOVING PICTURE

Vancouver, April 18.—James Connors languishes in a cell at Vancouver police headquarters to-day as the result of chivalry. He went to the Crystal Theatre, Vancouver, on Wednesday night, and in his pocket he carried a small calibre revolver, it is alleged. Through tense situations he watched the heroine of the film until she was about to make her escape from captivity. Just as she neared freedom one of her captors appeared, and it seemed inevitable that the beautiful girl would again fall into the clutches of her enemies.

Bang! A shot sounded through the theatre, and the larger portion of the audience sought cover under the seats. Those who retained their presence of mind saw a man, with a smoking gun in his hand, pass hurriedly down the aisle and make his escape through a rear exit.

E. Kellahan, clerk at the theatre, was one of the latter, and he kept the man in view until he could get into touch with the police, when P. C.'s Kaneen, Thompson and Duffy took up the chase.

In a short time Connors was located in a rooming-house, where it is alleged he tried to dispose of the revolver in order to clear himself. He was taken to headquarters and appeared before Magistrate Shaw, when his counsel applied for an adjournment until Wednesday next in order that his relatives might be communicated with.

### WRONG AMMUNITION.

"Boozer likes to talk about his aim in life." "His aim may be all right, but he has the wrong kind of a load."—Boston Transcript.

### A clean, sharp blade for every shave

If there's any pleasure to shaving, you get it in an AutoStrop Razor. First, because there's always a sharp blade ready for use—a few turns on the strop brings it back to its professional keenness. Secondly, because there's no fussing with parts after shaving. And thirdly, because a simple adjustment makes it possible for you to shave as closely or as lightly as you wish.

From first to last, sharpening, shaving and cleaning; you never need to remove the blade from the razor. Is it any wonder, then, that thousands of men consider the AutoStrop Razor the last word in shaving comfort and convenience?

The AutoStrop is the only safety razor sold with an unconditional guarantee. Everywhere—complete with razor, strop and 12 blades for \$5.00.

## CARS SHOULD STOP ON

## ONE SIDE OF STREET

Coroner's Jury Expresses Opinion on Safety of Passengers

The question as to which side of the street cars should halt was raised this morning at the inquest over Winnifred Wakeham, who died as a result of a street car accident recently in Esquimalt. The jury added a rider to the verdict of accidental death, recommending that in future street cars should stop on one side of all streets regardless of whether or not they were paved. The jury also thought that when a car stops for the purpose of discharging passengers another car passing it should stop until it is ready to proceed.

NO CONNECTION. Mrs. Hitch, of the Northern Hotel, requests The Times to state that she has no connection with Elsie Hitch, charged with stealing.

A HALIFAX DEATH.

Halifax, April 19.—Rev. Dr. Robert Laing, president of the Halifax Ladies' College since its foundation and a former pastor of St. Matthew's Church in this city, died early this afternoon. After a brief illness, he resigned from the presidency of the Ladies' College some months ago, but the resignation was not to take effect until May 1.

Lemons Do Whiten! Try This on Face, Neck, Arms, Hands

The lemon juice massage indulged in once or twice each day means a little time and trouble, girls, but what of the splendid results? A skin bleached beautifully white, a complexion with the bloom of a peach, a softening of those lines of care; in fact, a skin eloquent of nature's purity and hands white, soft and full of charm.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes? to bleach the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quart of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When massaged daily into the face, neck, arms and hands, it should naturally help to whiten, clear, smooth and beautify the skin.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons.

AUSTRIAN EX-NOBLES TO LIVE IN SWITZERLAND

General, April 18.—Via London, April 19.—(Associated Press.)—An official statement from Bern states that the Federal Council has authorized four Austrian ex-Archdukes, Max, Frederick, Eugene and Charles Etienne, to live in Switzerland on the condition that they shall not engage in propaganda or politics.

WELL SATISFIED WITH BABY'S OWN TABLETS

Mrs. Edmond Gagne, Tikape, Que., writes: "I am well satisfied with Baby's Own Tablets. They are absolutely necessary in homes where there are little children. They cured my baby of constipation and I would not be without them." Thousands of mothers always keep a box of Baby's Own Tablets on hand as a safeguard against constipation, colic, colds, simple fevers or any other of the minor ills of little ones. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

FIVE POISONED.

Detroit, April 19.—Five persons, comprising an entire family, were found dead in their home on the west side here this morning, apparently as the result of ptomaine poisoning. The dead: James Deluvio, his wife, infant son, brother and aged father. Evidence that the family had partaken of contaminated food was found in the house.

## VITRIOL THROWN IN

## CITY OF CAIRO

One Man Blinded; Death Penalty for Those Throwing Acids

Cairo, April 18, via London, April 19.—Threats were made recently by terrorists that they would throw vitriol on all strikebreakers as they were leaving their work, and an official communication to-day, dealing with disorders, reports vitriol throwing, one man being totally blinded. In consequence of the vitriol throwing incidents an order has been issued that persons who throw corrosive substances or cause them to be thrown are liable to the death penalty. The order also provides that persons possessing corrosives without legitimate reason are liable to fifteen years' imprisonment and that those who sell such substances are guilty of a criminal act.

Curious scenes occurred in the streets to-day when several days' accumulation of garbage was being cleared away by gangs of convicts protected by troops.

The sentences of persons convicted of rioting during the past few days ranged from three to fifteen years' penal servitude. Forty arrests have been made in Kenah, on the Nile in Upper Egypt, according to the official communication, which also reports that minor disturbances occurred in Suez on Monday.

## UNREST CONTINUES

## IN THE PUNJAB

Strike at Delhi Still Going on and Shops Are Remaining Closed

London, April 19.—A review of the situation in India received here to-day shows no improvement in the Punjab and the region of Delhi.

The strike continues at Delhi, the Indian capital, and the shops there remain closed. The people are reported to be maintaining a sullen attitude.

The Prevention of Seditious Meetings Act has been put into force at Multan, southwest of Lahore, and at Jullundur, east of Lahore. Communication with the northern Punjab has been interrupted. A serious outbreak occurred early in the week at Chikarkann, in the Gujranwala district north of Lahore, and a railway station was wrecked.

Mrs. Annie Besant, Nationalist leader, it is added, has issued a statement condemning the extremists.

APRIL MOODS.

April met me on the road; Damp it was, the skies were gray, And I wore some ancient clothes, Treasured 'gainst a rainy day.

April meets me on the road; Damp it was, the skies were gray, And I wore some ancient clothes, Treasured 'gainst a rainy day.

Still another day we met; Since 'twas lovely Springlike weather, In my smartest suit and hat, Weathered round with a duffy feather.

April yowled my pride must fail; In a trice she hid the sun, With her magic brought the rain, Spoiled my cheeryed finery!

April is like a woman ever, Full of moods—and steadfast never!—Maude V. Caruthers, in The New York Times.

This Skin Peeler All the Rage in Society

There is a growing tendency among women of culture and fashion to pay more attention to hygienic means of preparing their skin for the world's eye. Mercurized wax douches have been largely responsible for this. This remarkable substance produces a complexion so natural in appearance, so magnetically beautiful, artificial complexions are no longer resorted to.

The wax peels the skin so gradually, in such a painless manner, that the complexion is fresher, younger, skin is beneath, wholly in evidence within a week or two. It is a white, satiny soft and smooth. It is not a skin peeler, as such, but a brand new one. That's why mercurized wax has become such a rage among society folk. The wax put on nights like cold cream and washed off mornings. All druggists have it. One ounce will do.

TELLS OF PART

SPORT PLAYED IN

SOLDIERS' LIVES

Lot of Men Have Discovered They Can Play Games, Says Major Nicholson

Major George Nicholson, who left Victoria with the Western Scots, writes an interesting letter from France, in which he tells of the part that sport has played in the life of the men overseas. The major, who was formerly president of the V. I. A. club, secretary of the Victoria Rugby Union and active in sport generally, has carried his athletic enthusiasm with him through the big game overseas.

In Victoria he worked with W. H. Davies in the promotion of many sporting events, including the reception to the men of H. M. S. Kent. Writing from Brussels, Belgium, to Mr. Davies, he states:

"We will all soon be home now, our Division (the 4th) being the last to leave, and we expect to start for England about the last week in April. I have always received the Victoria papers regularly and have kept pretty close track of athletic news, and you've sure done your bit in keeping things alive as you have done, in spite of the times. I note with particular interest the doings of the V. I. A. A. and its activities in all branches of sport, and I am glad also to see that you have most of the prominent 'sports' of the city on your membership list."

"With the boys coming home we should have renewed activity in all games and I feel sure of your wanting no effort to get them to join yours, or any other club, for that matter, right away."

Athletic Training Helped. "If you will remember when we first made our appeal for the athletes to join the colors, we pointed out that athletics was half a man's training for a soldier. Well, that was no wild guess, and I can assure you that the intensive athletic and recreational

training as laid down by the higher command was in no small degree responsible for the production of the victorious army, as ours was and is. You will very soon find that practically every man returning will have played one game or other during his service in the army.

Became Keen on Games. "Our system of training has been that every man has to, and the scheme so worked out that a man has unconsciously become interested and keen in one particular game or another. The result has been that an enormous number of men have found out that they not only can play, and like it, but that they are good at it; and the result has been the development of considerable outdoor and indoor games, so that they are able to play after being demobilized, and what better means could we devise to bring the boys together again from time to time than by medium of the athletic field."

Gigantic Meetings. "General Currie has always been

My son was afflicted with eczema on face and body, for three and a half years, during which time I had him constantly under treatment, having had him to specialists in United States and Canada, also to noted mineral springs, none of which effected a cure. Was advised to try Swazema, one bottle of which cured him. I can heartily recommend this medicine to sufferers of the disease.

Health as well as it was for training him to be a soldier.

A Fitting Memorial. "The results of such energies on our part would be a fitting memorial to those athletes who have died on the field of battle. We have had a very pleasant time since the armistice, the people of Brussels, whom we have now been for two months, being particularly hospitable to the Canadians. I hope to see you again about the end of May or early in June. Please to give my kindest regards to Harry Skuce, W. H. Spalding, Harry Body and other old friends."

### MAINLAND TEAM WINS PROVINCIAL SOCCER TITLE BY PENALTY SCORE

**Foundation Team Misses Several Chances and Fails to Find Wallace's Net Once**

Two thousand people watched Wallace's team from Vancouver win the McBride Shield, with which goes the provincial soccer championship title, Friday morning, by beating the Foundation Company at Royal Athletic Park. A penalty awarded against the Foundation Company in the first half gave the mainland team their opportunity and the goal obtained from the kick proved to be the only score of the game.

**Allan Tried Hard.**  
Wallace won the toss and elected to kick towards the Green Street goal. Right at the start Dean, the Vancouver captain, got going and made a fine run, but Chester kicked clear. Jimmy Allan at the other end got right between the backs, and came near scoring, while his forward stood watching. The game was very even, and Wallace's forward line gave Chester and Brown lots to do. Cosier at the other end centred the ball, and Davis completely missing it, Jimmy Allan tried a shot, the goalkeeper just parrying the ball to Davis, who missed an open goal. While the game was very even the local shipbuilders had the most chances for goals.

**The Only Game.**  
From a mixup in the Foundation goal Camley aimed the ball in a manner that appeared accidental and there was some surprise when Referee Allen gave a penalty. Dean took the kick, and gave Bridges no chance. Immediately on restarting Hillier centred right on to the crossbar; the ball dropping in front of the goal with one up. Elder, the Vancouver outside left, missed an open goal, and Jimmy Allan started again, but his inside forwards were woefully weak, half time arrived with mainland shipbuilders in the lead 1-0.  
Right from the start of the second half the Foundation pressed, but soon fell back, and the Vancouver men fell off owing to the heavy going. Rutter hung on to Dean like a leech, but in one run down the Vancouver player fooled Brown completely, and centred for Hope to head against the crossbar—a fine effort.  
Cosier was about the only Foundation forward who was playing up to form, and he showed Lynch a clean pair of heels one time and time again. Lynch resorted to a little heel tapping, which called for a rebuke from the referee.  
Dean got clean away, but the referee called him offside.

**Player Ordered Off.**  
Cosier changed places with Bridges, and immediately shot for goal, missing by inches. Davis completely missed a centre from Hillier. In a run down by Cosier, Allen went to the help of his team mate, but Lynch tripped his heels. Referee Allen sent the offender of the field leaving Vancouver with nine men; Chester, who played fine, put in a shot from centre field, the best shot of the day, and Davis should certainly have scored from the rebound. Time was called with Vancouver winning by the route no team likes a penalty.

**Good Goalkeeping.**  
For the visitors McGillivray stopped everything that came his way. The backs were not any too brilliant, but the halves worked hard. Lynch spoiled his game by his habit of kicking heels, which resulted in his banishment from the game, being the first player ever ordered off in a McBride Shield game since the trophy has been up for competition.

Of the forwards Dean was the pick. Although he was watched closely by Rutter he did a lot of clever work. Elder at outside left was little more than a passenger. Bridges in goal, could not be blamed for the defeat. Chester was the outstanding fullback on the field, Brown being often beaten. The halves were the best part of the Foundation team. Allen started all the forward movements, but Cosier was the only man in the line to show real place merit, although Bridges being out of condition, was fair, but out of place.

### NEWSBOYS BRANCH OUT AS FIGHT PROMOTERS

**Charge Admission and Fight for Purposes at Contests**

Since the newsboys were given a place on the boxing cards in the city, they are taking up the fight game with great enthusiasm. While practicing for the tournament which is to be held next Friday at the Crystal Theatre, when the boys will hold a competition in connection with the city championship events, they are mixing practice with promotion.  
Three sets of gloves have been procured by the boys, and contests are being held at the house of one of the lads. One cent admission is charged, and the proceeds are devoted jointly to paying expenses and to make up a purse for the winners. The lads selected the official themselves and have left nothing out, even to the announcer.  
A big entry is assured for the tournament on Friday, and the Foundation Club is training a big string of boxers to uphold the reputation of the shipbuilders. The V.I.A.A. club will be well represented, and will have some men in the field capable of upholding the club's reputation. Unattached boxers will be allowed to contend for titles and are asked to send in their entries to W. H. Davies, 641 Fort Street. The Crystal Theatre will be open Tuesday, Wednesday and Thursday for the entrants to work out. As a wrestling mat is used to prevent any possibility of serious injury to any of the fighters in case of a knockout, an opportunity to get used to working on the mat will no doubt be seized.

### BALLOT TO DECIDE NAME OF BALL TEAM

**Lots of Suggestions to Be Voted on at First League Game**

The first time Jim Brown's diamond experts took the spangles for a game in the Northwest International Baseball League game, the combination that the manager emphatically declares is going to haul down the pennant this year will do so without any other name than that of the Victoria Baseball Club, and anyone who can imagine hundreds of cent baseball fans referring to their pets as "the Victoria Baseball Club" is possessed of nearly as much imagination as Jim Brown declares his boys have speed.

**Lots of Suggestions.**  
The manager is getting lots of suggestions on a name for the club and although there are some snappy titles that look good, he figures there is always liable to be one that might make him think he decided too soon, so he is shifting the responsibility on to the fans themselves. Wednesday, April 23, when the curtain rises on professional ball in Victoria for the first time in several years, every fan that attends the game will be handed a ballot slip containing a list of the names suggested for the club, and incidentally the names of the fan making the suggestion. As the biggest number of suggestions have been sent in by ladies there is liable to be a little influence in some quarters, but as Brown points out, it will be a secret ballot. Those attending the game will be asked to put a cross against the name which strikes them as the most appropriate and the count will decide the rest.

"Sockeyes" is one of the suggestions that has set the local boss thinking, and the lady fan who sends in the suggestion has evidently studied the enthusiastic rosters from the bleachers. "Sockeye," she points out, is the most famous and best of the V. I. salmon, salmon fisheries being one of the best of the Island's assets. The word sockeye lends itself as a good word for the bleachers, for example, "Now you Sockeyes, sock 'em up, sock it to 'em," "Give them socks," or "O you sockeyes." A fanette has suggested Tyees and the same suggestion comes from a plain fan. Tillicums, Islanders, Whales, Brownies, Capitals, Huskies, V. I. Arrels, V. I. Beavers, Cardinals, Becons, Chinooks, it Swans, a V.I.'s, Island Cougars and Panthers are other suggestions. One fan sends some mystic sign—X10 and U8.

#### Tortoisies.

One lady suggested Tortoisies, and Brown thought at first he scented a disgruntled fan who viewed his pets with suspicion. The lady, however, explains that Tortoisies start slowly and win in the end, and she is sure the Victoria team is going to stand on the top at the end of the season.

#### WINNIPEG BOWLERS WIN CHAMPIONSHIP

Winnipeg, April 13.—Spilling the maples for an aggregate of 2,968, last night, Winnipeg won the championship of the Western Canada telegraphic bowling tournament by the small margin of 31 points, Edmonton being a close second with 2,937. The first game of the Edmonton team was the cause of their not occupying the premier position.

### BASEBALL IN SWING WITH SIBERIAN FORCE

**Two Generals Get Homers in Game in Which Infantry Win**

Vladivostok, March 25.—(By mail from W. E. Playfair, Canadian Press Correspondent.)—These fine spring days Canadians in Siberia are training for the Bolsheviks with baseball and bat. The favorite game is the indoor variety played outdoors and everybody is doing it, from generals to privates. There is a lively league at Gournastal made up of teams from various units of the 16th Infantry Brigade and the machine gunners and games are played almost every day between officers and sergeants' messes all over the area.

One of the first games of the season, and a struggle that will become historic, was that between Force Headquarters and the Brigade Headquarters. Two generals figured in the contest, each driving out a home run or two, and the final score, thirty-four to twenty-two showed that the infantry knows more about baseball than the brass hats at headquarters. An industrious sergeant, who used to be a major league scorer made up the following box score of the struggle:

|                    | AB. | R. | H. | PO. | A. | E. |

#### NO BOXING LEGISLATION.

Albany, N.Y., April 19.—Failure of the Assembly Committee on Rules last night to report out either the Walker or the Gibbs boxing bills, indicated that no legislation legalizing boxing in this state would be passed by this session of the Legislature.

### FRIENDS THOUGHT HE WOULD DIE

**"FRUIT-A-TIVES" Conquered Dyspepsia and Restored His Health.**

MR. ROBERT NEWTON  
"Little Bras d'Or, C. B."

"I was a terrible sufferer from Dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches, and did not sleep well at night. I lost so much weight—going from 185 pounds to 145 pounds—that I became alarmed and saw several doctors who, however, did me no good. Finally, a friend told me to try 'Fruit-a-tives.'"

"In a week, there was improvement. The constipation was corrected; and soon I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous."

"ROBERT NEWTON."

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives, Limited, Ottawa.

### CLIMB INTO RING AT SEATTLE FIGHT

**Confusion Reigns When Local Boy Goes to Floor at the End of First**

Seattle, April 18.—A faulty timer's bell was responsible for a premature and unsatisfactory ending to the scheduled four-round bout between Eddie Pinkman, Seattle lightweight, and Ritchie Mitchell, Milwaukee contender for the world's 135-pound honors, at the Arena to-night.  
The gong, sounding the end of the first round, was not heard by the two boxers, and after an exchange in the centre of the ring, Mitchell crossed his right to Pinkman's jaw and the Seattle boy went down. Declaring that both boys had been guilty of technical fouls, Referee Eddie Tate, of Tacoma, refused to award the verdict to Pinkman, and officially decided that the affair was "no contest."

#### Into the Ring.

When the Seattle boy dropped, bedlam broke loose in the big auditorium. Managers, boxers, promoters, spectators climbed into the ring and confusion reigned. Taking a nod from the referee as an indication that Pinkman was entitled to the verdict, Matchmaker Clay Hitt raised Pinkman's hand, and many left the Arena under the impression that the Seattle boy had won on a foul. After the ring had been cleared,

### Big Reductions in Fishing Tackle

Insurance Agencies, Ltd., Rogers Building, Vancouver.  
See Local Agts.

Referee Tate officially announced that, in his opinion, Mitchell had unintentionally struck the blow, and that a decision could not be rendered.

**Was Fast Fight.**  
The fight, up to the unexpected ending, was a fast one. Pinkman surprised his admirers by hitting the visitor several hard cracks with his deadly right, Mitchell, boxing cleverly and using his own right to good advantage, was crowding his rival as the round neared an end, and the cheers of the big crowd drowned the sound of the bell. Young Hector, Seattle heavyweight, won in the first minute over Soldier Sawyer, of Vancouver Barracks.

Lloyd Madden pleased the crowd with his scrap with Kid Rooney, another Vancouver boy. Rooney was game and was making Madden extend himself, but the former amateur champion hit harder blows and deserved the decision. Joe Harahan earned a decision over Louis Leonard, but the bout was called a draw.

**Ross and Carson.**  
Lethbridge, April 18.—Al Ross, of Calgary, and Kid Carson, of Edmonton, battled to a fast and furious draw.

#### NATIONAL BASKETBALL

Los Angeles, April 19.—The N. A. A. U. basketball tournament continued here last night at the Angeles Athletic Club before a gallery.  
The tournament will close to when the L. A. A. C. Blues at Olympic five will play for the championship and the L. A. Mercury meet the University of team for third place.

PROS. LOOK GOOD  
IN OPENING BALL  
GAME OF SEASONFans "Look 'Em Over" in  
Game Against Amateurs  
Friday Afternoon

"Atta boy," "rotten," "get a basket," and like familiar salutations were heard at the Royal Athletic Park yesterday afternoon when 1,500 fans awaited "Tiny" Frank Sweeney call "play ball."

The pros. won by a score of 5 to 1. It was evident from the beginning that the five years absence from professional baseball did not cause the local bugs to forget their pet names. Their banding was good-natured, for both teams—Victoria International North-western League and Straths-Two Jacks—comprised local players. First Baseman Hoffman and Right Fielder Leifer of the pro. team did not arrive yesterday, and as a result "General Jim" Brown, the local pilot, was compelled to use three home boys instead of one, as had been expected. Pringle, Fred Brown and "Zip" Fitzsimmons were substituted for the missing players, and acquitted themselves worthily.

The grounds were in poor shape and fast play was impossible. Seven errors for both teams did not look like the fans, compared to the condition of the diamond and outfield. Three men were caught off the bags but their mishaps were excusable, as it was fatal to take a lead of more than ten feet, owing to the slippery baseline.

**Alec Strath on Mound.**

Alec Strath was on the mound for the amateurs for six innings and with the exception of the fourth frame, held his opponents to one run in the first, and one in the third. The pros. bunched hits in the fourth and three men romped home. Jimmie Holmes and his tall spin dive ball held the fort for the remaining two stanzas, and no runs resulted.

Sid Elmer and Frank Moore got two hits each, while Mackie and Whalen copped one apiece. Moore hit one to the fence that was good for two bags. Harry "Speed" Morton, formerly with the Portland Coast League team, occupied the mound for the entire game for the Busters, and allowed six hits. It was plain that he did not exert himself in the early innings, but towards the latter end of the game showed the spectators some of Walter Johnson's speed. Ted Easterly did the catching. They say that Ted has never exhibited a sore wing, but he had little opportunity for showing his ability in the throwing line yesterday as base-stealing was impossible. Menser, Fred Brown, Fitzsimmons, Leclair and Morton got a hit apiece, while Armstrong and Easterly copped two each. Easterly and Morton drove out hits that reached the fence. These

SUMMER ATTRACTIONS  
FEATURE OF HOLIDAY

Boating and Swimming Drew Many; Golf, Baseball and Football

The day's holiday on Friday was marked with all the features of mid-summer sport, and one main event of the winter sports. Two thousand people were attracted to the Royal Athletic Park to watch Wallace's team from Vancouver play the Foundation Company in the final for the provincial championship, and carry off the honors on Friday morning. In the afternoon baseball was the centre of attraction at the same park. Jim Brown's boys, who will carry the Victoria colors in the Northwestern League, appearing in an exhibition game against a team of all stars picked from the Victoria league players. The golf tournament at Oak Bay links attracted a big entry, and although no special Eastern competitions are being held by the United Services Golf Club this year, there was a large turnout of golfers at the Esquimalt course yesterday.

Although it is early for aquatic attractions, the George presented a mid-summer appearance. The hardy water enthusiasts who have been swimming for several months were joined by scores of others who took advantage of the holiday to make their first plunge of the season, and were pleasantly surprised to find the water none too cold to make the swim enjoyable. The banks in places were lined with juvenile fishermen.

Boats and canoes were out in full force, and although rain threatened a couple of times, the weather fortunately held good, and visitors to the popular park were thoroughly able to enjoy the day.

## BILLIARD HANDICAP

The semi-finals have been drawn in the Broad Street Hall billiard handicap as follows: Paterson (scratch) v. B. Newman (scratch), Askey (owes 75) v. Harker (owes 50) or Dobbie (rec. 25). Last night Paterson beat Barnes 250 to 181, and in the special Hiberson (owes 100) defeated Ward (rec. 50) by 35 points. The first named plays made breaks of 37, 29 and 20. The second round in the special is drawn as follows: Baker (scratch) plays Ralston or Gatenby; Snell plays B. Irish or Owens; Askey (scratch) plays Hiberson (owes 100); Booth (rec. 100) plays Norton (scratch).

TEAMS PICKED FOR  
MONDAY'S CRICKET

Cricketers are showing great interest in the opening game of the season Monday at the Jubilee grounds, when the President's teams will meet a team selected by the Vice-President. Play will start at 1.30, and a collection will be taken during the game for the ground improvement fund. The teams has been selected as follows:

President's XI.—Payne, Muncey, Major, Lethaby, Walton, Edwards, Wright, A. Booth, May, Kirkham and Quinton.

Vice-President's XI.—Freeman, Mayne, Allen, Austin, J. Wenman, Tuthill, Worthington, Lock, Sergt. Watson, Tucker and Goward.

NATIONAL LEAGUE  
SEASON OPENS TO-DAY

Boston, April 19.—The National League baseball season opened here this morning and afternoon games between the Boston Braves and the Brooklyn Dodgers. It was announced last night that Pitchers Cadore and Pfeiffer would occupy the mound for the Brooklyn aggregation with Rudolph and Neft furnishing the local opposition.

Fully 5,000 veterans of the Yankee Division are expected as guests of President G. W. Grant, of the local club. Sport gossip and weather forecasts indicate record attendance for the opening games. These will be the only championship major league games played to-day, the season being advanced from Wednesday in order to allow the local club to take advantage of the holiday.

CHET M'INTYRE LEADS  
NEW ATHLETIC CLUB

Tacoma, April 18.—A group of public-spirited business men, with Chet McIntyre, nationally known athletic director, announced recently the organization of a new monster athletic club to be known as the Tacoma Athletic Club. The new venture will entail an expenditure of more than \$20,000, and will present one of the most modern clubs of its kind in the West.

Plans for the gymnasium and club rooms have been drawn. It is planned to remodel the four-story brick structure at Twelfth and A Streets, opposite the post office. The lower floor of the building will not be used by the club. The third floor will be torn out and a fully equipped gymnasium established.

"It is not a money-making proposition," said Mr. McIntyre. "The club is something Tacoma needs. I will assure Tacomaans that I will have entrants in the Olympic Games in Belgium from the club. I have sent many athletes to the Olympic Games and know that I have better material to work on in Tacoma and vicinity."

Baltimore, Md., April 19.—Johnny Ertle, of St. Paul, was given a decision to-night in a twelve-round bout with Frank Daley, at Staten Island.

FOOTBALL HEADS IN  
SESSION YESTERDAYChange Suggested to Allow  
Players to Transfer for  
Cup Ties

That soccer players may appear for one team throughout the season, and then register for another team to play in the cup tie series, was one of the suggested changes in the B. C. F. A. constitution which found favor at the British Columbia Football Association meeting held last night. If the change is agreed upon, players will be called upon to sign another registration form stating the club which they will play for in the cup tie series. Other changes in the constitution were suggested the delegates continuing the session from 1 o'clock in the afternoon until 9 o'clock in the evening.

The organization meeting was set for Nanaimo on the first Saturday in August when the election of officers will take place. In the meantime delegates to the Association will be supplied with the suggested changes in the constitution to put before the club's executives.

The decision of the Vancouver association was upheld in the appeal which Chisholms made to claim a game on points when the Nash Heats were unable to field a team during the influenza epidemic. The Association agreed with the local body that a replay was necessary.

Arthur Manson, president, and those present were Mr. Murphy, Dave Leith, A. W. Wilson, W. J. Bird, of Vancouver, and A. C. Hill, secretary.

INTER-CITY SOCCER  
HAD TO BE CANCELLED

A change in working shifts at the mines made it impossible for the Nanaimo team to make the trip to Victoria to-day for the inter-city game with Victoria. Arrangements had been made to entertain the visiting players and there were some disappointment among both players and fans when the notice came that the game would have to be called off.

## SPORT SHRAPNEL

**Victoria Men Overseas.**

News comes from Albert Stone, who will be well remembered by soccer players in Victoria, that tug-of-war honors have again been won by the 29th Battalion which includes many Victoria men. Both the light and heavy teams of the battalion, according to the letter written by Stone, carried off the championship for the Canadian teams in France, a repetition of their performance in 1917. Robert Nicholson, of Kamloops, who left with the 11th C. M. R.'s, who is also known to Victoria sportsmen, has on both occasions been a member of the battalion team, each member of which received a gold medal in the shape of a maple leaf.

**Y.M.C.A. Senior Swimming Club.**

The Y. M. C. A. Swimming Club is rapidly getting into shape for the coming season, and hope to present to the public much variety and excitement in water sports, both indoor and outdoor. The club officers are J. Wenger, vice-president, and Gordon Young, secretary-treasurer, the position of president being vacant. The present club was formed some three years ago, and was then known as the Junior Swimming Club. Members wishing to join the club should send their names in to G. Young, secretary-treasurer of the Y. M. C. A. Swimming Club, Y.M.C.A.

**Velvet For Arthur.**

Jack Johnson, who has left Cuba for Mexico City, has leaped into prominence as a national hero.

His confession of having faked the championship fight with Jess Willard has not hurt him in the public fancy. He is the constant companion of the most prominent military dignitaries and political leaders. He is training at the home of Gen. Alfredo Breceda, one of the most beautiful mansions in the city.

Johnson was sent to Mexico by a syndicate of Mexicans under contract for a year to give exhibition bouts. It is planned to stage matches in the bull ring, which has a capacity of 40,000, and an effort is being made to bring some of the heavyweight near champions from the United States to box him.

THIN PEOPLE  
SHOULD TAKE  
PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft rounded lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness, and who are usually due to starved nerves. Our bodies need more phosphate than they know among druggists as bitro-phosphate, which is sold by the McDermid Drug Co. in Victoria, and almost all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance of the body. The increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright, and pale cheeks glow with the bloom of perfect health.

**CAUTION.**—Although bitro-phosphate is unsurpassed for relieving nervousness, it should not be used as a general health-giving property, be used by anyone who does not desire to put on flesh.

## PURITY - QUALITY - ECONOMY

With the increased cost of labor and materials due to war conditions, it is not reasonable to suppose that a really first class baking powder can be made and sold at the old prices. Rather than sacrifice the quality of

## MAGIC BAKING POWDER

we found it necessary to make slight increases in price during the war period. Even though Magic Baking Powder may cost a few cents more than the ordinary kinds it is still by far the most economical baking powder on the market to-day when purity, strength and leavening qualities are taken into consideration.

Contains No Alum

Made in Canada

## CUT YOUR EGG COST IN HALF

By Using

## PENDRAY'S WATER GLASS

The time of year is rapidly approaching when eggs are cheapest. For a very short time this spring eggs will be obtainable at about half-a-dollar per dozen. For the rest of the year they will be very much dearer, and next winter they will likely again go to a dollar per dozen.

The best plan is to buy eggs when they are cheapest and use a preservative such as Pendray's Water Glass, so that

## Absolutely Fresh Eggs

Can Be Obtained at All  
Seasons of the Year

at a minimum cost. Eggs preserved by this method will be just as fresh at this time next year as they are to-day.

A 2-lb. Tin of Pendray's Water Glass, costing 30c, will Preserve Twenty Dozen Eggs.

Sold by Leading Druggists and Grocers.

Manufactured by  
W. J. Pendray & Sons,  
Victoria.Stomach Acts Fine, No Indigestion!  
Eat without Fear of Upset Stomach

Food souring, gas, acidity!

If your meals hit back causing belching, pain, flatulence, indigestion or heartburn here's instant relief. No waiting!

Pape's Diapepsin is noted for its speed in ending all stomach distress. Never fails!

Keep it handy. Tastes nice and costs so little at drug stores.

## UPSET? Pape's Diapepsin

BATTLE LEGACY.

## Our System of Testing Insures Uniformity and Dependability in Dominion Rubber System Belting

Probably the elements that create the most satisfaction in the use of any article are an accurate knowledge of what it will do before it is made and to prove that it will efficiently accomplish its purpose after it is made.

It is on this basis that we build our belting and the knowledge of what it will do is the result of over fifty years experience and research.

We prove by careful tests that every ounce of material is up to our high standard—each individual operation is checked as the belt proceeds from one machine to the next and a sample of the finished belt is tested, both chemically and physically, to prove that it will efficiently serve the purpose for which it was made and that it has a reserve of strength for emergencies.

We want you to test not only our claims of superiority for Dominion Rubber System belting, but our free belting service, in charge of belting experts, who can help to cut your manufacturing costs, by making your equipment more efficient.

A phone, wire or letter to our nearest service branch will enable you to test this service without obligation.

### Services Branches

Halifax, St. John, Quebec, Montreal, Ottawa, Toronto, Hamilton, London, Kitchener, North Bay, Port William, Windsor, Brandon, Regina, Saskatoon, Edmonton, Calgary, Lethbridge, Vancouver, Victoria.

## ARMY AMBULANCES FOR CIVILIAN USE

The ambulances of the British Red Cross are to be among the war-workers that will never be demobilized. The pick of that great park of ambulances, familiar to every soldier who has landed at or left Boulogne, will form the nucleus of a permanent service, in which all England will share.

A commissioner is now at work finding homes for 500 of these ambulances and is so mapping out the country that if possible no place shall be more than fifteen miles from an ambulance, which shall be at the service of any doctor

who has a serious case to move to hospital.

The rest of the ambulances being over-much war-worn, or not specially well suited, will be added to the enormous total of cars and motor-cycles now being sold or scrapped.

Appointed Technical Adviser—Duncan McCallum, former President of the B. C. Federation of Labor, has been appointed technical adviser to the Provincial Department of Labor. Mr. McCallum was for some years general secretary of the International Union of Machineists, and a prominent figure in the labor affairs of this Province.

Most men are cheerful givers when they have a chance to hand out advice.

## Paint Up and Clean Up

Spring is at hand—and the spirit of Spring calls for a thorough clean up. Remove the blemishes of Winter. Blot out the eyesores. Refresh and beautify your home by a general paint and clean up. To obtain the best results from your work always use

## BOECKH'S PAINT & HOUSEHOLD BRUSHES

Boeckh's are so well and favorably known that little need be said about their good quality.

We simply wish to remind you that it's time to clean up—and that Boeckh's are the brushes and brooms, which will do the job thoroughly.

The BOECKH COMPANY, Ltd.  
TORONTO, ONTARIO  
Established since 1856.

## PREMIER CLEMENCEAU

France's Grand Young Man.

By Ignatius Phayre in The London Graphic.

"When I was at school," Mr. Lloyd George told the new Parliament of Man at the Quai d'Orsay, "M. Clemenceau was one of the moving forces in French politics. Already his renown had spread far. . . . And he is, indeed, the 'Grand Young Man' of France, whom our own Prime Minister praised—for the terse eloquence and personal force 'which gets things done,' with rugged energy. President Wilson, too, with his usual instinct for the apt word, dwelt upon 'the power of direction, the force, not sentiment and ardor' of the septuagenarian statesman whom Marshal Foch found weeping a premature 'Nunc Dimittis' at his desk, when the armistice was signed.

All his life, Clemenceau has been a crusader, utterly reckless of the consequences. At seventy-seven he is still full of fight, but only the security of France, with the Rhine as her frontier in the new day, as Foch (his own nominee) has clearly stated. Fighting blood runs in the veins of this tempestuous little patriarch. When Woodrow Wilson was a child, Clemenceau was teaching French and practicing medicine in West Twelfth Street, New York City. And to-day, in the Quai d'Orsay, two statesmen discuss those far-off American days when the young French rebel was courting Mary Plummer, his future wife; she was one of his pupils in Miss Aiken's school for girls at Greenwich, Conn.

Clemenceau's father, also a doctor, was put in jail during the coup d'état that destroyed the second empire. As a lad of twenty, Georges himself was thrown 'behind the bars' for shouting 'Vive la République!' amid the joyous riot of an Imperial fête. Having served his first sentence, he went to America, and there, at the expense of enormous funds by writing politico-social letters for the Paris papers. He and his bride returned to France during the terrible year of Paris, when the Councillor Clemenceau fed the starving masses, and cared for the refugees.

As founder and editor of five newspapers, Clemenceau was in his element as the stormy petrel of French politics. La Justice, L'Homme Libre, L'Homme Enchaîné, L'Aurore—the mere titles of these reveal the man behind the clamant sheets. The last-named fought passionately for suffrage, and won at last. Then propaganda-plays, novels, essays and duels engaged this Gallia genius, whose slogan was ever 'Ecrasés l'infamie!' He overthrew Boulanger; he caused the fall of the Grevy and Ferry Cabinets; he wrecked the ambitions of De Freycinet three times, and drew upon himself the odium of the Holy See, through his fierce advocacy of Church and State separation.

But a new note was perceptible in the Clemenceau who surged once more into public life after the Panama affair had subsided. It was a note of a prophet; the 'conscience of France in print,' yet always the knight, a tilt with lance in couched, the tireless champion of Right. It was in Georges Clemenceau's paper that Zola published his famous 'J'accuse!' And so on to Bolshevism, to the probing of naval scandals and to the overthrow of the Caillaux and Briand Ministries. 'I wage war,' was the curt Clemenceau's motto, from his duelling days on to the enemy of Delcasse, and the German menace, which Clemenceau so long foresaw.

'I must not die,' Clemenceau would say, 'until this war is won, and France is for ever safe.' President Wilson was right when he spoke of Clemenceau's power to win the 'real affection' of his co-workers. But first of all, they must know the man's gusty moods. France has rarely seen such team-work as the Tiger has given her. His ideal of free government is Cromwell's own, 'Parliament and a Person.' And the present Person showed his quality a decade ago, when he lived in hermit life in a modest ground-floor flat in the Rue Franklin.

Here he rose as early as four on a summer's morning, and after a cold bath ate a truly enormous breakfast of eight or nine eggs and a big plate of cold meat. The Prime Minister drinks only mineral water, and has his own system of callisthenics for keeping physically fit. At nine he dashes into his bureau like a hurricane, oddly dressed in a britling, aggressive style. Cane, overcoat and hat are hurled anywhere, and the question 'Anything new?' shot off at his trusted chiefs de cabinet.

Then bells are set a-ringing, and a herculean day begins—letters, interviews, conferences, press-cuttings and reports. . . . Now back to lunch (a very light lunch), and then an hour with Homer and Sophocles in the garden, or by the fire, having first fed his pet stocks and peacocks with daisies of grain. Greek poetry and archaeology are the Tiger's absorbing hobbies. 'Often' (he once told me) 'I've checked myself, when on the point of honoring the Chamber, with Greece's hexameters!'

Then back to the Ministry again—where I sign, sign, like a signing-machine! Such in the stirring times of his Premiership has been M. Clemenceau's daily round. M. Clemenceau is not a patient man; and as a rule the idealist irritates him. 'I do not believe,' he said bluntly not long ago, 'that a Society of Nations will result from the Great War. . . . What guarantees do you offer Germany's signature? Go and ask the Belgians what they think of that!' But the Chairman of the Peace Congress has been converted since he spoke those testy words. 'If a League of Nations is to be practicable,' he reminded the delegates in his explosive style, 'we must all remain united.' Then came characteristic hints of swift decisive action as to the agenda in hand.

No leader of modern France has swayed the masses as this man has. On his entering a Lille church during Mass, the congregation rose and cheered him frantically—the robed Archbishop himself joining in from the high altar steps. Always a poor man, sardonic and gay, M. Clemenceau is now transfigured. 'Ah, mon ami,' he cooed to a friend, 'le vieux Tigre is famed in all but done; Homer and the garden, his birds and a very few friends will soon claim the evening of his strenuous day.

Meanwhile, the man dominates the greatest international Congress which the world has ever watched. Mr. Lloyd George spoke of the legend spread abroad about 'the eternal youth' of its President. 'In all the conferences

at which we have been present, the most alert, the most vigorous—in a word, the youngest man—was always M. Clemenceau.'

And his knowledge of English is surely the finishing touch of his fitness for a position which the Envoys of America, Great Britain and Italy expressed by no means formally. For, as Mr. Lloyd George declared: 'It is homage to a man that we wish to pay before all.'

## LETTERS

Letters addressed to the Editor and intended for publication must be short, and legibly written. The longer an article, the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. ### MRS. PERRY'S REMARKS.

To the Editor.—I noticed Mr. G. D. Christie's criticism of Mrs. Perry's remarks before the Women's Canadian Club, when speaking to the retail section of the Board of Trade on the cost of living in Victoria.

When Mrs. Perry spoke on the high cost of living to the Women's Independent Political Association she distinctly stated that the prices of most foodstuffs were higher in Victoria than in Winnipeg, Calgary, Vancouver, New Westminster and Seattle, in which statement I believe she was absolutely correct.

If Mr. Christie feels content with the prices charged the public for bread, butter, meat, coal, light, clothing and shoes, he occupies a position of splendid isolation.

I remember being told that 'figures cannot lie.' One has only to glance at the March number of The Labor Gazette, printed by the Labor Department of the Dominion Government, and look up the prices of foodstuffs for Victoria, B. C. as tabulated there to prove the inaccuracy of that view. I should like to recommend the Labor Department at Ottawa to procure the services of a bona fide housekeeper as their correspondent in the future.

I see that Dr. Tomin is advocating the export of Canadian produce into European markets—Germany included, I suppose—which will naturally result in a shortage at home and the people of Canada having to pay the starvation prices prevailing in Europe.

The export of all necessities should be emphatically prohibited until the home market is supplied at reasonable prices.

The people of Canada have loyally stood behind the Government for the last four long years; now let the Government stand behind the people.

GRACE JOHNSTON.

### BOYCOTT AGAINST BUTTER.

To the Editor.—My attention has been called to an article appearing in The Times under date of 16th inst., in which it is alleged that the Canadian public are very much aggrieved over the recent increase in the price of butter and cream, and I take this opportunity to assure the public that no hold-up is intended or contemplated.

In taking you into my confidence on the subject I would like to make it clear that the increase in the price of sweet cream is justifiable on the ground that up to the present the commodity has been sold under its value in comparison with sweet milk, and the increase, therefore, simply places the two on an approximate level.

The suggestion that present prices are exorbitant is easily refuted when it is taken into consideration that in pre-war days the cost of hay and practically all dairy feed was less than half their present figure, yet while these have gone up over 100 per cent, the price of milk has only advanced fifty per cent, which, when increased cost of production is taken into account, due to higher wages and many other causes familiar to the people places milk, butter, etc., among the cheapest articles of food on the market to-day.

For the benefit of those who, perhaps, are not conversant with outside conditions, I hereby submit a press clipping giving a comparative list of prices on the principal commodity under discussion as charged in different parts of Canada, and the United States, and I think if these are considered in the light of fair-mindedness by those who are concerned, they can arrive at only one conclusion, namely, that they have reason to congratulate themselves that they are living in Victoria, which in most respects, and at least insofar as dairy products are concerned, is one of the cheapest centres to reside in on this Coast to-day.

R. WATERHOUSE,  
Secretary Vancouver Island Milk Producers' Association,  
2975 Millgrove Street, Victoria, B. C.  
(From Family Herald, Montreal.)  
April 17, 1919.

### Milk Prices Compared.

A comparative table of prices of milk in Canadian and American cities shows that this most important article of food retails in Canada at, roughly, 25 per cent less than in the U. S. The prices given below have been reduced to the equivalent per imperial quart, so as to make comparison easier. They are retail prices to consumer. The lowest American quotation at 15c at Rockford, Ill., and the highest 26 3/4c (in El Paso, Texas); the lowest Canadian quotation is 12c, at several points, and the highest 17-18c (at Moose Jaw, Sask.). The Canadian average content of butter-fat in the milk is also higher in the returns, which were secured by the Canada Food Board in as many representative centres in each country as possible.

There is not much value in a comparison between United States and Canadian prices in any commodities as conditions and wages vary so greatly. At least to be of value prevailing conditions should be clearly known. There must be good reasons for milk being 26 3/4c per quart in El Paso and 25c at Nashville and Atlanta, while it is only 15c at Rockford, Ill., and 16 3/4c at South Bend, Ind., Denver, Col., and Milwaukee, Wisconsin. The extremes are much less in Canada. Twelve cents is the price in London, St. John, N. B., St. Stephen, N. B., and in towns in the Annapolis valley. Moose Jaw citizens pay 17c and 18c. Seventeen is the prevailing price also at Sydney, N. S.

### Killed by Blood Poisoning

Used an old razor for paring his corns. Pooled, because a 5c bottle of Putnam's Corn Extractor will cure all the corns in a family for a year. Safe, because purely vegetable. Use only Putnam's Extractor, 25c. at all dealers.

A man's ability should be rated by what he finishes and not by what he attempts.

**The Only One With Organ Pipes**

A credit to Canadian ingenuity and Canadian skill. The only musical instrument of its kind in the world equipped with tone control resonating pipes which include every note in the scale. That Phonola is the

**Phonola**

Declared by experts to be the most wonderful improvement in Talking Machines since the beginning of the industry.

Records played on this "Organola" Model are given a really wonderful reproduction. Play a "sextette" record on the "Organola" Model, and you will have a real idea of the value of the tone control pipes. There is none of that confused blurring as when played on ordinary makes of phonograph, the tone control pipes of the "Organola" Model separating the different voices and notes, giving a pure, clear, lifelike rendition.

We take pleasure in announcing to the public that in the future the Phonola will be equipped with a new Universal Seamless Tapered tone arm which does away with all attachments. The entire arm is beautifully designed and finished, and is a marked contrast to the cheap dye cast arms seen on other makes of Phonographs.

It is the only Universal tone arm that is scientifically designed and the only one that will play all makes of records perfectly.

The Phonola will also be equipped with a new Aluminum Reproducer fitted with a special insulated rubber connection which eliminates metallic sounds from being transmitted to the Amplifier.

Equipped with these two new devices, the Phonola takes another step in advance of all competitors as furnishing the truest, clearest and sweetest tone it is possible to reproduce.

"Phonolas" from \$25 to \$340.

Distributors for British Columbia—J. A. Teopooten, Limited, Vancouver

This being intended as a “log” of proceedings in the Legislative Assembly some regard must be had to the chronological order in which events developed. The difficulty lies in that the Legislative session began several weeks before the House met. That is to say, the leader of His Majesty's loyal Opposition in the House began to get ready for it some time before-hand. To Mr. Bowser—a man of considerable leisure—the meeting of the House and near statements is the annual event. He looks forward to it for six months and then looks back at it for a like period. His anticipations this year were very much more brilliant than his subsequent reflections could possibly be.

Mr. Bowser sometimes takes his friends into his confidence about what is going to happen “when the House meets.” He did this on two special occasions this year. One of these occasions was when he got himself interviewed and announced that one of his first actions when the session opened would be to move for a select committee to inquire what had become of certain promiscuous properties belonging to the Pacific Great Eastern Railway Company. He had made a preliminary investigation and had discovered that about a million dollars' worth of property belonging to the Government had mysteriously disappeared. The other occasion was a special dinner tendered by Mr. Bowser to a select few of the heads of commercial firms in Vancouver—about thirty-five in all—at which Mr. Bowser announced that the Government could not possibly last through the session.

Singularly enough, neither one of

these predictions was realized. The sequel will show the reason why.

The “dinner” above referred to, inaugurated and spread by Mr. Bowser for the express purpose of taking his “friends” into his confidence and warn them to get ready for an election was a “confidential” affair. It is a pity that on occasion the secrets of such conclaves leak out.

In this case Mr. Bowser assured his guests that he had “inside information” that the Government would go to pieces through jealousies among the ministers, disaffection in the ranks of the Liberal party and a series of “revelations” which he felt in duty and honor bound to make, which revelations would drive the members of the Government into oblivion. The Leader of the Opposition wanted his friends to organize forthwith, “come through with money—a lot of money” and get ready to re-elect the good old party, so recently discredited, to office.

Some Vancouver people wondered where Mr. Bowser obtained his “inside information.” Others thought he had been lastly attributed the “leak” to a member of the House—not by any means the present Attorney-General. Anyway, and whosoever it may have been, Mr. Bowser eagerly swallowed the bait and acted forthwith on his infallible “tip.” The conclusion he must have arrived at by this time is that someone took advantage of his greediness to believe every idle gossip and of his inordinate ambition to be returned to power and succeeded admirably in “stringing” him. Mr. Bowser therefore, is “out” the price of thirty-five covers at Hotel Vancouver and an extra one for himself.

One member of the Opposition exhibited disappointment so great as to impel him to ask the Premier in the days near the end of the session

whether there is to be a general election before the House meets again. The Premier replied that, apart from what His Honor the Lieutenant-Governor might have to say about it he personally did not expect there would be. The curious thing about the announcement was that even Mr. Bowser appeared to be satisfied with it. However much a general election might suit Mr. Bowser the stewards of the old party he used to think he led do not share his optimism. And some of them told him so at the select dinner.

The study of Mr. Bowser's face in the House is interesting always. Never quite so inscrutable as he might wish it, there are times when it becomes positively eloquent. He feels a “home thrust” and his face betrays him. He cannot “camouflage” with a “hazy” “have-hav” as can the Hon. Billy Sloan, for instance.

But there were several marked occasions early in the session when Mr. Bowser's face told the story of disappointment, shock, grief, and lastly, a most of despair. They occurred during the debate on the Address in reply to the Speech from the Throne. They happened when the members of the Soldier Party were delivering their maiden efforts.

Col. McIntosh, though elected as a Liberal, severed himself from the Government and announced the fact very soon after his return from the hospital front in France. His constituents were not consulted. He just did it. His constituency says he will not do so again. So a certain amount of opposition from Col. McIntosh was expected. Mr. Bowser read some papers while Col. McIntosh arraigned the Government. It should be noted that in a crisis Col. McIntosh could be depended on to vote against the Government, and that was the limit of Mr. Bowser's interest in the matter.

It was not quite the same with Major Burde and Mr. Glolma. The last named—junior member for Victoria City—was entirely non-committal. The fact is, when Glolma made his speech he had not found his voice. His effort did not disclose his intention, but it avowed no open nor irreconcilable hostility to the Government. There seems no doubt that Glolma acted wisely and he received much more responsive and sympathetic hearing when he did criticize the Government than he would if he had brandished a tomahawk at the drop of the hat. Anyway he did not inspire additional hope in Mr. Bowser's heart.

Major Burde made himself clear at the outset. He was not in opposition, but was in the House to help the Government. This did not lead him up to abandon criticism, but he emphasized the appreciation of the members of the Soldier Party insofar as the Government had invited their confidence and assistance in the solution of the grave problems in which they were interested. He would meet the Government “fair” and give the House his best. At the same time he

made it clear that, so far as he was concerned, there could be no pooling of the interests of the Soldier Party with those of the old Opposition, nor was there likely to be much collaboration with them regarding matters to come before the House.

This was where Mr. Bowser's face told the tale. He slumped in his chair, his eyes wilted, his cheeks sank, and he “gave it up.” With every possible “deflection” ticked off, counted up and calculated, he could run with a “want of confidence” vote without Glolma and Burde. He was not sure of Glolma, and certainly could not count on Burde.

There were, now, five parties in the House, separate and distinct, but from exigencies of political circumstances rather than from well defined policy on the part of some of them. There is the Liberal or Government Party, the Conservative Party, the Soldier Party, a Woman's Party of one member and Mr. Hawthorthwaite's Party, at present a nondescript party consisting of himself. Nondescript is the proper word, for, while last year Mr. Hawthorthwaite did not hesitate to say openly that the Bolsheviks might yet prove themselves to be the truest friends of Russia, he recently has been changing his views. And his pronounced change of views has put him out of touch and in bad standing with the one party in British Columbia upon which he formerly relied for his following. There was some irony in a remark addressed to the member for Newcastle by the Premier when he told Mr. Hawthorthwaite that there was a time when he (Hawthorthwaite) controlled the House by his vote, but that is a long time ago. Either Mr. Hawthorthwaite, has lost himself, or has lost his party or he has not found his way back to solid ground. Since the election at all, but in a crisis he has been in the “capitalist” class, abandoned Socialism and “shook” the Labor Party. At any rate he does not fulminate quite so violently in the House as he did ten years ago. Whether it is that the House is not altogether sure whom he represents or because he cannot afford to frame an alliance with Mr. Bowser, or whether he cannot quite bring himself to consider the Government, the fact remains that he has lost weight.

The existence of so many parties in the House complicates matters for any one who tries to follow the game. It simplifies matters for the Government. Even if “party” members are not out to get everything for their own party, even if they are not jealous of each other's influence in the Legislature, the interests which create a party and rally a following are so diversified that the difficulty of finding common ground is much greater than exists in Government circles. The Government, therefore, is in a position to take advantage of the divergences of views and principle among Government followers.

But, if all the members of all the parties other than the Government party were combined, united, conspired or anything else to defeat the Government, there never was a moment during the entire session when such an attempt could have succeeded. The Government and its wholehearted evidence of independent thought were seen in some of the votes. Stalwart supporters of the Government voted against Government measures—stalwart Conservatives, for instance, voted with the Government on occasion, and the whole Soldier Party, the several kinds of “Independents” in the House voted solidly with the Government on several questions upon which a division was called for.

Thus, the multiply “g” of “parties” has evanished in a greater degree of independence than would have been displayed under the two-party system.

## PIONEER SCHOOL WAS DEFRAUD OF LAND

How the Craigflower School Comes to Be Limited to Small-Acreage Reserve

Circumstances surrounding the tenure of the land around Craigflower School have recently been probed. This course is a sequel to the legislative action at the recent session of the Legislature. Being the pioneer school building on the island its history is of more than ordinary importance.

It is not generally known that the preference given to the Colonial School under Robert Barr was in direct conflict with the wishes of the heads of the Hudson's Bay Company, the controlling company, through agents, of the Puget Sound Agricultural Company. However, such was the case, as correspondence with Governor A. Colville proves conclusively. Histories quote Mr. Colville's letter of 1854 as showing the intentions of the company to be similar to those existing at Fort Garry for Rupertland. However, a more careful investigation of the correspondence shows that Mr. Colville regarded his pledge to the settlers at Maple Point, as Craigflower was then known, more binding than any provision which might be made at the Fort. When the Legislative Council, in March, 1858, took into consideration the subject of public instruction, it was decided that two schools should be opened without delay. However, the schoolhouse at Letoria was built first, and an appropriation voted to the schoolmaster. When Governor Colville heard of it, he wrote expressing his regret both to Governor Douglas and to Kenneth McKenzie, the Puget Sound Company's farm superintendent on the island. To Mr. McKenzie, to Mr. Skinner and other pioneers with families on the peninsula the Hudson's Bay Company's government was his opinion that the undertaking had not been kept, and that Craigflower should have its school. Eventually, two years after the Legislative Council had considered the school question, the school was started, but even then the undertaking contained in the letters was not kept. Instead of four acres for the reserve, twenty acres was promised, but never transferred. Colville died suddenly shortly afterwards, and his successors did not respect the arrangement, which is now the subject of discussion. The whole correspondence which has been laid before The Times shows fully that the schoolmaster was to have a house and ample land to have been set aside for all time.

The facts appear to be in keeping with many other early events of Vancouver Island's history—of good intentions among the company's heads elsewhere being diverted in execution on the ground six thousand miles away. Evidently as early as 1851, when the school was six years old, only four acres was allowed. The reports on the three schools of the colony at Victoria, Craigflower and Nanaimo, in

# How to Recognize and Avoid Kidney or Bladder Troubles

Medical Research has Proven that Diseases Arising from Congested Kidneys Can be Cured if Detected in Time

The Symptoms of These Afflictions Should be Understood and Recognized

Kidney and Bladder complaints are among the most common afflictions that the human body is heir to. Thousands of people suffer for years with pains in the back, swollen joints or difficult urination, and never once try to rid themselves of their agonies—because they don't understand the cause, nor seat of their trouble.

Perhaps the best-known diseases resulting from kidney derangements are Rheumatism, Sciatica, Lumbago, Inflammation of the Bladder, Stone and Gravel. These diseases are all the result of deranged kidney action, and can be cured only if the kidneys are restored to perform their proper function of cleansing the blood—before the trouble becomes chronic.

## THE KIDNEYS AND THEIR FUNCTION.

The Kidneys are classified among the most vital organs of the body; and the importance of taking the greatest care of them—cannot be accentuated too strongly.

If the health of the body is to be maintained, every effort must be made to keep these delicate organs in such perfect condition that they will perform their proper function with regularity and ease.

The duty of the Kidneys is to filter the blood and keep it freed from the poisonous waste that is being constantly thrown off by the body and collected up by the blood stream. The Kidneys—two in number—are situated just over the hips in the small of the back. Each Kidney is composed of a mass of fine spongy tissues that are fed by a multitude of minute blood vessels.

These blood vessels are so small that they separate the blood into thin thread-like streams, and make it easy

for it to filter through the tissues. This filtering process removes the impurities and waste matter.

You can readily understand, then, that when for any reason at all, the Kidneys become congested and due to this congestion fail to filter the uric acid and other impurities from the blood, trouble starts. All the poisons that otherwise would have been expelled from the body now remain in the blood stream and circulate through the system again. In a short time these impurities lodge in joints and muscles, setting up infection and fostering disease. Poisoning of the blood stream is the direct cause of most suffering to-day. We have studied the cause of these afflictions, let us go further and learn how to detect them before they get a fatal grip on the system.

## THE SYMPTOMS.

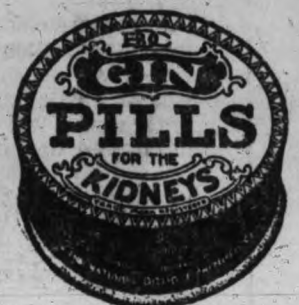

The first evidences of poison in the blood are headaches, followed by dizziness, and a general feeling of lassitude. The affected person feels drowsy, dopy and listless. This state is followed by the chief danger signal—that pain in the back—when it comes—be warned, for your health is in danger. If this pain in the back is allowed to continue, Painful Urination and Brick Dust Deposits will likely follow. With some people the joints and ankles begin to swell, and evidences of Rheumatism are noticeable.

Kidney troubles soon tell upon the appearance—a gradual wasting away is noticed, the skin becomes sallow and drawn, dark circles begin to appear under the eyes, while deep wrinkles mar the features, and the whole aspect of the person is one of depression and lifelessness.

The symptoms stated above are the

ones most generally noticed; there are others. Nature gives plenty of warning that she is in trouble. It is for you to heed her signals of distress and assist her in remedying the defect. If you can't—your suffer—for kidney derangements soon change to chronic complaints, and chronic complaints bring suffering untold.

## THE REMEDY.

On reading the foregoing you will readily understand that in order to relieve any kidney disease the cause must first be removed—that is exactly what Gin Pills are made for—and do. Gin Pills act directly upon the kidneys to relieve the congestion and restore them to their previous state of health. Once the kidneys are performing their function properly, the blood is purified and the infection removed by Nature itself—that is, providing you deal with the cause as soon as the symptoms appear. Don't wait and trust that time or good luck will restore your kidneys to their former healthy condition. A few Gin Pills as prevention are worth many dollars of cure.

There is the point. Don't hesitate and put off till to-morrow. Once your kidneys are out of order, you must get them into proper shape again—or fatal results will surely follow. Stick to the tried and proven remedy, Gin Pills. They have relieved thousands of others. They will do the same for you.

You can buy them anywhere for 50c a box, or if you prefer, write to us and we will send you a sample box of Gin Pills free. A trial will soon convince you that Gin Pills remedy Kidney and Bladder troubles.

# THE BIG HEALTH DRIVE HAS BEEN STARTED

TO BUILD UP THE BLOOD OF THE PEOPLE

Spring is the Time When People Worn and Weary After a Hard Winter Need a Tonic to Restore the Blood and Renew Energy and Ambition.

It is one of the most persistent traditions of the human race to take a tonic for the blood in the spring, and, like most of the accumulated wisdom of mankind, it has a sound scientific basis. Winter is always a trying season for people who have small reserve of physical strength. Not many of us get as much exercise and out-of-door air in winter as in summer. Much of our time is spent in rooms none too well ventilated, our diet lacks the fresh green foods of summer, and it is no wonder that the blood grows thin and sluggish with ill effects on the entire system.

Many people who need a tonic neglect it, because they are not sick enough to cause them any worse feeling than one of fatigue and discomfort. They do not realize that the decline in health is so gradual that they, themselves, do not realize how far from normal they are until the pale face, weak nerves, languidness and irritability attract the attention of friends. Even then a tonic is the right remedy, and there is absolutely no other tonic to compare with Dr. Williams' Pink Pills. This medicine builds up and enriches the blood and sends renewed health and strength to every part of the body. The appetite is improved, the digestion is toned up, there is new color in the cheeks and lips, vigorous health replaces weariness and lassitude and you find a new joy in living.

## INDIGESTION CURED

Mrs. Harry Odd, Nipissing, Ont., says: “For a long time I was a great sufferer from indigestion. I could not eat a meal without undergoing much suffering, and as time went on I naturally became much run down, and found the greatest difficulty in doing my housework. In fact, only those who have suffered from stomach trouble can realize how deplorable my condition was. I was treated by a doctor, but as he was not helping me, I began taking other medicines, and had used several kinds without benefit before I heard that Dr. Williams' Pink Pills were recommended for this trouble. The result was that I was constantly growing weaker and weaker, when my mother advised me to try Dr. Williams' Pink Pills. After using a few boxes I found they were helping me, and I continued taking them until I had used eight boxes, by which time the trouble had entirely disappeared and I was again enjoying the best of health.”

## A NERVOUS WRECK

Miss Faith Scott, Bradford, Ont., says: “It would be difficult to find a person more benefitted by Dr. Williams' Pink Pills than I have been. At the time I used them I was a nervous wreck, suffering from sleeplessness, dizziness and a severe form of headache. I was recommended to try your pills and did so with such good results that to-day I am enjoying the best of health and feel like a different girl. A dose of the pills occasionally keeps me in the best of health.”

## RHEUMATISM CURED

Mr. Fred Elsie, Dashwood, Ont., says: “When I began using Dr. Williams' Pink Pills I was little better than a wreck; for years I had suffered periodically from rheumatism and lumbago. I was constantly doctoring, and, while this gave me some relief, it did not cure me. As a matter of fact, before I began using Dr. Williams' Pink Pills I had spent more than a hundred dollars in other treatment and was still a sufferer. Then I was recommended to try Dr. Williams' Pink Pills, and the use of only six boxes made a cure, and I have not had a twinge of the trouble since. While taking the pills my weight and general health increased in a most gratifying manner, and you may be sure I will always be a warm friend of this medicine.”

## ST. VITUS DANCE CURED

Mrs. Wm. Hill, Stratford, Ont., says: “I suffered from a nervous breakdown after the birth of my first child, and the trouble developed into St. Vitus dance, which put me into such a condition that I was scarcely able to do my housework; my hands twitched and trembled so that I could scarcely hold anything, and I walked so unsteadily that I was afraid to go out. Before beginning the use of Dr. Williams' Pink Pills I tried several remedies, but they did not help me. It was the advice of a friend that I took the pills, and in a short time they made a complete cure, and I have ever since enjoyed the very best of health.”

## BAD BLOOD PURIFIED

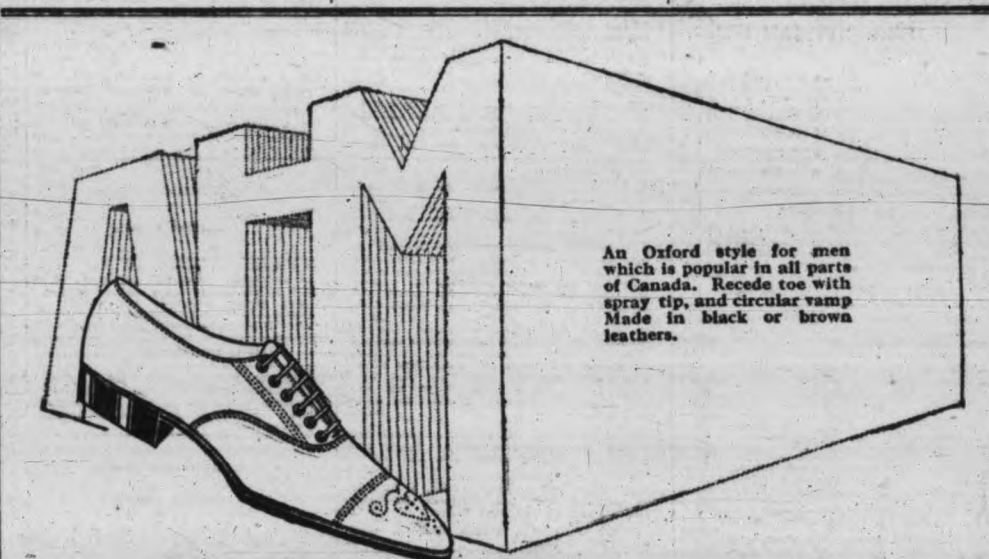

Miss Annie Durocher, Maldstone, Ont., says: “I am more grateful than I can say for what Dr. Williams' Pink Pills have done for me. My blood was in a very bad condition. I was weak, appetite poor, the least exertion would leave me breathless and my face was covered with pimples. I tried many medicines without getting any help, and then, through a friend, heard of Dr. Williams' Pink Pills and decided to give them a fair trial. The result is that this medicine purified and enriched my blood, cleared away all the pimples and left me enjoying the best of health. If I feel that I need a medicine again, you may be sure that it is Dr. Williams' Pink Pills I shall take.”

## DIZZINESS AND FATIGUE

Miss Beatrice M. Thomson, Guelph, Ont., says: “I have derived great benefit from the use of Dr. Williams' Pink Pills. For nearly a year I was troubled with anemia, and many of its attendant evils. My face had a pale, tired, worn-out appearance, and I suffered from dizziness and fatigue with the slightest exertion. I tried different medicines, but instead of helping me I was actually growing worse. I was advised to try Dr. Williams' Pink Pills, and by the time I had used three boxes felt much better. I continued the use of the pills until I had taken six boxes, when I found my health fully restored. I most warmly recommend these pills to anyone who may be in poor health.”

Do not be persuaded to take a substitute. See that the full trade mark name, “Dr. Williams' Pink Pills for Pale People,” is printed on the wrapper around the box. If you cannot get these Pills through your dealer they will be sent by mail at 50 cents a box, or six boxes for \$2.50, by The Dr. Williams' Medicine Co., Brockville, Ont.

# How to Judge Values

WHEN you select a type of shoe which pleases you, you will probably find that it is made in different grades and different leathers—selling at different prices. But if the shoe is stamped with a maker's name which you know, you may be sure of good value for your money no matter what grade you decide upon.

Go to a dealer in whom you have confidence, and look for the manufacturer's trade mark on the shoes you buy. The dealer's advice and judgment will be of great assistance to you, and he will see that the shoes you select are properly fitted, so that you will get full service value from them. The manufacturer's trade mark is your best assurance of high quality in material and workmanship, for the manufacturer's business reputation is behind it.

Our booklet “How to Buy Shoes” will be sent with our compliments to any address in Canada, upon request to our head office at Montreal.

**AMES HOLDEN MCCREADY LIMITED**

“Shoemakers to the Nation.”

## HARBOR DREDGING

---

Will Enlist Support of Others

at meeting of the Comrades of the Great War on Thursday evening. Comrade Fred Abrahams, vice-president of the organization, requested also that the secretary should ask the Dominion Government that the work of dredging the harbor be continued. The suggestion was endorsed by the meeting.

The secretary was also instructed to

write to the President of the Parliamentary Committee, composed of representatives of the service men's organizations requesting that the meetings of the committee be called at a different hour. Comrade Abraham pointed out that the meetings were called for 2.30 o'clock, and 5 o'clock and it was impossible for many of the members of the committee to be pre-

Cordial thanks were passed to Mrs. E. K. Ellis, the matron of the Club, for the way that she has filled the position and the hope was expressed that she would long be able to continue to hold the office. A vote of thanks was also accorded to Mrs. Shirley Simpson, President, and the members of the

## OBITUARY RECORD

took place this afternoon at 3.30 o'clock from the Sands Funeral Chapel. Deceased was fifty-three years of age and had been a resident of this city for the past thirty-five years. He is survived by, in addition to his widow, one son and one daughter, of this city, and one daughter in Vancouver. Interment was made at Ross Bay Cemetery.

The funeral of the late Ada Gertrud Hardy, who passed away at St. Joseph's Hospital on April 16, took place last Friday afternoon at 2 o'clock from the Sands Funeral Chapel. The casket was covered with a profusion of beautiful flowers, betokening the high esteem in which the young lady was held. Many friends were present at the

service, which was conducted by the Rev. J. G. Inkster. The hymns sung were "Rock of Ages" and "Nearer My God to Thee." The following acted as pallbearers: Edward Ensel, J. Mogge, A. F. Grant, J. Drummond, E. J. Reiff, Ellis. Interment took place at Rose Bay Cemetery.

The funeral of the late **Jemima Russell Houston**, who passed away at her home, 340 Bay Street, on April 15, took place last Thursday afternoon at 3 o'clock from the **Sands Funeral Chapel**. An unusually large attendance of relatives and friends were present, and the numerous beautiful flowers betokened the high esteem of respect in which Mrs. Houston was held. The Rev.

Maclean delivered a very impressive service, and the hymns sung were "Forever With the Lord" and "Near My God to Thee." The following gentlemen acted as pallbearers: Lambert, W. P. Worthington, J. Tyson, W. H. Armstrong, O. Richards and J. Bechtel. Interment was made in Ross Bay Cemetery.

The funeral of the late Mrs. Rachael Gomm, whose death occurred in Vancouver on April 13, took place Thursday afternoon at 2 o'clock from the Sands Funeral Chapel. Many beautiful flowers covered the casket, and many friends were present at the service which was conducted by the Rev. G. I. Andrews. The pallbearers were:

The death occurred this morning at the Jubilee Hospital of George William Carlow, aged seven years, two months, eldest son of Mr. and Mrs. Leonard E. Carlow. The funeral

The sad news has been received by S. J. Halls, of the death of his brother, Rowland, which occurred in a train collision recently in the south of England.

The late Mr. Halls had served as an officer in the Imperial army practice throughout the war, and had only just returned to England after being with the army of occupation in Germany for some months and was about to resume his profession of civil engineering when he met his untimely end. In addition to a wife and two young children living near Seaforth, Sussex, England, he

The death took place at St. Joseph's Hospital last night of Frank Lore, the four-and-a-half-month-old child of Mr. and Mrs. Lore of CORMORANT STREET.

The remains are at the B. C. Funeral Chapel.

The remains of Mrs. Elizabeth Mawhinney were laid to rest in Rose Bay Cemetery Thursday afternoon. The funeral service was held at the residence, 155 South Turner Street, 2.30, at which Rev. S. Cook officiated, assisted by Rev. J. G. Inkster.

Rev. C. M. Tate. There was a large attendance of friends. The hymn "How Firm a Foundation, Ye Sain-  
ing of the Lord," was sung. The following actor as bearers: John R. Mawhinney, Isaac Mawhinney, Wm. S. Mawhinney, Frank C. Mawhinney and I. E. Mawhinney, the first five being sons of Mrs. Wawhinney and the latter grandson.

### SHADOWS OF HISTORY.

"William the Conqueror," read the small boy from his history, "landed England in 1066 A.D."

"What does A. D. stand for?" inquired the teacher.

The small boy pondered.

"I don't exactly know," he said.

"Maybe it's after dark."—New York Times.

The Government of the Province of  
British Columbia.  
"BRITISH COLUMBIA PROHIBITION  
ACT."

Attention is hereby drawn to the fol-  
lowing Amendment to the B. C. Prohibi-  
tion Act passed on the 28th day of March,  
1919:

Section 19 of said chapter 49 is  
amended by adding at the end of sub-  
section (1) the words "but no warehouse  
shall be deemed to be a liquor warehouse  
within the meaning of this section if the  
person having liquor therein has failed to  
comply with the provisions of sub-section  
(2)" and by adding to said section the  
following sub-section:

"(3) Every person who now has or here-  
after brings to or has liquor in a liquor  
warehouse as in this section mentioned  
shall forthwith furnish the Commissioner  
with correct written information as to the  
location of such warehouse, the amount  
and description of the liquor therein con-  
tained, the place from which and the date  
when such liquor was brought, and its  
intended destination. He shall also forth-  
with from time to time furnish to the  
Commissioner correct written information  
as to all removals of liquor from such  
liquor warehouse, including the amount,  
description, date of removal, and destina-  
tion. The Commissioner, or his agent  
authorized in writing, shall, for the purpose  
of obtaining or confirming any such  
information, at any time have the right  
to enter into any and every part of any  
liquor warehouse and to make searches  
in every part thereof and of the premises  
connected therewith as he may think  
necessary for the purpose aforesaid."

J. SLATER,  
Prohibition Commissioner.

## ARMY DEFAULTERS TO LOSE VOTES

Dr. Cowan, M. P. for Regina,  
Foreshadows Legislation  
at Ottawa

Regina, April 19.—Dr. W. D. Cowan,  
M.P. for Regina, addressing the local  
branch of the Great War Veterans' As-  
sociation, said that legislation was  
forthcoming which would disfranchise  
defaulters for ten years.

London, April 19.—The Saturday Re-  
view is decidedly disagreeable on cer-  
tain matters of Canadian interest.

"Where," it asks, "is the report of the  
commission on the dope scandal? It is  
all nonsense to say that one of the  
members of the Commission has been  
ill. It looks as if the dopers were be-  
ing protected."

The writer proceeds: "In the mean-  
time the report not having been made,  
Colonel Grant Morden appears as vice-  
chairman of the Canadian Steamships  
Company, of which Sir Trevor Dawson  
is chairman. Presumably the Canadian  
Vickers will build ships which it  
will sell to the Canadian Steamships  
Company. The position of director of  
two companies, one of which sells to  
the other, is very doubtful. Some mem-  
bers of Parliament ought to ask the  
First Lord of the Admiralty whether it  
is true that in 1915 the Admiralty  
leased portions of the Vickers yards in  
Montreal for \$250,000 for one year.  
Vickers have asked \$500,000 and the  
annual rental value of the premises  
being \$30,000."

## LONDON TELEGRAPH ON IRISH QUESTION

London, April 19.—The Daily Tele-  
graph says regarding what it styles the  
unfortunate declaration in the press by  
Sir Horace Plunkett, that "nothing less  
than the status of a self-governing  
Dominion must be cut out for Ire-  
land," that there is no comparison be-  
tween the position of Ireland, with her  
close geographical propinquity to Brit-  
ain, and the position of the self-gov-  
erning Dominions. The latter, The  
Telegraph points out, are practically  
independent and united to the Empire  
by pure bonds of sentiment. The pos-  
session of independent military and  
naval forces is a most distinctive fea-  
ture in the status of the Dominions. To  
contemplate that in the case of Ireland  
would be to contemplate suicide. The  
adherents of Ireland have never faced  
this aspect of their scheme, but it is a  
real aspect, says the paper.

Le Soleil, Quebec, after discussing  
the question of rapprochement, is of  
the opinion that while Sir Robert Bor-  
den is at the head of the Ministry it  
would be impossible for any Quebec  
representative to take office.—Montreal  
Journal of Commerce.

## NEW CANADIAN ATLANTIC LINE

Canadian Trans-Atlantic Com-  
pany Will Operate Vessels  
to French Ports

Montreal, April 19.—Among the joint  
stock companies incorporated at Ot-  
tawa during the past week is the Cana-  
dian Trans-Atlantic Company, Ltd.,  
with a capital of \$1,000,000.

The company in question has been  
formed by interests close to the Cana-  
dian Steamship Lines and to the Com-  
pagnie Generale Trans-Atlantique  
Lines, and will operate six vessels be-  
tween Canadian and French ports, the  
vessels to be of approximately 6,000  
tons deadweight.

The new company will be a connect-  
ing link between the Canada steamship  
lines here and the Compagnie Generale  
Trans-Atlantique of France, and will  
have at its disposal every facility the  
two companies mentioned can supply.

Officials of the new company state  
plans are only partially completed, but  
it is possible the new service will be  
put into commission about June next  
or probably during the early weeks of  
next month.

This new shipping venture, says an  
official of the steamship lines, will lead  
to a tremendous development of trade  
between Canada and France, because  
Canada will be in a position to import  
directly many French products, and  
France will at the same time be able to  
obtain direct from Canada the large  
amount of this country's raw materials  
which she will so badly need for many  
years after the war.

## Had Hacking Cough Couldn't Sleep Nights

Hacking coughs are very wearing on  
the system. The constant coughing  
disturbs the rest and keeps the lungs  
and bronchial tubes in an irritated and  
inflamed condition.

Don't neglect the hacking cough. You  
can get rid of it with a few doses of  
Dr. Wood's Norway Pine Syrup; it is  
most prompt, pleasant and perfect  
cough remedy known.

Miss Catherine M. McLean, Craik,  
Sask., writes: "Last winter I caught  
a heavy cold and was laid up for some  
time. I had such a hacking cough I  
couldn't sleep at night. I didn't think  
I would get over it. One day a friend  
dropped in to see me and was sur-  
prised to see how bad my cough was.  
She advised me to try Dr. Wood's Nor-  
way Pine Syrup. The next day I sent  
for a bottle, and I soon got relief, and  
by the time I had taken two bottles,  
my cough was all gone, and now I am  
able to do my work again. I don't  
think there is anything to equal it."  
There are plenty of "pine" prepara-  
tions on the market trying to live on  
the reputation of "Dr. Wood's." The  
genuine is put up in a yellow wrapper,  
three-pine-needles trade mark, price  
25c. and 50c. a bottle. Put up only by  
The T. Milburn Co., Limited, Toronto,  
Ont.

## GENERAL SERRET HAS ARRIVED IN FRANCE

Capt. F. C. Stratford Delivered  
Foundation-Built Ship  
Safely at Nantes

The safe arrival at Nantes, France,  
of the 3,000-ton five-masted auxiliary  
schooner General Serret is reported in  
a cable message from Capt. F. C.  
Stratford, master of the vessel.

While crossing the Atlantic the Gen-  
eral Serret struck some floating wreck-  
age, which disabled one of her prop-  
ellers, and this mishap resulted in the  
vessel making a longer passage than  
was expected.

No further details of the voyage were  
contained in the cablegram reporting  
the arrival of the vessel on the French  
coast.

The General Serret is one of the fleet  
of twenty auxiliary schooners built by  
the Foundation Company at Portland  
and Tacoma, and was among the last  
of the vessels dispatched to sea. She  
made the passage from this coast by  
way of the Panama Canal, and touched  
at Guipuzcoa, Miss., to complete her  
homeward cargo.

Capt. Stratford, who went out in  
command of the vessel, is better known  
in Victoria as the former master of the  
salvage steamship Salvor, which last  
year was sold by the British Columbia  
Salvage Company, and is again plying  
the high seas in the merchant service.  
The officers and crew of the General  
Serret will be paid off at the port of  
destination, and it is expected that  
Capt. Stratford will soon return to Vic-  
toria.

## DEADLOCK EXISTS IN WAGE DISPUTE

Both Sides of Question Are  
Set Forth Regarding Whal-  
ing Engineers' Strike

What is tantamount to a deadlock  
appears to have developed between the  
marine engineers and the operators of  
the British Columbia whaling fleet.  
The demand of the engineers for a  
minimum monthly wage of \$196 for  
chief engineers and \$150 for second  
engineers has been refused by the Con-  
solidated Whaling Corporation, and  
the men claim to be equally deter-  
mined not to put to sea unless the ad-  
vance in wages is conceded. The Brit-  
ish Columbia engineers claim that they  
are entitled to similar wages to those  
paid to the engineers on the com-  
pany's boats operating out of United  
States ports, the schedule for these  
vessels being \$185 and \$160 for first  
and second engineers respectively.

**Company's Stand.**

The company takes the stand that  
the difference in the pay of the British  
Columbia and American engineers is  
neutralized by the fact that the former,  
who receive \$150 and \$120 per  
month board inclusive, for the seven  
months comprising the whaling season,  
are paid winter wages at the rate of  
\$5.50 and \$4.50 per day during the  
five months the boats are laid up at  
Victoria. Five years ago the chiefs  
earned \$92 and \$76 per month for first  
and second and in those days the men  
were not employed all winter. The  
company also maintains that if a  
comparison in wages is to be made  
with the American side, the same  
should apply to the engineers em-  
ployed on the Norwegian whaling  
vessels which is not manufactured in  
Canada there is a heavy duty.

This all adds to the increased cost of  
operation which does not have to be  
reckoned with in outfitting the boats  
plying out of United States ports.

It was intimated at the Consolidated  
Whaling Company's offices to-day that  
if the men's demands were acceded to,  
it would in all probability compel the  
company to abandon operations this  
year in view of the increased cost of  
operation and the low return for prod-  
ucts.

**Engineers' Side.**

In the matter of the winter pay the  
engineers claim that only a certain  
number of the men are employed  
throughout the winter months in keep-  
ing the vessels in good trim, which em-  
braces repairs to the machinery,  
which otherwise would have to be re-  
paired elsewhere, at they claim,  
greater cost to the company.

Some of the men contend that they  
have been only been employed during  
weeks during the winter months, the  
company reserving the right to lay  
them off at any time.

One of the company's vessels, the  
Green, has already been dispatched to  
the stations, the engineers having been  
previously signed on. The Orion is  
also scheduled to get away with a Ja-  
panese crew, the company contending  
that the Japanese are in sympathy with them  
and will refuse to take the whalers to  
sea.

## BLUE FUNNEL BOATS ARE AHEAD OF TIME

Protesilaus Due This Month  
and Tyndareus Expected to  
Arrive May 19

Entering the regular Trans-Pacific  
service of the Blue Funnel Line, the  
British steamship Protesilaus is due  
here at the end of the month, accord-  
ing to advices received by Dowdell &  
Co., Pacific Coast Agents.

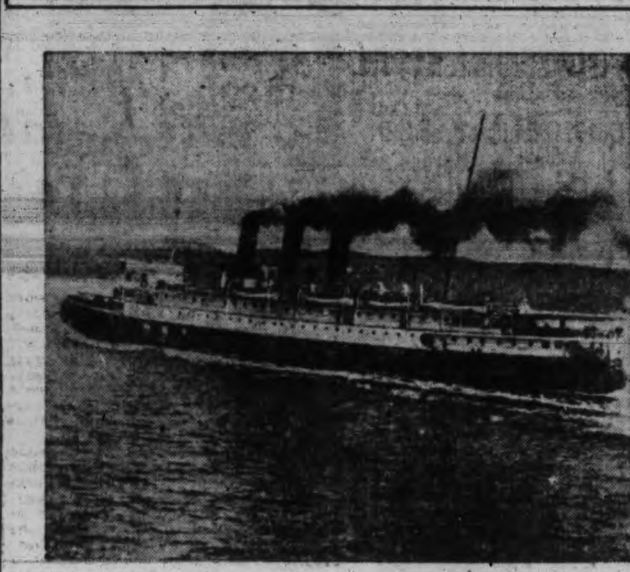

In command of Capt. J. W. Reed, the  
Protesilaus comes here with Oriental  
general cargo from Hongkong, Kobe  
and Yokohama.

Late advices reaching here were to  
the effect that the steamer Tyndareus,  
which was expected to arrive about  
May 19, which date is somewhat earlier than was ex-  
pected. This vessel made one voyage  
from Victoria to the Orient and pro-  
ceeded to Liverpool via the Suez Can-  
nel. From the United Kingdom the  
Tyndareus went to the Orient via New  
York and the Panama Canal and is  
now returning to this Coast.

## HERE FOR FUMIGATION

Announcement was made at the G. T. P. offices late this afternoon that the  
steamship Prince Rupert will leave the company wharf here at 10 o'clock to-  
morrow morning as usual for Seattle.

## PRINCE RUPERT NOW BEING FUMIGATED

G. T. P. Steamship Expected to  
Leave Here for Seattle as  
Usual To-morrow

Running light down the coast from  
Anxox the Grand Trunk Pacific steam-  
ship Prince Rupert, Capt. Donald Mc-  
Kenzie, arrived at William Head about  
noon to-day for fumigation. On ar-  
rival at Anxox on her last northbound  
voyage a case diagnosed as smallpox  
was discovered on the steamer and in-  
structions were at once wired north  
ordering the ship to the quarantine  
station for fumigation. There is a  
quarantine station at Prince Rupert  
but it is not in commission.

The Prince Rupert will be thorough-  
ly disinfected at William Head and the  
officers and crew will be put through  
the customary baths and their clothing  
and personal effects put through the re-  
lators.

It is expected that the Prince Rupert  
will be released in time to take up her  
scheduled sailing from Victoria to Se-  
attle at 10 o'clock to-morrow morning.  
In the event of unexpected delay, how-  
ever, the company has completed ar-  
rangements for the dispatch of the  
steamship Prince George, Capt. D. Don-  
ald, from this port to Vancouver and  
Prince Rupert on Sunday night. The  
Prince George has just completed her  
spring overhaul at Yarrow, and is now  
lying alongside the company's wharf in  
the inner harbor.

**Passenger Died**

Four cases of influenza were re-  
ported on the liner, one of which ter-  
minated fatally. The outbreak was  
discovered in the steerage quarters,  
one of the male Japanese passengers  
contracting the scourge during the  
passage from the Orient. This pas-  
senger succumbed at sea, but the body  
was preserved and will be brought to  
Victoria for burial. Three members  
of the liner's crew also contracted the  
disease, the condition of them, how-  
ever, not being considered serious.

All the passengers have been held  
for examination aboard the ship, which  
is now swinging at anchor in the bay  
at William Head. The Canada Maru  
reached William Head about 10.30  
o'clock yesterday morning after an  
average run across the Pacific.

**Wrecked Last Trip**

The voyage just completed is the  
first the Canada Maru has made from  
the Orient since her accident on July  
last, when she piled up at the entrance  
to the Straits of Juan de Fuca and  
was badly damaged. After the Cana-  
da Maru was salvaged repairs were  
effected by Yarrow, Ltd., at Esqui-  
malt, the contract costing approxi-  
mately \$500,000.

The repair contract was completed  
toward the latter part of January last  
and the Canada Maru then loaded a  
full cargo on Puget Sound and re-  
turned to the Far East. At Kobe she  
was surveyed and then loaded cargo  
at Far Eastern ports for Victoria, Se-  
attle and Tacoma.

## TIDE TABLE

| April | Time  | High | Time  | Low | Time  | High | Time | Low  |
|-------|-------|------|-------|-----|-------|------|------|------|
| 1     | 12.21 | 8.4  | 9.25  | 2.6 | 15.55 | 7.52 | 2.29 | 6.1  |

| 24    | 23.10 | 1.8  | 32.00 | 0.0 | 52.68 | 5.22 | 25.2 | 10.8 |
| 25    | 24.04 | 1.5  | 33.00 | 0.0 | 54.76 | 5.12 | 26.2 | 11.0 |
| 26    | 25.00 | 1.2  | 34.00 | 0.0 | 56.88 | 5.02 | 27.2 | 11.2 |
| 27    | 25.98 | 0.9  | 35.00 | 0.0 | 59.04 | 4.92 | 28.2 | 11.4 |
| 28    | 26.98 | 0.6  | 36.00 | 0.0 | 61.24 | 4.82 | 29.2 | 11.6 |
| 29    | 28.00 | 0.3  | 37.00 | 0.0 | 63.48 | 4.72 | 30.2 | 11.8 |
| 30    | 29.04 | 0.0  | 38.00 | 0.0 | 65.76 | 4.62 | 31.2 | 12.0 |

The time used is Pacific Standard, for  
the 12th meridian west. It is counted  
from 0 to 24 hours, from midnight to  
midnight. The figures for height serve to  
ascertain high water from Low Water.  
Where blanks occur in the tables, the  
tides rise or falls continuously during two  
successive tidal periods without sur-  
rounding the average level of lower  
low water.

**Equivalents**—To find the depth of water  
on the sill of the Dry Dock at any tide,  
add 12.6 feet to the height of High Water  
as above given.

Great interest has been aroused in  
Great Britain by the improvement in  
the incandescent electric lamp of the  
"gas-filled" type. It is claimed that  
for protection work this lamp will re-  
place the arc lamp in the near future.  
It is claimed by The Daily Mail, of  
London, England, that the engineering  
plans for the Channel Tunnel are so  
far advanced that work could be be-  
gun at once. It also maintains that  
the British and French Governments  
have come to an agreement on the  
question of its construction.  
The Fish and Game Law of Quebec  
Province has been amended curtailing  
the hunting season of several  
species of migratory birds. This has  
been done mainly to carry out the  
provisions of the treaty made between  
Canada and the United States recently  
regarding migratory birds.

## URGES HOSPITAL STANDARDIZATION

Rev. C. B. Moulinier and Dr. J. G. Bowman Address Medical Men

The necessity for the standardization of hospitals was emphasized by the Rev. C. B. Moulinier, President of the Catholic Hospital Association, and Dr. John G. Bowman, Director of the American College of Surgeons, and a former President of the Iowa University, who arrived in the city yesterday, and who addressed a gathering of medical men at the St. Joseph's Hospital last night. The Rev. Father Moulinier, S. J., in addition to his presidency of the Catholic Hospital Association, is Regent of the Marquette Medical School. He pointed out that it was necessary for athletic teams to have co-operation of

REV. C. B. MOULINIER

all their members to win, and that the same was true of the hospital. Every member of the hospital must be working for the betterment of the hospital in the treatment of its patients, he said. Father Moulinier denied that the establishment of a staff organization would be constantly working for improvement in all departments of the hospital, would mean the establishment of a closed staff system excluding all but a privileged few from using the hospital.

### Would Protect Public.

Dr. John G. Bowman, director of the American College of Surgeons, said that under the present system any doctor who did not have a bad reputation could take a patient into a hospital and operate. No record is kept of his diagnosis of the case, and he does not have to submit a report to any one.

Under hospital standardization, he said, every patient in a hospital would have to have a case record made, which is a complete record of the patient's family history, his physical condition, the surgeon's diagnosis of the case, and the action finally taken. This would be down in writing with the surgeon's name signed to it. Later in a conference of the doctors the case would be discussed.

Such a system, he said, would keep out the incompetent doctor. Lack of scientific ability, lack of proper moral and ethical character would be the only debaring factors. Dr. Bowman said he had no patience with the doctors and surgeons who did not have nerve enough to make a stand for what they knew was right, and then see it through.

Father Moulinier declared emphatically that where the public welfare and the health of the patient was concerned the doctor had no rights and no liberty of action.

### Patient Also Has Rights.

"We think and talk too much about the rights of the doctor," he exclaimed, "but too little about the patient. If the doctors and hospitals do not undertake the standardization of hospitals the public will. This is an era of growing public conscience, in which the people are demanding more and more of

**Bob Long**

TORONTO CANADA

the things to which they are entitled. "Not only have the doctors a responsibility in this work, but also the public. At present the rich and the very poor can get proper medical attention, but the intermediate class, the wage earner, cannot afford to pay for that care. It is a severe crisis in a wage earner's life when he gets seriously sick. The public must help in this work by liberal donations to hospitals, and the hospitals must keep these funds to pay the expenses of treating patients who cannot afford to pay for the treatment. And those patients must get the very best scientific medical attention the hospital possesses.

Father Moulinier and Dr. Bowman are making a tour of the west of the continent to promote the international hospital improvement movement. They will leave for Vancouver to-morrow, and will go from that city to Winnipeg. Both visitors are members of the National Committee on Standardization of Hospitals, whose whole aim is to bring about more scientific service in hospitals. The committee asks that all hospitals follow these fundamental principles:

1. Careful organization of the staff, with regular meetings in the fullest spirit of co-operation.  
2. Up-to-date laboratory service, with skilled technicians and pathologists is the basis of diagnosis.

3. Careful, systematic records for each patient.

This is a campaign preliminary to a rating of all hospitals which will come within a year or two, when the hospital standing will be given to the public as an A, B, C, D or F institution. The committee is considerate and patient, and does not wish to embarrass any institution, but will insist upon proper service. A campaign for public health is the spirit of the undertaking.

**Have Rosy Cheeks! Look Prettier! Feel Better!**

Simplest Thing in the World to Do at the Small Cost of a Quarter.

You seldom see a woman who is pale, dull-eyed, thin-cheeked, and utterly worn out, who doesn't suffer more or less from headache and constipation. Her poor looks are more largely due to neglect than anything else.

Most women can have sparkling eyes and rosy cheeks if they will but use regularly a blood cleaning and laxative medicine like Dr. Hamilton's Pills. Just follow these simple directions. To-night take two Dr. Hamilton's Pills and note how much fresher you feel to-morrow morning. Your face will be clearer, your appetite better, your spirits brighter. Next night take one or perhaps two pills again. Gradually reduce the dose as mentioned in the company's directions.

Day by day you will note a steady gain. You will feel happy, have those happy girlish looks you once were proud to think about. No other medicine can do so much for you as Dr. Hamilton's Pills of Mandrake and Butternut. Sold everywhere in 25c. boxes.

## TAGGERS SELECTED FOR SOLDIER FUND

Women's Canadian Club Will Hold Tag Day Next Tuesday

School boys who took part in the Battle of Ypres. The flag will be presented by the president, Mrs. McDiarmid, and the dedicatory prayer will be made by Col. Andrews.

## FOR RETURNED SOLDIERS

Lieut. Ramsay, Field Supervisor, Appeals to Farmers to Employ Them.

Many soldiers desiring to farm for themselves find it necessary to work on a farm for a few months to renew experience, to get new experience or to learn a district. They are to be dealt with by the farmer as farm help, and paid according to their experience and ability by the farmer. Can you take one or more? If so kindly drop a line to Lieut. R. L. Ramsay, Soldiers' Settlement Board, Birk's Building, Vancouver, B. C.

Give full particulars of the class of

man you want, married or single, experienced or otherwise, what you can pay, and state the class of farming you are following; also state the length of time you can hold position open. You will help the soldiers and the reconstruction problem if you do this.

Law Students Organize.—A meeting of Victoria Law Students was held on Wednesday afternoon in the jury room at the Court House for the purpose of reviving the Law Students' Society of Victoria. The objects of the Society are, briefly, to assist students in their learning of the law and its practice by means of debates, mock trials and lectures and to promote the fraternal

spirit among its members. C. H. O'Halloran, a past president, and Norman Whittaker, the late honorary secretary-treasurer, attended the organization meeting and very kindly gave those assembled short addresses on the practical working of the Society and the benefits to be derived from such an organization. The following officers were elected for the ensuing year: Honorary president, Harold B. Robertson; president, H. J. Davis; vice-president, Gordon Cameron; honorary secretary-treasurer, Miss Kathryn Bradshaw, with an executive committee consisting of the elected officers and Messrs. Reid and Brethour. Meetings will be held on the first and third Mondays in the month.
